

from warehouse, for consumption during the POR at a rate equal to the weighted-average dumping margin in the final results. If Commerce calculates a weighted-average dumping margin for Lucchini in the final results of this review, then: (1) if that weighted-dumping margin is above *de minimis*, Commerce will calculate importer-specific *ad valorem* assessment rates by dividing the total amount of dumping calculated in the final results of this review for all reviewed U.S. sales to the importer/customer by the total entered value of the merchandise sold to the importer/customer;²² (2) if either Lucchini's *ad valorem* weighted-average dumping margin is zero or *de minimis*, or an importer-specific *ad valorem* assessment rate is zero or *de minimis*, then Commerce will instruct CBP to liquidate the appropriate entries without regard to antidumping duties;²³ and (3) for entries that were not reported in Lucchini's U.S. sales data but that were entered under the CBP 10-digit case number applicable to entries of Lucchini's subject merchandise, Commerce will instruct CBP to liquidate such entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.²⁴ The final results of this administrative review shall be the basis for the assessment of antidumping duties on entries of the merchandise under review and for future deposits of estimated duties, where applicable.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**, in accordance with 19 CFR 356.8(a). If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements for estimated antidumping duties will be effective for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on, or after, the date of publication of the notice of the final results of this administrative review in the **Federal Register**, as provided for by

section 751(a)(2)(C) of the Act: (1) for merchandise exported by Lucchini, the cash deposit rate for Lucchini will be equal to the weighted-average dumping margin established for the company in the final results of the review unless that rate is *de minimis* (*i.e.*, less than 0.5 percent), in which case the cash deposit rate will be zero; (2) the cash deposit rate for an exporter not covered by this administrative review, but covered in a prior completed segment of this proceeding, will continue to be the that exporter's existing company-specific cash deposit rate; (3) if the exporter is not covered by this administrative review, or a completed segment of this proceeding, but the producer of the subject merchandise is covered, the cash deposit rate will be the producers' existing company-specific cash deposit rate; (4) the cash deposit rate for all other producers and exporters will continue to be 7.33 percent, the all-others cash deposit rate established the original less-than-fair-value investigation.²⁵ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this period of review. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

We are issuing and publishing these preliminary results of administrative review in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(h) and 351.221(b)(4).

Aluminum Extrusions From the People's Republic of China: Preliminary Results and Rescission, in Part, of Antidumping Duty Administrative Review; 2024-2025

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) is conducting an administrative review of the antidumping duty (AD) order on aluminum extrusions from the People's Republic of China (China). The period of review (POR) is May 1, 2024, through April 30, 2025. Commerce preliminarily determines that none of the companies for which an administrative review was requested, and not withdrawn, demonstrated eligibility for a separate rate, and are, therefore, all part of the China-wide entity. For the 79 companies for which all requests for administrative review have been timely withdrawn, we are rescinding this administrative review.

Interested parties are invited to comment on these preliminary results.

DATES: Applicable April 14, 2026.

FOR FURTHER INFORMATION CONTACT: George McMahan, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-1167.

SUPPLEMENTARY INFORMATION:

Background

On May 26, 2011, Commerce published the AD order on aluminum extrusions from China in the **Federal Register**.¹ On May 5, 2025, Commerce published a notice of opportunity to request an administrative review of the

Order pursuant to section 751(a)(1) of the Tariff Act of 1930, as amended (the Act).² On June 25, 2025, based on a timely request for review from the Aluminum Extrusions Fair Trade Committee (the petitioner), Commerce initiated an administrative review of the *Order* covering 97 companies.³

On November 14, 2025, due to the lapse in appropriations and Federal Government shutdown, Commerce tolled all deadlines in administrative proceedings by 47 days.⁴ Additionally, due to a backlog of documents that were electronically filed via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) during the Federal Government shutdown, on November 24, 2025, Commerce tolled all deadlines in administrative proceedings by an additional 21 days.⁵ Accordingly, the deadline for the preliminary results of this administrative review is now April 9, 2026.

For a complete description of the events that followed the initiation of this review, see the Preliminary Decision Memorandum.⁶ A list of topics included in the Preliminary Decision Memorandum is included as Appendix I to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via ACCESS. ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Scope of the Order

The products covered by this *Order* are aluminum extrusions from China. For a complete description of the scope of this *Order*, see the Preliminary Decision Memorandum.

