

Instructions and Guidance for
Completing Physical Inventory.

2. *OMB approval number:* 3150–0139.

3. *Type of submission:* Extension.

4. *The form number, if applicable:*

NRC Form 327.

5. *How often the collection is required or requested:* Certain licensees

possessing strategic SNM are required to report inventories on NRC Form 327 every 6 months. Licensees possessing SNM of moderate strategic significance must report every 9 months, except one licensee (enrichment facility) reports its dynamic inventories every 3 months and its static inventory every 9 months. Licensees possessing SNM of low strategic significance must report annually, except one licensee (enrichment facility) that must report its dynamic inventories every 2 months and its static inventory annually.

6. *Who will be required or asked to respond:* Fuel facility licensees possessing SNM, *i.e.*, enriched uranium, plutonium, or U–233.

7. *The estimated number of annual responses:* 77.

8. *The estimated number of annual respondents:* 7.

9. *The estimated number of hours needed annually to comply with the information collection requirement or request:* 308.

10. *Abstract:* NRC Form 327 is submitted by certain fuel cycle facility licensees to account for SNM. The data is used by the NRC to assess licensee material control and accounting programs and to confirm the absence of (or detect the occurrence of) SNM theft or diversion. NUREG/BR–0096 provides guidance and instructions for completing the form in accordance with the requirements appropriate for a particular licensee.

B. Submitting Comments

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to <https://www.reginfo.gov/public/do/PRAMain>. Find this particular information collection by selecting “Currently under Review—Open for Public Comments” or by using the search function.

The NRC cautions you not to include identifying or contact information in comment submissions that you do not want to be publicly disclosed in your comment submission. All comment submissions are posted at <https://www.regulations.gov> and entered into ADAMS. Comment submissions are not routinely edited to remove identifying or contact information.

If you are requesting or aggregating comments from other persons for submission to the OMB, then you should inform those persons not to include identifying or contact information that they do not want to be publicly disclosed in their comment submission. Your request should state that comment submissions are not routinely edited to remove such information before making the comment submissions available to the public or entering the comment into ADAMS.

II. Background

Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the NRC recently submitted a request for renewal of an existing collection of information to OMB for review entitled, NRC Form 237, “Request for Access Authorization.” The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The NRC published a **Federal Register** notice with a 60-day comment period on this information collection on December 11, 2025, 90 FR 57493.

1. *The title of the information collection:* NRC Form 237, Request for Access Authorization.

2. *OMB approval number:* 3150–0050.

3. *Type of submission:* Extension.

4. *The form number, if applicable:* NRC Form 237.

5. *How often the collection is required or requested:* Required with every submission for access authorization, access to special nuclear material, or access to classified information.

6. *Who will be required or asked to respond:* NRC contractors, subcontractors, licensee employees, employees of other government agencies, and other individuals who are not NRC employees who require NRC access authorization.

7. *The estimated number of annual responses:* 922.

8. *The estimated number of annual respondents:* 77.

9. *The estimated number of hours needed annually to comply with the information collection requirement or request:* 184.

10. *Abstract:* A completed NRC Form 237 is required to obtain or renew access to special nuclear material (title 10 of the *Code of Federal Regulations* (10 CFR), paragraphs 11.15(a)(2) and (c)(1) for classified information; (10 CFR 25.17(c) and 25.21(c)(1) and (2) for licensee personnel.) It is also used to request NRC access authorizations for personnel of NRC contractors, subcontractors, or other individuals who are not applicants for employment with NRC.
