

Determinations of Reasonable Cause and Determinations of No Reasonable Cause under §§ 810(b) and 810(g) of the Act; and to generate digital case files for administrative enforcement actions.

*Agency form number:* Form HUD-903.

*Members of affected public:* Individuals or households; businesses or other for-profit, not-for-profit institutions; State, Local, or Tribal Governments.

*Estimation of the total number of hours needed to prepare the information collection, including the number of respondents, frequency of response, and hours of responses:* During FY 2025, HUD/FHEO staff received 50,413 submissions of potential complaint information via the internet. Due to recent changes to the intake process, HUD staff now receive approximately 98% of all forms via the internet. As such, FHEO estimates that HUD FHEO receives 51,442 forms each year. HUD estimates that an aggrieved person takes approximately 45 minutes to complete the HUD 903 Form. HUD/FHEO staff uses the information collected from the HUD-903 Form to generate a formal housing discrimination complaint in the HEMS database. This complaint is subsequently signed by the aggrieved person(s) under penalty of perjury and is served on the respondent(s) by personal service or by certified mail, as required under 24 CFR 103.202(a) of HUD's Regulation implementing the Act.

Each aggrieved person will complete the HUD 903 Form to report an incident of housing discrimination on a one-time basis. Therefore, HUD estimated the annual burden hours for this information collection at 38,581.5 hours.

$51,441 \text{ Forms} \times (1 \text{ frequency per person}) \times (0.75 \text{ hours per form}) = 38,581.5 \text{ hours}$

*Annualized cost burden to complainants:* HUD does not provide postage-paid mailers for this information collection. Accordingly, persons who choose to submit the HUD-903 Form to HUD by regular mail must pay the United States Postal Service's (USPS's) prevailing First-Class Postage rate. At the time of this Notice, the annualized cost burden per person, based on a one-time submission of this Form to HUD via the USPS's First-Class Postage rate is Seventy-Eight Cents (\$0.78) per person. Aggrieved persons may also submit the Form to HUD in person or electronically via the internet.

There are no additional annualized cost burdens to aggrieved persons or

record keepers resulting from this information collection.

*Status of the proposed information collection:* Proposed extension of a currently approved information collection of pertinent information from aggrieved persons wishing to file housing discrimination complaints with HUD.

## B. Solicitation of Public Comments

This Notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed information collection is necessary for the performance of the agency's functions;

(2) Whether the agency's estimate of burdens imposed by the information collection is accurate;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burdens of the information collection on aggrieved persons, including the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

HUD encourages interested parties to submit comments in response to these questions.

## C. Authority

Section 2 of the Paperwork Reduction Act of 1995, 44 U.S.C. 3507.

**SUPPLEMENTARY INFORMATION:** We, the U.S. Fish and Wildlife Service, invite the public to comment on applications for permits under section 10(a)(1)(A) of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*). The requested permits would allow the

applicants to conduct activities intended to promote recovery of a species listed as endangered under the ESA.

**Background**

With some exceptions, the ESA prohibits activities that constitute take of listed species unless a Federal permit is issued that allows such activity. The ESA’s definition of “take” includes such activities as pursuing, harassing, trapping, capturing, or collecting, in addition to hunting, shooting, harming, wounding, or killing.

A recovery permit issued by us under section 10(a)(1)(A) of the ESA authorizes the permittee to conduct activities with endangered or threatened species for scientific purposes that promote recovery or for enhancement of propagation or survival of the species. These activities often include such prohibited actions as capture and collection. Our regulations implementing section 10(a)(1)(A) for

these permits are found in the Code of Federal Regulations (CFR) at 50 CFR 17.22 for endangered wildlife species, 50 CFR 17.32 for threatened wildlife species, 50 CFR 17.62 for endangered plant species, and 50 CFR 17.72 for threatened plant species.

**Permit Applications Available for Review and Comment**

Proposed activities in the following permit requests are for the recovery and enhancement of propagation or survival of the species in the wild. The ESA requires that we invite public comment before issuing the requested permits. Accordingly, we invite local, State, Tribal, and Federal agencies and the public to submit written data, views, or arguments with respect to these applications. The comments and recommendations that will be most useful and likely to influence agency decisions are those supported by quantitative information or studies.
