

to meet administration's priorities. The list of critical areas identified in the checklist includes:

- Functionality and Workarounds;
- External Alternate Access Options and Usability Issues Addressed;
- Policies and Procedures;
- Technical Preparation for System Implementation;
- Call Center/Customer Service Operations;
- Business Process;
- Help Desk;
- Management Oversight;
- Vendor Support/Communications;
- Communication Processes and Procedures; and
- Labor Market Information Federal Reporting Functions.

This information includes the UI IT Modernization project title (e.g., SWA project or Consortium name) and the associated report on Pre-Implementation Planning Checklist results. For each sub-element identified in the ETA 9177 report, the SWA is to provide:

- An overall status report;
- A brief report explaining the status of the project as it relates to the particular sub-element;
- Attached explanations of any workarounds concerning the processes in the sub-element;
- Attached explanations if implementation of the new system concerning specific processes for the sub-element will be delayed or deferred;
- Attached explanations for added clarity and/or to support a narrative;
- Mitigation proposals for addressing any problems;
- New project timelines if applicable; and/or
- Any discussion of identified technical assistance needs for the successful completion of the project.

ETA requires the use of this checklist report to help SWAs ensure the availability of mission critical functions as the SWA prepares for the launch of a new system and following the launch of a new system. In addition, the collection will enable ETA to identify and provide appropriate technical assistance on issues in the checklist and ensure SWAs have plans for addressing critical issues prior to launching a new UI IT system. DOL continues to engage with SWAs on possible improvements to the UI IT Modernization Pre-Implementation Planning Checklist. This proposed revision does not reflect that work. Should any changes be proposed as part of that effort, an additional **Federal Register** Notice will be published. Section 303(a)(6) of the Social Security Act, codified at 42 U.S.C. 503(a)(6), authorizes this information collection.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6.

Interested parties are encouraged to provide comments to the contact shown in the **ADDRESSES** section. Comments must be written to receive consideration, and they will be summarized and included in the request for OMB approval of the final ICR. In order to help ensure appropriate consideration, comments should mention OMB control number 1205–0527.

Submitted comments will also be a matter of public record for this ICR and posted on the internet, without redaction. DOL encourages commenters not to include personally identifiable information, confidential business data, or other sensitive statements/information in any comments.

DOL is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;
- Evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, (e.g., permitting electronic submission of responses).

## DEPARTMENT OF LABOR

[OMB Control No. 1225–0087]

### Proposed Extension of Information Collection; Application for Use of Public Space by Non-DOL Agencies in the Frances Perkins Building

**AGENCY:** Office of the Assistant Secretary for Administration and Management, Labor.

**ACTION:** Request for public comments.

**SUMMARY:** The Department of Labor (DOL), as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance request for comment to provide the public and Federal agencies with an opportunity to comment on proposed collections of information in accordance with the Paperwork Reduction Act of 1995. This request helps to ensure that: requested data can be provided in the desired format; reporting burden (time and financial resources) is minimized; collection instruments are clearly understood; and the impact of collection requirements on respondents can be properly assessed. Currently, the Office of the Assistant Secretary for Administration and Management (OASAM) is soliciting comments on the information collection for Application for Use of Public Space by Non-DOL Agencies in the Frances Perkins Building.

**DATES:** All comments must be received on or before June 5, 2026.

**SUPPLEMENTARY INFORMATION:**

**I. Background**

Consistent with 40 U.S.C. 581(h)(2), Federal Management Regulation (FMR) Part 102, Public Law 102-74, Subpart D, and the GSA Delegation under which the Department of Labor (DOL) operates the Frances Perkins Building (FPB), DOL allows the use of public space within the FPB for non-commercial purposes. As provided by FMR 102-74, Subpart D, (41 CFR 102-74-460) any person or entity that wishes to use public space in a Federal building is required to submit an application for a permit. To capture the nature of the request, information such as the requester, description of event, date, time, and approvals are collected in order to review the appropriateness of the request and make a determination of the availability of the requested public space.

DOL experience shows that the agency receives fewer than 10 non-DOL Agency requests to use FPB public space in any given year; however, as the information is contained in a rule of general applicability, the information collection is deemed to involve 10 or more persons. See 5 CFR 1320.3(c)(4)(ii). DOL, consequently, must maintain PRA authority to conduct this information collection.
