[Docket No. CP26-158-000]

WBI Energy Transmission, Inc.; Notice Of Application and Establishing Intervention Deadline

Take notice that on March 31, 2026, WBI Energy Transmission, Inc. (WBI),

1250 West Century Avenue, Bismarck, North Dakota 58503, filed an application under section 7(c) of the Natural Gas Act (NGA) and Part 157 of the Commission's regulations requesting authorization for its Line Section 32 Expansion Project (Project). The Project consists of approximately 17 miles of new 24-inch-diameter pipeline lateral and associated facilities from WBI Energy's Line Section 32 to a proposed new delivery station in Williams County, North Dakota, and modifications at WBI's Northern Border Pipeline Elkhorn Creek interconnect in McKenzie County, North Dakota. The Project will allow WBI to provide 190,000 dekatherms per day of incremental firm transportation service

⁵ The Commission defines burden as the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. For further explanation of what is included in the

information collection burden, reference 5 Code of Federal Regulations 1320.3.

⁶ FERC staff estimates that industry costs for salary plus benefits are similar to Commission

costs. The cost figure is the FY2025 FERC average annual salary plus benefits (\$214,093/year or \$103/hour).

⁷ This figure is rounded.

to a new electric generation facility in Williams County, North Dakota. WBI estimates the total cost of the Project to be \$68,087,052 and proposes to use its existing FT-1 recourse rate for firm transportation service on the Project, all as more fully set forth in the application which is on file with the Commission and open for public inspection.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<http://www.ferc.gov>). Pursuant to section 157.9 of the Commission's Rules of Practice and Procedure,¹ within 90 days of this Notice the Commission staff will either: complete its environmental review and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or environmental assessment (EA) for this proposal. The filing of an EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the

completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

Water Quality Certification

WBI stated that a water quality certificate under section 401 of the Clean Water Act is required for the Project from the North Dakota Department of Environmental Quality, Division of Water Quality. When available, WBI should submit to the Commission a copy of the request for certification for the Commission authorization, including the date the request was submitted to the certifying agency, and either (1) a copy of the certifying agency's decision or (2) evidence of waiver of water quality certification.

Public Participation

There are three ways to become involved in the Commission's review of this project: you can file comments on the project, you can protest the filing, and you can file a motion to intervene in the proceeding. There is no fee or cost for filing comments or intervening. The deadline for filing a motion to intervene is 5:00 p.m. Eastern Time on April 30, 2026. How to file protests, motions to intervene, and comments is explained below.

For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, contact the Office of Public Participation (OPP) at (202) 502-6595 or OPP@ferc.gov.

Comments

Protests must comply with the requirements specified in section 385.2001⁵ of the Commission's regulations. A protest may also serve as a motion to intervene so long as the

protestor states it also seeks to be an intervenor.

To ensure that your comments or protests are timely and properly recorded, please submit your comments on or before 5:00 p.m. Eastern Time on April 30, 2026.

There are three methods you can use to submit your comments or protests to the Commission. In all instances, please reference the Project docket number CP26-158-000 in your submission.
