**SUPPLEMENTARY INFORMATION:** In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35), this notice announces the intention of the Office of Tribal Relations to request an extension of a currently approved information collection for the USDA 1994 Tribal Scholars Program.

*Title:* USDA 1994 Tribal Scholars Program.

*OMB Number:* 0503-0016.

*Expiration Date of Approval:* Three years from approval date.

*Type of Request:* Extension of a currently approved information collection.

*Abstract:* The purpose of the U.S. Department of Agriculture 1994 Tribal Scholars Program is to strengthen the long-term partnership between USDA, the 1994 Land-Grant Institutions, and other partnering higher education institutions to increase the number of students studying and graduating in food, agricultural, natural resources, and other related fields of study, and to develop a pool of scientists and professionals to annually fill jobs in the food, agricultural, and natural resources system. This program offers the payment of educational costs after student's financial aid and paid work experience with a USDA sponsoring agency through an appointment under the Fellowship Experience Program. USDA Tribal Scholarship recipients are required to study in the food, and agricultural, and related sciences, as defined by the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (7 U.S.C. 3103 (8)).

The USDA 1994 Tribal Scholars Program will offer scholarships and paid training internships to U.S. citizens for a period of up to 4 years. The eligibility standards are:

1. Must be at least 16 years old.
2. Must be able to complete required occupation-related work experience (640 hours) prior to or concurrently with the completion of course requirements for the degree.
3. Must be a United States citizen or national (resident of American Samoa or Swains Island). If you are not a citizen, you may participate if you are legally admitted to the United States as a permanent resident and are able to meet United States citizenship requirements prior to completion of your degree.
4. Must be in good academic standing and maintain a 2.5 GPA.

5. You plan to attend and are enrolled, currently attend, or recently graduated from a 1994 Tribal Land Grant College or University. For the purposes of this application, a recent graduate is someone who does not yet have a bachelor's degree and who has graduated with an associate's degree within the last two years.

Applicants will submit:

- (1) An essay describing educational and career goals;
- (2) A high school and/or a college transcript;
- (3) A resume, and;
- (4) Two letters of recommendation.

These letters of recommendation may be from high school teachers, college professors, and college officials.

*Estimate of Burden:* Public reporting burden for this collection of information is estimated to average 1.3 hours per response.

*Respondents:* High School or College applicants; High School Teachers and Guidance Counselors, College Professor(s), and College Officials.

*Estimated Number of Respondents:* 170 applications will generate 510 responses.

*Estimated Number of Responses per Respondent:* Each application will generate three responses.

*Estimated Total Annual Burden on Respondents:* 663 hours.

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the

agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. Comments may be sent to Lawrence A. Shorty.

All comments received will be available for public inspection during regular business hours at the same address.

All responses to this notice will be summarized and included in the request for Office of Management and Budget approval. All comments will become a matter of public record.

Dated: April 3, 2026.

Supporting documents and any comments we receive on this docket may be viewed at <http://www.regulations.gov> or in our reading room in Room 1620 of the USDA South Building, 14th Street and Independence Avenue SW, Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 799-7039 before coming.

**FOR FURTHER INFORMATION CONTACT:** For information on the activities within this information collection request, contact Ms. Lydia Colón, Agriculturist, Senior Regulatory Policy Specialist, PPO, APHIS, 5601 Sunnyside Ave., Beltsville, MD, (301) 851-2302; [lydia.e.colon@usda.gov](mailto:lydia.e.colon@usda.gov). For more information on the information collection reporting process, contact Ms. Sheniqua Harris, APHIS' Paperwork Reduction Act Coordinator, at (301) 851-2528; [APHIS.PRA@usda.gov](mailto:APHIS.PRA@usda.gov).

**SUPPLEMENTARY INFORMATION:**

*Title:* Movement of Plants and Plant Products from Hawaii and the Territories.

*OMB Control Number:* 0579-0346.

*Type of Request:* Revision to and extension of approval of an information collection.

*Abstract:* The Plant Protection Act (PPA, 7 U.S.C. 7701 *et seq.*) authorizes the Secretary of Agriculture to restrict the importation, entry, or interstate movement of plants, plant products, and other articles to prevent the introduction of plant pests into the United States or their dissemination within the United States. This authority has been delegated to the Animal and Plant Health Inspection Service (APHIS), which administers regulations to implement the PPA.

In 7 CFR part 318, under the regulations in "Subpart A—Regulated Articles from Hawaii and the Territories" (§§ 318.13-1 through 318.13-17), APHIS prohibits or restricts the interstate movement of fruits and vegetables into the continental United States from Hawaii, Puerto Rico, the U.S. Virgin Islands, Guam, and the Commonwealth of the Northern Mariana Islands to prevent plant pests and noxious weeds from being introduced into and spread within the continental United States.

The regulations contain requirements for a performance-based process for approving the interstate movement of commodities that, based on the findings of a pest risk analysis, can be safely imported subject to one or more designated phytosanitary measures and for acknowledging pest-free areas. These requirements involve information collection activities, including limited permits, inspections to issue limited permits, inspections of production areas, transit permits, compliance agreements, inspection and certification, labeling for fruits and vegetables produced in pest-free areas, written requests for facility approvals, trapping and surveillance, and recordkeeping. In addition, the activities of packaging, marking, identification, and certification of sweet potatoes from Hawaii are also included.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities for 3 years. APHIS has amended this information collection due to a decrease in the number of Respondents reporting; however, the number of Responses and the Total Burden Hours reported for the collection has increased.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies, *e.g.*, permitting electronic submission of responses.

*Estimate of burden:* The public burden for this collection of information is estimated to average 0.151 hours per response.

*Respondents:* Wholesalers and producers of fruits and vegetables; growers, shippers, and exporters in Hawaii, U.S. Territories, and State plant regulatory officials; and irradiation facility personnel.

*Estimated annual number of respondents:* 73.
