

February 13, 2026. This notice inadvertently listed the incorrect period of review (POR) for the AD administrative review of boltless steel shelving prepackaged for sale from Taiwan.

FOR FURTHER INFORMATION CONTACT: Joy Zhang, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-1168.

SUPPLEMENTARY INFORMATION:

Background

On February 13, 2026, Commerce published in the **Federal Register** a notice entitled, “Rescission of Antidumping and Countervailing Duty Administrative Reviews.” In this notice, we inadvertently listed the incorrect POR for Taiwan: Boltless Steel Shelving Units Prepacked for Sale, A-583-871.

Correction

In the **Federal Register** of February 13, 2026, in FR Doc 2026-02959, on page 6813, in the section titled “AD Proceedings,” for Taiwan: Boltless Steel Shelving Units Prepacked for Sale, A-583-871, correct the date range in the Period of review column from “6/1/2024-5/31/2025,” to “11/29/2023-5/31/2025.”

Notification to Interested Parties

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(h).

Dated: April 6, 2026.

Scot Fullerton,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Fisheries of the Gulf of America and South Atlantic; Southeast Data, Assessment, and Review; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of webinar.

SUMMARY: The Southeast Data Assessment and Review (SEDAR) 94

assessment process of Florida hogfish will consist of a Data Workshop, and a series of assessment webinars, and a Review Workshop. See **SUPPLEMENTARY INFORMATION**.

DATES: The SEDAR 94 Assessment webinar IV will be held April 20, 2026, from 1 p.m. to 4 p.m. Eastern Time.

ADDRESSES: SEDAR address: 4055 Faber Place Drive, Suite 201, North Charleston, SC 29405.

www.sedarweb.org. Meeting address: The meeting will be held via webinar. The webinar is open to members of the public. Those interested in participating should contact Julie A. Neer at SEDAR (See **FOR FURTHER INFORMATION CONTACT**) to request an invitation providing webinar access information. Please request webinar invitations at least 24 hours in advance of each webinar.

FOR FURTHER INFORMATION CONTACT: Julie A. Neer, SEDAR Coordinator; (843) 571-4366. Email: *Julie.neer@safmc.net*.

SUPPLEMENTARY INFORMATION: The Gulf, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with the National Marine Fisheries Service and the Atlantic and Gulf States Marine Fisheries Commissions have implemented the SEDAR process. SEDAR is a participatory process for developing, evaluating and reviewing information used for fisheries management advice. This multi-step process for determining the status of fish stocks in the Southeast Region may include (1) a Data stage, and (2) an Assessment stage, and (3) a Review stage. Each stage produces a report summarizing decisions made during that stage. A final stock assessment report is produced at the end of a SEDAR process documenting data sets used, model configurations and the opinions from the independent peer review. Participants for SEDAR projects are appointed by the Gulf, South Atlantic, and Caribbean Fishery Management Councils and National Marine Fisheries Service Southeast Regional Office, Highly Migratory Species Management Division, and Southeast Fisheries Science Center. Participants may include data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and non-governmental organizations; International experts; and staff of Councils, Commissions, and state and Federal agencies.

The items of discussion during the SEDAR 94 Assessment webinar IV are as follows:

Participants will review the assessment modelling work to date and make final recommendations.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to the Council office (see **ADDRESSES**) at least 5 business days prior to each workshop.

Note: The times and sequence specified in this agenda are subject to change.

(Authority: 16 U.S.C. 1801 et seq.)

Dated: April 6, 2026.

Rey Israel Marquez,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648-XF339]

Magnuson-Stevens Act Provisions; Fisheries of the Northeastern United States; Northeast Multispecies Fishery; Approved Monitoring Service Providers

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; approval of northeast multispecies monitoring service providers for fishing year 2026.

SUMMARY: NMFS has approved nine companies to provide northeast multispecies sector at-sea catch monitoring (ASM) and/or electronic catch monitoring (EM) services in fishing year 2026. Regulations implementing the Northeast Multispecies Fishery Management Plan require ASM and EM companies to meet service provider performance standards to be approved by NMFS to provide

catch monitoring services to sectors. This action approves service providers that sectors may contract with for catch monitoring services for fishing year 2026.

DATES: Northeast ASM and EM service provider approvals are effective May 1, 2026, through April 30, 2027.

