

ANNUAL BURDEN ESTIMATES—Continued

Instrument	Annual number of respondents	Total number of responses per respondent	Average burden hours per response	Annual burden hours
Annual Survey of Refugees	1,500	1	.83	1,245
Estimated Total Annual Burden Hours				1,320

Comments: The Department specifically requests comments on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted within 60 days of this publication.

(Authority: Section 413 [8 U.S.C. 1523].)

BILLING CODE 4184-46-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

[Office of Management and Budget #: 0970-0060]

Proposed Information Collection Activity; Annual Report on Households Assisted by the Low Income Home Energy Assistance Program (LIHEAP)

AGENCY: Office of Community Services, Administration for Children and Families, U.S. Department of Health and Human Services.

ACTION: Request for public comments.

SUMMARY: The Office of Community Services (OCS), Division of Energy Assistance, is requesting to reinstate the Annual Report on Households Assisted by the Low Income Home Energy Assistance Program (LIHEAP) (LIHEAP Household Report; Office of Management and Budget (OMB) #: 0970-0060). The current OMB expiration date is March 31, 2026. Submission of the completed report is one requirement for LIHEAP grant

recipients applying for federal LIHEAP block grant funds; the next report is due September 2026. OCS proposes changes to reduce the number of items requested and, therefore, related administrative and reporting burden.

DATES: Comments due June 8, 2026.

ADDRESSES: In compliance with the requirements of the Paperwork Reduction Act of 1995, ACF is soliciting public comment on the specific aspects of the information collection described above. You can obtain copies of the proposed collection of information and submit comments by emailing infocollection@acf.hhs.gov. Identify all requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: States, the District of Columbia, and the Commonwealth of Puerto Rico are required by the Low-Income Energy Assistance Act of 1981 (42 U.S.C. 8624, sec. 2610) to report statistics for the previous federal fiscal year on the following:

- Assisted and applicant households, by type of LIHEAP assistance and funding source;
- Assisted households receiving nominal payments of \$50 or less, by funding source;
- Assisted households receiving only utility payment assistance, by funding source; this information will automatically be transferred to the grant recipient’s Performance Data Form;
- Assisted households, regardless of the type(s) of LIHEAP assistance or funding source, excluding households that only receive nominal payments of \$50 or less;
- Assisted households, by type of LIHEAP assistance and funding source, having at least one vulnerable member who is at least 60 years or older, disabled, or 5 years old or younger;
- Assisted households, by type of LIHEAP assistance and funding source, with at least one member age 2 years or under;
- Assisted households, by type of LIHEAP assistance and funding source, with at least one member ages 3 years through 5 years;
- Assisted households, regardless of the type(s) of LIHEAP assistance or

funding source, having at least one member 60 years or older, disabled, or 5 years old or younger.

Indian tribal grant recipients are required to submit data only on the number of households, by funding source, receiving heating, cooling, energy crisis, and/or weatherization benefits. To account for this difference, tribal grant recipients use the Annual LIHEAP Household Report.

Short Format

The information is being collected for the department’s annual LIHEAP report to Congress. The data also provides information about the need for LIHEAP funds. Finally, the data are used in the calculation of LIHEAP performance measures under the Government Performance and Results Act of 1993. The data elements will allow for the accuracy of measuring LIHEAP targeting performance and LIHEAP cost efficiency.

OCS proposes revisions to reduce the administrative burden and length of form. The proposed revisions include the following:

- Remove reporting requirements related to sex, race, and ethnicity, which are not required for statutory LIHEAP reporting or performance measurement.
- Remove data elements associated with supplemental LIHEAP funding provided under the Coronavirus Aid, Relief, and Economic Security Act and the American Rescue Plan Act, as these funding sources have expired and are no longer applicable to ongoing program operations.

Additionally, OCS proposes to adjust the burden estimates to no longer account for burden at the household level. This report is an administrative request for grant recipients, and the LIHEAP statute gives grant recipients flexibility on how they collect household data.