Rescission of Administrative Review, in Part

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if the party or parties that requested a review withdraws the request within 90 days of the publication date of the notice of initiation of the requested review. As noted above, all requests for an administrative review were timely withdrawn for 79 of the 97 companies named in the *Initiation Notice*.⁷ Therefore, in accordance with 19 CFR 351.213(d)(1), we are rescinding this administrative review with respect to these 79 companies. See Appendix II for a list of these companies.⁸

Separate Rates

Of the 18 companies for which an administrative review was requested and not withdrawn, none of these submitted evidence of their eligibility for separate rate status. Therefore, we preliminarily determine that the 18 companies listed in Appendix III are not eligible for a separate rate in this administrative review and are part of the China-wide entity.

China-Wide Entity

Under Commerce's policy regarding conditional review of the China-wide entity, the China-wide entity will not be under review unless a party specifically requests, or Commerce self-initiates, a review of the entity.⁹ Because no party requested a review of the China-wide entity in this review, and because Commerce did not self-initiate such a review, the entity is not under review, and the entity's current rate (*i.e.*, 86.01 percent)¹⁰ is not subject to change.

Disclosure

Normally, Commerce discloses to interested parties the calculations performed in connection with the preliminary results within five days of the public announcement, or if there is no public announcement, within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b). However, because Commerce did not calculate weighted-average dumping margins for any

companies in this review, nor for the China-wide entity, there is nothing to disclose. This satisfies our regulatory obligation.

Public Comment

Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance. Pursuant to 19 CFR 351.309(c)(1)(ii), we have modified the deadline for interested parties to submit case briefs to Commerce to no later than 21 days after the date of the publication of this notice.¹¹ Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.¹² Interested parties who submit case or rebuttal briefs in this administrative review must submit: (1) a table of contents listing each issue; and (2) a table of authorities.¹³

As provided under 19 CFR 351.309(c)(2)(iii) and (d)(2)(iii), we request that interested parties provide at the beginning of their briefs a public, executive summary for each issue raised in their briefs.¹⁴ Further, we request that interested parties limit their public executive summary of each issue to no more than 450 words, not including citations. We intend to use the public executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the final results of this administrative review. We request that interested parties include footnotes for relevant citations in the public executive summary of each issue. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).¹⁵

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, limited to issues raised in the case and rebuttal briefs, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, via ACCESS by 5:00 p.m. Eastern Time within 30 days after the

date of publication of this notice in the **Federal Register**. Hearing requests should contain: (1) the party's name, address, and telephone number; (2) the number of participants and whether any participant is a foreign national; and (3) a list of issues to be discussed. Oral presentations at the hearing will be limited to issues raised in the case and rebuttal briefs. If a request for a hearing is made, parties will be notified of the date, time, and location of the hearing.¹⁶ Parties should confirm the date, time, and location of the hearing two days before the scheduled hearing date.

Assessment Rates

In accordance with section 751(a)(2)(C) of the Act, upon issuance of the final results, Commerce shall determine, and CBP shall assess, antidumping duties on all appropriate entries of subject merchandise covered by this review.¹⁷

For the companies for which this review is rescinded with these preliminary results, we will instruct CBP to assess antidumping duties on all appropriate entries at rates equal to the cash deposit of antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, during the POR in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue these rescission instructions to CBP no earlier than 35 days after the date of publication of this notice in the **Federal Register**.

The final results of this administrative review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.¹⁸ For the individually calculated respondent and non-selected separate rate respondents under review, Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this

administrative review for shipments of the subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of review, as provided in section 751(a)(2)(C) of the Act: (1) for the individually calculated respondent and the non-selected separate rate respondents, the cash deposit rate will be equal to the weighted-average dumping margin established in the final results of this administrative review (except, if the *ad valorem* rate is *de minimis*, then the cash deposit will be zero); (2) for any previously investigated or reviewed Chinese and non-Chinese exporters of subject merchandise not listed above that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate; (3) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be that for the China-wide entity, *i.e.*, 86.01 percent; and (4) for all non-Chinese exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the Chinese exporter that supplied that non-Chinese exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Final Results of Review

Unless the deadline is extended, Commerce intends to issue the final results of this administrative review, including the results of its analysis of issues raised by interested parties in the case and rebuttal briefs, within 120 days of these preliminary results in the **Federal Register**, pursuant to section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(1).

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties, and/or an increase in the amount of antidumping duties by the amount of the countervailing duties.

Notification to Interested Parties

We are issuing and publishing notice of these preliminary results in

accordance with sections 751(a)(1) and 777(i)(1) of the Act, 19 CFR 351.213(d)(4), and 19 CFR 351.221(b)(4).

Dated: April 9, 2026.

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.
