BILLING CODE 6712-01-P

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-1205; FR ID 338161]

Information Collection Being Reviewed by the Federal Communications Commission Under Delegated Authority

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA), the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

DATES: Written comments should be submitted on or before June 1, 2026. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contacts below as soon as possible.

ADDRESSES: Direct all PRA comments to Cathy Williams, FCC, via email PRA@fcc.gov and to Cathy.Williams@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Cathy Williams at (202) 418-2918.

SUPPLEMENTARY INFORMATION: The FCC may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

As part of its continuing effort to reduce paperwork burdens, and as required by the PRA of 1995 (44 U.S.C. 3501-3520), the FCC invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

OMB Control No.: 3060-1205.

Title: Section 74.802, Low Power Auxiliary Stations Co-channel Coordination with TV Broadcast Stations.

Form No.: Not Applicable.

Type of Review: Extension of a currently approved collection.

Respondents: Individuals and households; business or other for-profit entities; not-for-profit institutions; Federal government; and state, local or tribal government.

Number of Respondents and Responses: 217 respondents and 217 responses.

Estimated Time per Response: 1.0 hour.

Frequency of Response: On occasion reporting requirement and third-party disclosure requirement.

Obligation to Respond: Required to obtain or retain benefits. The statutory authority for this collection of information is contained in 47 U.S.C. 151, 154, 301, 303, 307, 308, 309, 310, 316, 319, 325(b), 332, 336(f), 338, 339, 340, 399b, 403, 534, 535, 1404, 1452, and 1454.

Total Annual Burden: 217 hours.

Total Annual Cost: \$27,125.

Needs and Uses: On June 2, 2014, the Commission released a Report and Order, FCC 14-50, GN Docket No. 12-

268, "Expanding the Economic and Innovation Opportunities of Spectrum Through Incentive Auctions." This order adopted a revision to a Commission rule, 47 CFR 74.802(b), to permit low power auxiliary stations (LPAS), including wireless microphones, to operate in the bands allocated for TV broadcasting at revised distances from a co-channel television's contour, and provided LPAS operators to operate even closer to television stations proved that any such operations are coordinated with TV broadcast stations that could be affected by the LPAS operations.

The Commission seeks Office of Management and Budget (OMB) approval for an extension of the currently approved information collection for the coordination process adopted in the Commission's Report and Order, FCC 14-50 for such co-channel operations, in 47 CFR 74.802d(b)(2).

Federal Communications Commission.

Marlene Dortch,
Secretary.

BILLING CODE 6712-01-P

FEDERAL MARITIME COMMISSION

Notice of Agreements Filed

The Commission hereby gives notice of filing of the following agreements under the Shipping Act of 1984. Interested parties may submit comments, relevant information, or documents regarding the agreements to the Secretary by email at Secretary@fmc.gov, or by mail, Federal Maritime Commission, 800 North Capitol Street, Washington, DC 20573. Comments will be most helpful to the Commission if received within 12 days of the date this notice appears in the **Federal Register**, and the Commission requests that comments be submitted within 7 days on agreements that request expedited review. Copies of agreements are available through the Commission's website (www.fmc.gov) or by contacting the Office of General Counsel at (202) 523-5740 or GeneralCounsel@fmc.gov.

Agreement No.: 012358-002.

Agreement Name: MOL and ECL Space Charter Agreement.

Parties: Mitsui O.S.K. Lines Ltd., and Eastern Car Liner Ltd.

Filing Party: Rebecca Fenneman, Jeffrey/Fenneman Law and Strategy PLLC.

Synopsis: The amendment removes Nissan Motor Car Carrier Co., Ltd as a party and makes conforming amendments.

Proposed Effective Date: 3/25/2026.
Location: <https://www2.fmc.gov/FMC.Agreements.Web/Public/AgreementHistory/51>.

Agreement No.: 012379–002.
Agreement Name: MOL/LGL Space Charter Agreement.

Parties: Mitsui O.S.K. Lines Ltd., and Liberty Global Logistics LLC.

Filing Party: Rebecca Fenneman, Jeffrey/Fenneman Law and Strategy PLLC.

Synopsis: The amendment removes Nissan Motor Car Carrier Co., Ltd. as a party to the agreement, makes conforming revisions reflecting its removal, and updates the address of Liberty Global Logistics LLC.

Proposed Effective Date: 3/25/2026.
Location: <https://www2.fmc.gov/FMC.Agreements.Web/Public/AgreementHistory/74>.

Dated: March 27, 2026.

Jennifer Everling,

Assistant Secretary.