ADDRESSES: The list of NMFS-approved sector monitoring service providers is available at: <https://www.fisheries.noaa.gov/resource/data/observer-providers-northeast-and-mid-atlantic-programs>.

FOR FURTHER INFORMATION CONTACT: Heather Nelson, Fishery Management Specialist, (978) 281-9334, Heather.Nelson@noaa.gov.

SUPPLEMENTARY INFORMATION: The Northeast Multispecies Fishery Management Plan includes a requirement for industry-funded monitoring of catch by sector vessels. NMFS approves independent third-party service providers with which sectors may contract to provide ASM and/or EM services to their vessels. NMFS requires full applications for approval from ASM and EM companies that are not currently approved to be a service provider. Previously approved ASM and EM companies are not required to submit a full application to maintain their approval status if they continue to meet all service provider performance standards and submit required updated information annually. The required updated information to maintain approval includes an updated Emergency Action Plan, evidence of adequate insurance coverage, and, if applicable, any updates to staffing or operations. Regulations at 50 CFR

648.11(h) describe the criteria for approval of ASM and EM service provider applications. NMFS approves service providers based on: (1) Completeness and sufficiency of applications; and (2) determination of the applicant’s ability to meet the performance requirements of a sector monitoring service provider. Once approved, service providers must meet specified performance requirements outlined in § 648.11(h)(5) and (6), including required coverage levels, in order to maintain eligibility. NMFS must notify service providers, in writing, if NMFS withdraws approval for any reason.

Approved Monitoring Service Providers

On September 2, 2025, NMFS announced an opportunity for new monitoring companies to apply for approval to provide ASM and/or EM services in fishing year 2026 and an opportunity for currently approved providers to submit updated documentation to maintain their approval status in fishing year 2026. NMFS previously approved nine companies to provide catch monitoring services to the Northeast multispecies sectors in fishing year 2025. Five of the nine approved companies provided both ASM and EM services: A.I.S., Inc.; East West Technical Services, LLC; Fathom Research, LLC; New England Marine Monitoring; and Saltwater, Inc. The other four approved companies provided EM services only: Archipelago Marine Research, Ltd.; Flywire Cameras; Satlink US, LLC; and Teem Fish Monitoring, Inc.

All currently approved ASM and EM companies continue to meet all service provider performance standards,

submitted all required documentation, and are therefore approved service providers for fishing year 2026. NMFS did not receive any new ASM or EM provider applications. Table 1 includes the revised list of approved monitoring service providers.

NMFS has the authority to remove a service provider from its approved status in accordance with the regulations at § 648.11(h)(7). A monitoring service provider that fails to meet the requirements, conditions, and responsibilities will be notified in writing that it is subject to removal from the list of approved monitoring service providers. Withdrawing approval of a service provider will be based on an evaluation of the service providers ability to meet the third-party catch monitoring provider standards in § 648.11(h)(5) and (6). All companies provided proof of holding insurance consistent with the regulations at § 648.11(h)(3)(vii) as a part of their application. However, companies whose insurance expires before the end of the 2026 fishing year must submit updated insurance documents at the time of their current policy’s expiration to maintain approval. NMFS will closely monitor the performance of approved service providers, and will withdraw approval during the current approval term if it determines performance standards are not being met.

NMFS did not solicit applications to provide dockside monitoring services related to the maximized retention EM (MREM) program. NMFS suspended the operation of the MREM program in fishing years 2024 and 2025, and it is currently considering whether to operate the program in 2026.

DEPARTMENT OF COMMERCE

National Telecommunications and Information Administration

[Docket No. 260330-0079]

Space Launch Frequency Coordination Portal Web Application Launch

AGENCY: National Telecommunications and Information Administration, U.S. Department of Commerce.

ACTION: Notice.

SUMMARY: Executive Order 14369, Ensuring American Space Superiority, calls for the demonstration of spectrum leadership across space applications to promote United States spectrum management efficiency. In the spirit of this Order, and as one of NTIA's Spectrum IT Modernization deliverables called for in Section 9203 of the National Defense Authorization Act of 2021, NTIA announces the launch of the NTIA Space Launch Frequency Coordination Portal. This portal will allow commercial space launch providers to request spectrum for space launch operations, as well as view the status of their requests and communicate with federal agencies involved in the review process. Agencies will be able to review submitted requests, provide feedback, and approve requests.

