**ALLETE, Inc.; Notice of Application Tendered for Filing With the Commission and Establishing Procedural Schedule for Relicensing and a Deadline for Submission of Final Amendments**

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection.

<sup>1</sup> 15 U.S.C. 717f–w.

<sup>2</sup> 18 CFR part 156 (2005).

<sup>3</sup> “Burden” is defined as the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a federal agency. For further

explanation of what is included in the information collection burden, reference 5 CFR 1320.3.

<sup>4</sup> Commission staff estimates that the industry’s hourly cost for wages plus benefits is similar to the Commission’s \$103 FY 2025 average hourly cost for wages and benefits.

<sup>5</sup> The burden has been corrected from the 60-day notice. That notice correctly stated that the burden did not change from the previously approved information collection request. However, the incorrect figures were included in the table.