BILLING CODE 6730–02–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Agency for Healthcare Research and Quality

Agency Information Collection

Activities: Proposed Collection; Comment Request

AGENCY: Agency for Healthcare Research and Quality, HHS.

ACTION: Notice.

SUMMARY: This notice announces the intention of the Agency for Healthcare Research and Quality (AHRQ) to request that the Office of Management and Budget (OMB) approve the revision of the currently approved information collection project “Medical Expenditure Panel Survey—Household Component, OMB No. 0935–0118.” This information collection was previously published in the *Federal Register* on December 30, 2025, and allowed 60 days for public comment. The purpose of this notice is to allow an additional 30 days for public comment.

During the 60-day comment period, AHRQ received three comments. One commenter expressed support for the collection. Another supported inclusion of sleep-related questions and suggested additional items; AHRQ will consider these for future inclusion.

A third commenter supported MEPS but raised concerns about removal of questions on sexual orientation and gender identity, birth control

counseling, the ESAQ, and the DCS. AHRQ notes that sexual orientation and gender identity questions were removed pursuant to Executive Order 14168. AHRQ continues to propose removal of the birth control counseling question due to space constraints and other priorities. The ESAQ was a one-time, externally funded supplement and will be released as planned. AHRQ also continues to propose removal of the current DCS due to cost, outdated content, and data quality concerns, while considering future updates or alternative modules.

DATES: Comments on this notice must be received by April 30, 2026.

ADDRESSES: Written comments should be submitted to: Margie Shofer, Reports Clearance Officer, AHRQ, by email at REPORTSCLEARANCEOFFICER@ahrq.hhs.gov. Find this particular collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

Copies of the proposed collection plans, data collection instruments, and specific details on the estimated burden can be obtained from the AHRQ Reports Clearance Officer.

FOR FURTHER INFORMATION CONTACT:

Margie Shofer, AHRQ Reports Clearance Officer, 301–427–1696 or by email at REPORTSCLEARANCEOFFICER@ahrq.hhs.gov.

SUPPLEMENTARY INFORMATION:

Proposed Project: Medical Expenditure Panel Survey—Household Component

The Medical Expenditure Panel Survey (MEPS), which began in 1996, is a set of large-scale surveys of families and individuals, their medical providers (doctors, hospitals, pharmacies, etc.), and employers across the United States. MEPS collects data on the specific health services that Americans use, how frequently they use them, the cost of these services, and how they are paid for, as well as data on the cost, scope, and breadth of health insurance held by and available to U.S. workers. MEPS data have become the linchpin for economic health care use and expenditures models. These data are vital in estimating the impact of changes in financing, coverage, and reimbursement policy on the U.S. healthcare system. No other survey provides the foundation for estimating the impact of changes in national policy on various segments of the U.S. population. These data continue to be essential for evaluating healthcare reform policies and analyzing the effect of tax code changes on healthcare expenditures and tax revenue.

The MEPS–HC and MPC Have the Following Goals

(1) To produce nationally representative estimates of health care use, expenditures, sources of payment, and health insurance coverage for the U.S. civilian noninstitutionalized population.

(2) To produce nationally representative estimates of respondents’ health status, demographic and socioeconomic characteristics, employment, access to care, and satisfaction with health care.

Project Overview

Each year a new panel of sample households is selected. Recent annual MEPS–HC sample sizes average about 10,350 households. Data can be analyzed at either the person, family, or event level. The panel design of the survey, which includes 5 Rounds of interviews covering 2 full calendar years, provides data for examining person level changes in selected variables such as expenditures, health insurance coverage, and health status. Using a combination of computer assisted personal interviewing (CAPI), computer assisted video interviewing (CAVI), and self-administered paper and web questionnaires, information about each household member is collected, and the survey builds on this information from interview to interview. CAPI is a newer data collection technology and offers the best of both telephone and in-person interviewing, while offering opportunities for cost savings and more accurate reporting.

Proposed Revisions

This Information Collection Request (ICR) is for a revision to the previously approved information collection—0935–0118 Medical Expenditure Panel Survey—Household Component (MEPS–HC).

These changes will be fielded in the Fall of 2026 and include:

- MEPS–HC Core Interview—Minor changes to twenty-four questions include revising language to make the questions clearer for a better response rate.
- MEPS Preventive Care Self-Administered Questionnaire (PSAQ):
 - Removing four questions on counseling and treatment, one question about birth control, two questions about aspirin use, and two questions about gender.
 - Reverting to the question used in the 2022 PSAQ about respondent sex.
 - Replacing two exercise items with five new items for exercise and strength training.