Overall, these targeted changes reduce respondent burden, improve clarity of reporting instruments, and ensure the collection remains focused on current statutory and programmatic requirements.

Respondents: State governments, tribal governments, U.S. territories, and the District of Columbia.

Annual Burden Estimates: Burden estimates have been updated to reflect the changes described above, which include revisions to the report as well as an adjustment to the burden estimates for respondents, to reduce the burden at the household level. This burden has been reduced by analyzing fiscal year 2026 LIHEAP Model Plans to calculate how grant recipients determine eligibility. Based on LIHEAP Model Plans, 25 of the 52 state grant recipients use categorical eligibility to determine LIHEAP household

eligibility. LIHEAP categorical eligibility makes a household automatically income-eligible for energy assistance if any member receives benefits from programs like Temporary Assistance for Needy Families, Supplemental Nutrition Assistance Program, or Supplemental Security Income, bypassing the typical income test, though income is still used to set benefit amounts. This simplifies and reduces the burden on households. Based on past average data, those 25 states make up about 55 percent of all assisted

households. To calculate this burden, we used an estimate for the annual number of LIHEAP household applicants multiplied by an average of 1/3 of an hour to provide the data required by the Household Report. The estimated time per response for the short format, completed by tribal governments in some small territories, was reduced from 10 hours to six hours per response. The long format, completed by all states, District of Columbia, and Puerto Rico, was reduced from 67 hours to 41 hours per response.

Instrument	Number of respondents	Annual number of responses per respondent	Average hour burden per response	Annual burden hours
Long Format	52	1	41	2,132
Short Format	133	1	6	798
Household Application	6,160,000	1	.3	1,848,000
Total Annual Burden Hours				1,850,930

Comments: The Department specifically requests comments on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted within 60 days of this publication.

Authority: 42 U.S.C. 8629 and 45 CFR 96.82.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

[Office of Management and Budget #: 0970-0550]

Proposed Information Collection Activity; Office of Refugee Resettlement Unaccompanied Refugee Minors Program Application and Withdrawal of Unaccompanied Refugee Minors Program Application or Declination of Unaccompanied Refugee Minors Program Placement Forms

AGENCY: Office of Refugee Resettlement, Administration for Children and Families, U.S. Department of Health and Human Services.

ACTION: Request for public comments.

SUMMARY: The Office of Refugee Resettlement (ORR) is requesting a 3-year extension with revisions of the Unaccompanied Refugee Minors (URM) Program Application and Withdrawal of URM Program Application or Declination of URM Program Placement Forms (Office of Management and Budget #0970-0550, expiration July 31, 2026). Revisions were made to reduce burden and streamline information collection.

DATES: Comments due June 8, 2026.

ADDRESSES: In compliance with the requirements of the Paperwork Reduction Act of 1995, ACF is soliciting public comment on the specific aspects of the information collection described above. You can obtain copies of the

proposed collection of information and submit comments by emailing infocollection@acf.hhs.gov. Identify all requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: The URM Program Application is completed on behalf of unaccompanied minors in the U.S. who are applying for entry into the URM Program. The application includes biographical data and information on the child's needs to support placement efforts. The Withdrawal of URM Program Application or Declination of URM Program Placement Forms are completed when a child is no longer interested in entering the URM Program or is not interested in entering the placement he/she was offered. These forms will be translated into Spanish, French, and other languages as appropriate. ACF acknowledges that English is the official language and authoritative version of all federal information and will note this on the translated material. Proposed revisions include reducing the number of open-ended text box questions by 67 percent, changing the format of other questions to allow for quicker responses, cutting unnecessary questions, and revising instructions for enhanced clarity.

Respondents: Case managers, attorneys, or other representatives working with unaccompanied minors who may be eligible for the URM Program.

Annual Burden Estimates: Proposed revisions to the URM Program application are expected to reduce the average burden hours per respondent by 33 percent. The estimated total number
