34th General Advisory Committee to the U.S. Section to the Inter-American Tropical Tuna Commission and 19th Scientific Advisory Subcommittee to the General Advisory Committee; Meeting Announcement

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: NMFS announces a public meeting of the 34th General Advisory Committee (GAC) to the U.S. Section to the Inter-American Tropical Tuna Commission (IATTC) and the 19th Scientific Advisory Subcommittee (SAS) to the GAC in accordance with the Tuna Conventions Act (TCA; 16 U.S.C. 951 *et seq.*). This meeting will be held on July 20 and 21, 2026 via webinar. The meeting topics are described under the **SUPPLEMENTARY INFORMATION** section of this notice.

DATES: The virtual meeting of the SAS and GAC will be held on Monday July 20, 2026, and Tuesday July 21, 2026, from 9 a.m. to 2 p.m. PDT each day (or until business is concluded). You must complete the registration process by July 6, 2026, if you plan to attend the meeting (see **ADDRESSES**).

ADDRESSES: If you plan to attend the meeting, which will be held by webinar, please register at <https://forms.gle/wjSfQ5cuzEtN5pjQ8>. Instructions for attending the meeting will be emailed to meeting participants before the meeting occurs.

FOR FURTHER INFORMATION CONTACT: Lucille Bulkeley, NMFS West Coast Region, at Lucille.bulkeley@noaa.gov or at (858) 546–5620.

SUPPLEMENTARY INFORMATION: The timing of U.S. SAS and GAC meetings are adjusted based on the dates of the IATTC and Agreement on International Dolphin Conservation Program (AIDCP) Annual Meetings. This year, the IATTC will convene its 17th Meeting of the Scientific Advisory Committee (SAC) June 8–12, 2026, and the 104th Annual Meeting of the IATTC, subsidiary bodies, and meetings of the AIDCP will be held on August 24–September 4, 2026. For 2026, the combined U.S. SAS and GAC Meeting will be held on July 20–21, after the IATTC SAC Meeting and before the IATTC and AIDCP meetings. This timing allows for scientific topics presented at the IATTC SAC Meeting, including stock assessments, to be discussed and used to inform U.S. positions at the combined U.S. SAS and GAC Meeting. This meeting will also include updates from IATTC working groups and is expected to include presentations of draft U.S. proposals to be submitted to the IATTC. An executive session may be called in order to discuss sensitive information, including possible U.S. negotiating positions for the upcoming IATTC Annual Meeting.

In accordance with the TCA, the U.S. Department of Commerce, in consultation with the Department of State, appoints a GAC to the U.S. Section to the IATTC and a SAS that advises the GAC. The U.S. Section consists of U.S. Commissioners and alternate U.S. Commissioners to the IATTC and representatives of the State Department, NOAA, Department of Commerce, other U.S. Government agencies, and stakeholders. The GAC provides recommendations to the U.S. section of the IATTC. The purpose of the SAS is to advise the GAC on scientific matters and provide recommendations to the GAC. Per the TCA, the SAS advises the GAC on matters including the conservation of ecosystems, the sustainable uses of living marine resources related to the tuna fishery in the eastern Pacific Ocean, and the long-term conservation and management of stocks of living marine resources in the eastern tropical Pacific Ocean. NMFS West Coast Region

staff provide administrative and technical support services as necessary for the effective functioning of the SAS and GAC.

The meetings of the SAS and GAC are open to the public, unless in executive session. The time and manner of public comment will be at the discretion of the Chairs for the SAS and GAC. For more information and updates on the upcoming IATTC meetings, please visit the IATTC's website: <https://www.iattc.org/MeetingsENG.htm>.

SAS and GAC Meeting Topics

Given the virtual nature of these meetings, the agenda will be concise. The SAS and GAC meeting to prepare for the 104th IATTC Annual Meeting is expected to cover a broad spectrum of topics including but not limited to:

(1) Outcomes from recent IATTC working groups, committees, and AIDCP meetings;

(2) Outcomes of the most recent IATTC stock assessments and updates for tuna, tuna-like species, and other species caught in association with those fisheries in the eastern Pacific Ocean;

(3) Evaluation of the IATTC Staff's Recommendations to the Commission for 2026;

(4) Potential proposals to the IATTC;

(5) Updates from Joint IATTC-Western and Central Pacific Fisheries Commission Northern Committee Working Group on Pacific Bluefin Tuna;

(6) Recommendations from the SAS and GAC members; and

(7) Other issues as they arise.

SUPPLEMENTARY INFORMATION:

Background

Section 304(d) of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) authorizes and requires that NMFS collect cost recovery fees for limited access privilege programs. Cost recovery fees include NMFS' actual costs directly related to its management, data collection, and enforcement of the programs. Section 304(d) of the Magnuson-Stevens Act mandates that cost recovery fees not exceed 3 percent of the annual ex-vessel value of fish harvested under any program subject to a cost recovery fee and that the fee be collected either at the time of landing, filing of a landing report, or sale of such fish during a fishing season or in the last quarter of the calendar year in which the fish is harvested.

NMFS manages the PCTC Program as a limited access privilege program. On August 8, 2023, NMFS published a final
