

(JDAM) tail kits. The following non-MDE items will also be included: cartridges, chaffs, and flares; DSU-38 laser sensors; FMU-139 fuzes; and other related elements of logistics and program support. The estimated total value of the new items and services is \$345 million. The estimated non-MDE value will increase by \$94 million to a revised \$109 million. The estimated MDE value will increase by \$251 million to a revised \$616 million. The estimated total case value will increase by \$345 million to a revised \$725 million.

(iv) *Significance*: This notification is being provided because the additional MDE and non-MDE items represent an increase in capability over what was previously notified. The proposed sale increases the United Arab Emirates' (UAE's) ability to achieve more exact targeting over a wide range of conditions and improves interoperability with the U.S. Air Force.

(v) *Justification*: This proposed sale will support the foreign policy and national security objectives of the United States by helping to improve the security of an important regional partner. The UAE continues to be a vital U.S. partner for political stability and economic progress in the Middle East.

(vi) *Sensitivity of Technology*: The Sensitivity of Technology Statement contained in the original notification applies to items reported here.

The highest level of classification of defense articles, components, and services included in this potential sale is SECRET.

(vii) *Date Report Delivered to Congress*: March 19, 2026.
