

information relating to VIX future-option orders and trades, and that this agreement would allow for the sharing of information between the Exchange and CFE to permit the Exchange and CFE to have access to all order, trade, regulatory, and other data relating to these orders and trades.²⁰ In addition, the Exchange states that its current rules prohibiting market manipulation and fraudulent, noncompetitive, and disruptive trading practices will apply to VIX future-option orders. The Exchange states that the Cboe Regulatory Division will incorporate information it receives from CFE into its surveillance procedures to monitor trading of VIX future-option orders, including to detect any manipulative trading activity.²¹

III. Proceedings To Determine Whether To Approve or Disapprove SR-CBOE-2026-004 and Grounds for Disapproval Under Consideration

The Commission is instituting proceedings pursuant to Section 19(b)(2)(B) of the Exchange Act²² to determine whether the proposed rule change should be approved or disapproved. Institution of such proceedings is appropriate at this time in view of the legal and policy issues raised by the proposed rule change. Institution of proceedings does not indicate that the Commission has reached any conclusions with respect to any of the issues involved. Rather, as described below, the Commission seeks and encourages interested persons to provide comments on the proposed rule change to inform the Commission's analysis of whether to approve or disapprove the proposal.

Pursuant to Section 19(b)(2)(B) of the Exchange Act,²³ the Commission is providing notice of the grounds for disapproval under consideration. The Commission is instituting proceedings to allow for additional analysis of, and input from commenters with respect to, the consistency of the proposal with Section 6(b)(5) of the Act,²⁴ which requires, among other things, that the rules of a national securities exchange be designed to prevent fraudulent and manipulative acts and practices, promote just and equitable principles of trade, protect investors and the public interest; and not be designed to regulate by virtue of any authority conferred by the Exchange Act matters not related to

the purposes of the Exchange Act or the administration of the exchange.

The Commission asks that commenters address the sufficiency of the Exchange's statements in support of the proposal, which are set forth in the Notice,²⁵ in addition to any other comments they may wish to submit about the proposed rule change. In particular, the Commission seeks comment on whether the proposal to permit VIX future-option orders includes sufficient analysis to support a conclusion that the proposal is consistent with the requirements of Section 6(b)(5) of the Act,²⁶ including the requirements that the rules of a national securities exchange be designed to prevent fraudulent and manipulative acts and practices, promote just and equitable principles of trade, protect investors and the public interest; and not be designed to regulate by virtue of any authority conferred by the Exchange Act matters not related to the purposes of the Exchange Act or the administration of the exchange.

IV. Procedure: Request for Written Comments

The Commission requests that interested persons provide written submissions of their data, views, and arguments with respect to the issues identified above, as well as any other concerns they may have with the proposal. In particular, the Commission invites the written views of interested persons concerning whether the proposed rule change is consistent with the Act, and the rules and regulations thereunder. Although there do not appear to be any issues relevant to approval or disapproval that would be facilitated by an oral presentation of data, views, and arguments, the Commission will consider, pursuant to Rule 19b-4 under the Act,²⁷ any request for an opportunity to make an oral presentation.²⁸

Interested persons are invited to submit written data, views, and arguments regarding whether the proposed rule change should be approved or disapproved by May 5, 2026. Any person who wishes to file a

rebuttal to any other person's submission must file that rebuttal by May 19, 2026.
