

with the record, that this two-stage application process balances the need to collect information essential to conducting a successful auction and authorizing CAF Phase II support with administrative efficiency.

On January 30, 2018, the Commission adopted a public notice that established the final procedures for the CAF Phase II auction, including the long-form application disclosure and certification requirements for winning bidders seeking to become authorized to receive CAF Phase II auction support. *See Phase II Auction Procedures Public Notice*, WC Docket No. 17–182 et al., FCC 18–6. The Commission also adopted the *Phase II Auction Order on Reconsideration*, WC Docket No. 10–90 et al., FCC 18–5, which modified the Commission’s letter of credit rules to provide some additional relief for CAF Phase II auction support recipients by reducing the costs of maintaining a letter of credit. On January 19, 2023, WCB released a public notice announcing that the Commission had concluded its review of CAF Phase II auction long-form applications. *See WCB Concludes CAF II Application Review, Long-Forms Made Public*, AU Docket No. 17–182 et al., DA 23–49.

The Commission eliminated the information collection requirements related to the CAF Phase II auction FCC Form 683 now that its review of CAF Phase II auction long-form applications has concluded.

Rural Digital Opportunity Fund Auction

On February 7, 2020 the Commission released the *Rural Digital Opportunity Fund Order*, WC Docket Nos. 19–126, 10–90, FCC 20–5 which will commit up to \$20.4 billion over the next decade to support up to gigabit speed broadband networks in rural America. Funding was allocated through a multi-round, reverse, descending clock auction that favored faster services with lower latency and encouraged intermodal competition in order to ensure that the greatest possible number of Americans will be connected to the best possible networks, all at a competitive cost.

To implement the Rural Digital Opportunity Fund auction (or Auction 904), the Commission adopted new rules for the Rural Digital Opportunity Fund auction, including the adoption of a two-stage application process. Like with the CAF Phase II auction, this process included a pre-auction short-form application submitted by parties interested in bidding in the Rural Digital Opportunity Fund auction (FCC Form 183) and a post-auction long-form application that must be submitted by

winning bidders (or their designees) seeking to become authorized to receive Rural Digital Opportunity Fund support (FCC Form 683). The Commission received approval for the short-form application (FCC Form 183) in a separate collection under the OMB control number 3060–1252.

On September 30, 2025, the Commission adopted an order that conducted a comprehensive review of legacy requirements and determined that certain high-cost program rules no longer serve any operational purpose. *Delete, Delete Delete; Removal of Obsolete Regulations*; GN Docket No. 25–133, FCC 25–68 (rel. September 30, 2025) (*Delete, Delete, Delete*). This requested change results from the Commission’s decision in that proceeding. The Commission determined that 47 CFR 54.315(a) and (b) and 47 CFR 54.804(a) and (b) are outdated and obsolete, and unnecessary because all associated proposals using FCC Form 683 have concluded.

Therefore, the Commission proposes to remove the application requirement and retains only the limited ongoing requirements related to the annual maintenance of letters of credit under 47 CFR 54.315(c) CAF Phase II and 54.804(c) RDOF.

Public Interest Determination

Pursuant to 41 CFR 102-3.60(a), to establish, renew, reestablish, or merge a discretionary (agency discretion)

advisory committee, an agency must first consult with the General Services Administration's Committee Management Secretariat (the Secretariat) and, as part of the consultation, provide a written public interest determination approved by the head of the agency to the Secretariat with a copy to the Office of Management and Budget. In addition, pursuant to 41 CFR 102-3.35, an agency shall follow the same consultation process and document in writing the same determination of need before creating a subcommittee under a discretionary committee that is not made up entirely of members of a parent advisory committee.

Information on the following factors for the committee is provided to the Secretariat to demonstrate that renewing the committee is in the public interest:

1. Annual budget: The ACIP's estimated annual costs for operating the Committee, including (i) Federal personnel and other Federal internal costs; (ii) proposed payments for up to 19 members; and (iii) reimbursable costs are as follows: a. Federal personnel on a full-time equivalent (FTE) basis, \$940,313; b. Other Federal internal costs, \$140,027; c. Proposed payments to members, \$42,750; d. Proposed number of members: The anticipated number of members for ACIP is up to 19; e. Reimbursable costs, \$83,106;

2. If applicable, the total dollar value of grants expected to be recommended during the fiscal year, \$0.

3. Criteria for selecting members to ensure the committee has the necessary expertise and fairly balanced membership: Departmental policy provides that Committee membership be fairly balanced in terms of points of view represented, and the Committee's function. Consideration is also given to representation from diverse geographic areas and diverse viewpoints. Preference is given to candidates who are citizens of the United States. Aspects that are considered at the time of candidate screening and review for inclusion in nomination packages forwarded to the Secretary, DHHS, include:

- Geographical balance. Efforts are made to ensure that voting members come from states representing a diversity of geographic locations within the U.S.

- Balance of specialty areas (*e.g.*, biostatistics, toxicology, immunology, epidemiology, pediatrics, internal medicine, family medicine, nursing, consumer issues, state and local health department perspective, academic perspective, public health perspective, etc.).

The ACIP Secretariat, including the DFO, solicits candidate names through the following channels:

- Procedures for application for ACIP membership are detailed on the ACIP website at <https://www.cdc.gov/acip/membership/index.html>. The ACIP Secretariat accepts applications as part of a continuous process throughout the year.

- Solicitation of potential candidates is posted annually in the **Federal Register**.

- Applications are solicited at ACIP meetings. A web link URL is provided on a meeting slide, and procedures for application are announced at the opening of meetings, which are broadcast via the internet ("webcast") to an audience that can exceed 10,000 viewers.

Members, including the Chair and Vice Chair, shall be selected and appointed by the HHS Secretary and shall be invited to serve for overlapping terms of up to four years, except that any member appointed to fill a vacancy for an unexpired term shall be appointed for the remainder of that term. A member may serve 180 days after the expiration of that member's term if a successor has not taken office.

5. Justification that the information or advice provided by the Federal advisory committee or subcommittee is not available from another Federal advisory committee, another Federal Government source, or any other more cost-effective and less burdensome source: The ACIP has been given statutory roles under subsections 1928(c)(2)(B)(i) and 1928(e) of the Social Security Act (42 U.S.C. 1396s(c)(2)(B)(i) and 1396s(e)) and subsection 2713(a)(2) of the Public Health Service Act (42 U.S.C. 300gg-13(a)(2)). In accordance with Section
