

**FOR FURTHER INFORMATION CONTACT:** Sharon Henderson, Office of Disaster Recovery and Resilience, U.S. Small Business Administration, 409 3rd Street SW, Suite 6050, Washington, DC 20416, (202) 205-6734.

**SUPPLEMENTARY INFORMATION:** Notice is hereby given as a result of the Administrator’s disaster declaration of a rural area applications for disaster loans may be submitted online using the MySBA Loan Portal <https://lending.sba.gov> or in person at locally announced locations. For further assistance please contact the SBA disaster assistance customer service center by email at [disastercustomerservice@sba.gov](mailto:disastercustomerservice@sba.gov) or by phone at 1-800-659-2955. If you are deaf, hard of hearing, or have a speech disability, please dial 7-1-1 to access telecommunications relay services.

The following areas have been determined to be adversely affected by the disaster:

*Primary Parish:* West Carroll.

The Interest Rates are:

	Percent
<i>For Physical Damage:</i>	
Homeowners with Credit Available Elsewhere .....	5.750
Homeowners without Credit Available Elsewhere .....	2.875
Businesses with Credit Available Elsewhere .....	8.000
Businesses without Credit Available Elsewhere .....	4.000
Private Non-Profit Organizations with Credit Available Elsewhere .....	3.625
Private Non-Profit Organizations without Credit Available Elsewhere .....	3.625
<i>For Economic Injury:</i>	
Business and Small Agricultural Cooperatives without Credit Available Elsewhere .....	4.000
Private Non-Profit Organizations without Credit Available Elsewhere .....	3.625

The number assigned to this disaster for physical damage is 21486B and for economic injury is 214870.

The state which received an SBA Administrative rural declaration is Louisiana.

(Catalog of Federal Domestic Assistance Number 59008)

(Authority:13 CFR 123.(b).)

### Petition for Exemption

*Docket No.:* FAA–2025–4749.

*Petitioner:* HALO Flight, Inc.

*Sections of 14 CFR Affected:*

§§ 43.3(a), 43.3(g), and 135.443(b)(3).

*Description of Relief Sought:* HALO Flight, Inc. petitions for an exemption

from Title 14 Code of Federal Regulations §§ 43.3(a), 43.3(g), and 135.443(b)(3) that would allow for HALO certificated pilots, who are not mechanics, to be authorized to perform limited maintenance and preventative maintenance procedures on aircraft at remote locations, while away from maintenance personnel. This would allow HALO certificated pilots to replace defective safety wiring or cotter keys, replenish hydraulic fluid in the hydraulic reservoir, replace and service batteries, and remove, check, and replace magnetic chip detectors. This exemption would also authorize HALO pilots, who perform such maintenance, to make required logbook entries.

## DEPARTMENT OF TRANSPORTATION

### Federal Aviation Administration

#### Petition for Authorization To Exceed Mach 1

**AGENCY:** Federal Aviation Administration (FAA), Department of Transportation (DOT).

**ACTION:** Notice of decision to grant an authorization to exceed Mach 1.

**SUMMARY:** This notice summarizes the petition Hermeus Corporation submitted to FAA requesting a special flight authorization as provided for in FAA regulations. The notice also provides for public awareness of FAA’s decision to grant Hermeus Corporation’s request. FAA is not requesting comments on the petition or FAA’s decision regarding the petition because a special flight authorization petition to exceed Mach 1 follows a separate regulatory process.

**DATES:** The grant of the special flight authorization to exceed Mach 1 is effective April 9, 2026.

**FOR FURTHER INFORMATION CONTACT:** David Senzig, Office of Environment and Energy, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; 781–238–7034, [david.a.senzig@faa.gov](mailto:david.a.senzig@faa.gov).

**SUPPLEMENTARY INFORMATION:**

*Petitioner:* Hermeus Corporation.

*Applicable Sections of 14 CFR:*

Sections 91.817 and 91.818.

*Description of Relief Sought:* Hermeus Corporation seeks relief to allow certain flight tests to exceed Mach 1.

On January 12, 2026, Hermeus Corporation, Atlanta, GA (Hermeus),

petitioned FAA to allow Hermeus to operate a civil aircraft that is expected to exceed Mach 1 speeds during flight testing. Specifically, Hermeus requested to conduct developmental flight test operations of an experimental aircraft, the Quarterhorse Mark 2.1 (Mk 2.1) Unmanned Aircraft System (UAS), over the White Sand Missile Range (WSMR) inside Restricted Areas R–5111 A & B and R–5107 B located in New Mexico. The petitioner requested authorization for up to seven supersonic test flights by December 31, 2026. The proposed operations would occur at or above 30,000 ft Mean Sea Level.

To satisfy its environmental requirements, in a decision dated March 27, 2026, FAA relied on and adopted the Department of the Army’s *Environmental Impact Statement (EIS) for Development and Implementation of Range-Wide Mission and Major Capabilities at White Sands Missile Range (WSMR), New Mexico, March 2010*, which is the foundational document for the Department of the Army’s Record of Environmental Consideration for the proposed action. FAA determined that proposed supersonic test flights would not significantly affect the quality of the human environment.

FAA finds the request by the petitioner is well within the intent of 14 CFR 91.818. As such, FAA has decided to grant this Special Flight Authorization to Exceed Mach 1. Authority to exceed Mach 1 during the testing of the Hermeus Mk 2.1 experimental aircraft is limited to the conditions and limitations stated in the special flight authorization.

FAA’s decision to grant a special flight authorization in response to Hermeus’ petition and the applicable FAA environmental review document is available on FAA’s website. FAA is posting grants of special flight authorizations and applicable FAA environmental review documents. These documents may be found at: [https://www.faa.gov/about/office\\_org/headquarters\\_offices/apl/aee/env\\_policy/sfa\\_supersonic](https://www.faa.gov/about/office_org/headquarters_offices/apl/aee/env_policy/sfa_supersonic).

Issued in Washington, DC, on April 9, 2026.
