

## INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-787-788 and  
731-TA-1775-1776 (Preliminary)]

### Large Diameter Graphite Electrodes From China and India; Determinations

On the basis of the record<sup>1</sup> developed in the subject investigations, the United States International Trade Commission (“Commission”) determines, pursuant to the Tariff Act of 1930 (“the Act”), that there is a reasonable indication that an industry in the United States is materially injured by reason of imports of large diameter graphite electrodes from China and India, provided for in statistical reporting number 8545.11.0020 of the Harmonized Tariff Schedule of the United States, that are alleged to be sold in the United States at less than fair value (“LTFV”) and imports of the subject merchandise from China and India that are alleged to be subsidized by the governments of China and India.<sup>2</sup>

### Commencement of Final Phase Investigations

Pursuant to section 207.18 of the Commission’s rules, the Commission also gives notice of the commencement of the final phase of its investigations. The Commission will issue a final phase notice of scheduling, which will be published in the **Federal Register** as provided in § 207.21 of the Commission’s rules, upon notice from the U.S. Department of Commerce (“Commerce”) of affirmative preliminary determinations in the investigations under §§ 703(b) or 733(b) of the Act, or, if the preliminary determinations are negative, upon notice of affirmative final determinations in those investigations under §§ 705(a) or 735(a) of the Act. Parties that filed entries of appearance in the preliminary phase of the investigations need not enter a separate appearance for the final phase of the investigations. Any other party may file an entry of appearance for the final phase of the investigations after publication of the final phase notice of scheduling. Industrial users, and, if the merchandise under investigation is sold at the retail level, representative consumer organizations have the right to appear as parties in Commission antidumping and countervailing duty investigations. The Secretary will prepare a public service list containing

the names and addresses of all persons, or their representatives, who are parties to the investigations. As provided in section 207.20 of the Commission’s rules, the Director of the Office of Investigations will circulate draft questionnaires for the final phase of the investigations to parties to the investigations, placing copies on the Commission’s Electronic Document Information System (EDIS, <https://edis.usitc.gov>), for comment.

### Background

On February 24, 2026, Resonac Graphite America Inc., Ridgeville, South Carolina; and Tokai Carbon GE LLC, Charlotte, North Carolina, filed petitions with the Commission and Commerce, alleging that an industry in the United States is materially injured or threatened with material injury by reason of subsidized imports of large diameter graphite electrodes from China and India and LTFV imports of large diameter graphite electrodes from China and India. Accordingly, effective February 24, 2026, the Commission instituted countervailing duty investigation Nos. 701-TA-787-788 and antidumping duty investigation Nos. 731-TA-1775-1776 (Preliminary).

Notice of the institution of the Commission’s investigations and of a public conference to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of February 27, 2026 (91 FR 9885). The Commission conducted its conference on March 17, 2026. All persons who requested the opportunity were permitted to participate.

The Commission made these determinations pursuant to §§ 703(a) and 733(a) of the Act (19 U.S.C. 1671b(a) and 1673b(a)). It completed and filed its determinations in these investigations on April 10, 2026. The views of the Commission are contained in USITC Publication 5728 (April 2026), entitled *Large Diameter Graphite Electrodes from China and India: Investigation Nos. 701-TA-787-788 and 731-TA-1775-1776 (Preliminary)*.

By order of the Commission.

Issued: April 10, 2026.

**Lisa Barton,**

*Secretary to the Commission.*
