Transmission Formula Rate Processes; Supplemental Notice of Staff-Led Workshop

On March 19, 2026, the Federal Energy Regulatory Commission (Commission) issued a Notice that its staff will hold a workshop related to the Commission's electric transmission formula rate processes on May 12, 2026. The workshop will take place from 9:00 a.m. to 12:30 p.m. Eastern Time.

The workshop will provide a forum for Commission staff, jurisdictional utilities, and transmission formula rate data users to discuss: (1) an overview of the mechanics of transmission formula rates; (2) transmission formula rate implementation protocols; (3) transmission formula rate annual updates; (4) the transmission formula rate audit program; (5) common compliance issues in transmission formula rates; and (6) the Commission's regulatory accounting program. Attached to this Supplemental Notice is an agenda for the workshop.

The workshop will take place in a hybrid format, with attendees allowed in person, at the Commission, 888 First Street NE, Washington, DC 20426, or virtually. All interested persons are invited to participate, and there is no fee for attendance. All in-person attendees must register. Virtual attendance does not require registration. Information on this workshop, including the links for virtual attendance and for submitting questions online during the Q&A sessions of the workshop, will be posted on the Calendar of Events on the Commission's website the morning of the event. The presentation slides will be posted to the website prior to the workshop.

Attendees are encouraged to listen to and observe the presentations by Commission staff, after which, during the Q&A sessions, in-person attendees may ask live questions and virtual attendees may submit written questions online.

This workshop will be accessible under section 508 of the Rehabilitation Act of 1973. For accessibility accommodations please send an email to accessibility@ferc.gov or call toll free (866) 208–3372 (voice) or (202) 502–8659 (TTY), or send a fax to (202) 208–2106 with the required accommodations.

[Docket No. CP26–153–000]

Southern Star Central Gas Pipeline, Inc.; Notice of Application and Establishing Intervention Deadline

Take notice that on March 25, 2026, Southern Star Central Gas Pipeline, Inc. (Southern Star), 4700 State Route 56, Owensboro, Kentucky 42301, filed an application under section 7(b) of the Natural Gas Act (NGA) and Part 157 of the Commission's regulations requesting authorization for its Abandonment by Sale of Missouri Domestic Meters Project (Project). The Project consists of Southern Star's abandonment by sale to Spire Missouri, Inc. of 61 domestic (farm tap) meters associated with Southern Star's interstate pipeline system at various locations in Cass, Jackson, Johnson, Jasper, Lawrence, Christian, Newton, McDonald, Greene, and Barry Counties, Missouri. Southern Star affirms that there will be no change to Southern Star's certificated capacity and no impact on firm shippers as a result of the proposed abandonment by sale. Southern Star states that the proposed Project involves no ground disturbances to disconnect any facilities. Southern Star estimates the total cost of the Project to be \$264,000, all as more fully set forth in the application which is on file with the Commission and open for public inspection.