DATES: The website was launched on March 24, 2026.

ADDRESSES: <https://slfcp.ntia.gov/login>.

FOR FURTHER INFORMATION CONTACT:

Michael Litwack, Computer Scientist, Spectrum National Security Systems, Office of Spectrum Management, 1401 Constitution Avenue NW, Washington, DC 20230, 202-821-6532, and mlitwack@ntia.gov.

SUPPLEMENTARY INFORMATION:

Background

The space portal is a web application designed to streamline spectrum requests for commercial space launch providers. Currently, the process is a manual request coordinated via email. The space launch portal provides a central portal where a commercial space launch entity will submit a spectrum request for launch. The commercial launch provider, after obtaining a non-

exclusive nationwide FCC license and registering each launch site and station, will initiate a request that will be coordinated amongst federal agencies. Agencies will make comments for each request and the portal will provide a transparent view of where spectrum requests are in the federal spectrum approval process. The portal will require users to authenticate via *Login.gov* to ensure secure access.

Purpose of the Portal

The portal will provide a location to request spectrum in the S-band frequencies for space launches. This application will deliver a transparent and more expeditious process for commercial space launch entities to review their requests and observe the status of those requests. Additionally, federal entities will be able to view all aspects of a request including comments from other agencies.

Regulatory and Statutory Framework

The FCC issued Public Notice-ET Docket No. 13-115 that outlines data and procedural requirements for the Space Launch Frequency Coordination Portal. Once a commercial entity receives an FCC license, it will submit its space launch spectrum request through the portal. NTIA plans to use the portal to coordinate space launch requests as the FCC continues to finalize these elements of its licensing framework.

This portal ensures compliance with Executive Order 12046, which establishes NTIA's spectrum oversight role, and 47 CFR part 300, which requires that federal systems must adhere to the NTIA manual's procedures and data formats. Additionally, the Launch Communications Act directs the FCC in coordination with NTIA to increase the automation of spectrum coordination processes and increase the speed by which launch applications occur.

Implementation Timeline

The Space Launch Frequency Coordination Portal launched on March 24, 2026.

Dated: March 30, 2026.

David Brodian,

Chief Counsel, National Telecommunications and Information Administration.

[FR Doc. 2026-06739 Filed 4-7-26; 8:45 am]

BILLING CODE 3510-60-P

DEPARTMENT OF EDUCATION

Federal Perkins Loan, Federal Work-Study, and Federal Supplemental Educational Opportunity Grant Programs; 2026-27 Award Year Deadline Dates

AGENCY: Federal Student Aid, Department of Education.

ACTION: Notice.

SUMMARY: The Secretary announces the 2026-27 award year deadline dates for the submission of requests and documents from postsecondary institutions for the Federal Perkins Loan (Perkins Loan) Program, Federal Work-Study (FWS), and Federal Supplemental Educational Opportunity Grant (FSEOG) programs (collectively, the "Campus-Based programs"), Assistance Listing Numbers 84.038, 84.033, and 84.007.

DATES: The deadline dates for each program are specified in the chart in the Deadline Dates section of this notice.

FOR FURTHER INFORMATION CONTACT:

Shannon Mahan, Division Chief, Grants & Campus-Based Partner Division, U.S. Department of Education, Federal Student Aid, 400 Maryland Ave. SW, Washington, DC 20024. Telephone: (202) 401-1082. Email: shannon.mahan@ed.gov.

If you are deaf, hard of hearing, or have a speech disability and wish to access telecommunications relay services, please dial 7-1-1.

SUPPLEMENTARY INFORMATION: The authority to award new Federal Perkins Loans to students has expired.

Institutions that continue to service their Perkins Loans (or contract with a third-party servicer for servicing) are required to report all Perkins Loan activity on the institution's Fiscal Operations Report and Application to Participate (FISAP).

The FWS program encourages the part-time employment of undergraduate and graduate students with need to help pay for their education and to involve the students in community service activities.

The FSEOG program encourages institutions to provide grants to exceptionally needy undergraduate students to help pay for their education.

The Perkins Loan, FWS, and FSEOG programs are authorized by parts E and C, and part A, subpart 3, respectively, of title IV of the Higher Education Act of 1965, as amended (HEA).

Throughout the year, in its "Electronic Announcements," the Department will continue to provide additional information for the individual deadline dates listed in the table under the DEADLINE DATES
