

antenna service (and removal of all dedicated GPS antennas) from April 1, 2026, as previously scheduled,<sup>16</sup> to April 30, 2026, and to inform the Commission and market participants of that change. The removal of the Exchange's dedicated GPS antenna service under Rule General 8, Section 1(d) was proposed in a previous rule filing that was submitted to the SEC,<sup>17</sup> and the Exchange is not proposing in this filing any changes to that filing other than to modify the designated date for the termination of the dedicated GPS antenna service and associated fee and the removal of all dedicated GPS antennas. The Exchange is extending that termination date to April 30, 2026, in light of delays associated with the completion of the new shared GPS antenna offering, and in order to provide customers who have opted for the shared GPS antenna service with sufficient time to test that service before termination of their dedicated GPS antenna service takes effect on April 30, 2026, as proposed. As discussed above, continuation of that service until the proposed extended termination date of April 30, 2026, is voluntary, and customers are free to terminate their dedicated GPS antenna service at any time before the proposed extension date.

*Written comments are invited on:* (a) whether this proposed collection of information is necessary for the proper performance of the functions of the SEC, including whether the information will have practical utility; (b) the accuracy of the SEC's estimate of the burden imposed by the proposed collection of information, including the validity of the methodology and the assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated, electronic collection techniques or other forms of information technology.
