

The principal contractor will be Lockheed Martin, located in Greenville, SC. At this time, the U.S. Government is not aware of any offset agreement proposed in connection with this potential sale. Any offset agreement will be defined in negotiations between the purchaser and the contractor.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to UAE.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 26–46

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act

Annex

Item No. vii

(vii) *Sensitivity of Technology:*

1. The GBU–39/B Small Diameter Bomb Increment I (SDB–I) all-up-round is a 250-lb Global Positioning System/Inertial Navigation System (GPS/INS) aided small autonomous, day or night, adverse weather, conventional, air-to-ground precision glide weapon able to strike fixed and stationary relocatable non-hardened targets from standoff ranges. The SDB system employs a smart carriage capable of carrying four 250-lb class guided air-to-surface munitions. They are capable of destroying high-priority fixed and stationary targets from Air Force fighters and bombers in internal bays or on external hard-points. The SDB increases aircraft loadout, decreases the logistical footprint, decreases collateral damage, and improves aircraft sortie generation times. This potential sale includes

GBU–39/B inert practice bombs, and GBU–39/B inert tactical training rounds.

2. The Joint Direct-Attack Munition (JDAM) consist of a bomb body paired with a warhead specific tail kit containing an GPS/INS guidance capability that converts unguided free-fall bombs into accurate, adverse weather “smart” munitions. The JDAM weapon can be delivered from modest standoff ranges at high or low altitudes against a variety of land and surface targets during the day or night. The JDAM can receive target coordinates via preplanned mission data from the delivery aircraft, by onboard aircraft sensors (*i.e.*, forward-looking-infrared, radar, etc.) during captive carry, or from a third-party source via manual or automated aircrew cockpit entry.

3. The AN/APQ–10 Simple Key Loader is a handheld fill device for securely receiving, storing, and transferring data between cryptographic and communications equipment.

4. The KG–250 are high-security, network encryptor.

5. The Joint Mission Planning System is a multi-platform personal computer-based mission planning system.

6. The highest level of classification of defense articles, components, and services included in this potential sale is SECRET.

7. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures that might reduce system effectiveness or be used in the development of a system with similar or advanced capabilities.

8. A determination has been made that the United Arab Emirates can provide substantially the same degree of protection for the sensitive technology

being released as the U.S. Government. This proposed sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.

9. All defense articles and services listed in this transmittal have been authorized for release and export to the Government of the United Arab Emirates.

BILLING CODE 6001-FR-C

Transmittal No. RSAT 25-1N

**REPORT OF ENHANCEMENT OR
UPGRADE OF SENSITIVITY OF
TECHNOLOGY OR CAPABILITY (SEC.
36(B)(5)(C), AECA)**

(i) *Prospective Purchaser:* Government of the United Arab Emirates

(ii) *Sec. 36(b)(1), AECA Transmittal No:* 15-51

Date: November 4, 2015

Implementing Agency: Air Force

Funding Source: National Funds

(iii) *Description:* On November 4, 2015, Congress was notified by congressional certification transmittal number 15-51 of the possible sale, under Section 36(b)(1) of the Arms Export Control Act, of three thousand two hundred and fifty (3,250) GBU-31V1 (KMU-556 Joint Direct Attack

Munitions (JDAM) kits); three thousand two hundred and fifty (3,250) MK-84/BLU-117 bombs; seven hundred and fifty (750) GBU-31V3 (KMU-557 JDAM kits); seven hundred and fifty (750) BLU-109 bombs; one thousand (1000) GBU-12 Paveway II Laser Guided bomb kits; one thousand and two (1,002) MK-82/BLU-111 bombs; four thousand two hundred and fifty (4,250) FMU-152 fuzes; two hundred and sixteen (216) GBU-24 tail kits (BSU-84); non-Major Defense Equipment (MDE) related munitions items (fuzes and bomb components), sustainment, and support. The estimated total cost was \$380 million, and the estimated total MDE cost was \$365 million.

On August 25, 2022, Congress was notified by congressional certification transmittal number 20-0M of the inclusion of the following additional

MDE items and support items: eight-hundred (800) GBU-56V1 Laser Joint Direct Attack Munitions (LJDAM) (consisting of eight-hundred (800) KMU-556 tail kits; eight-hundred (800) DSU-40 Laser Sensors, and eight-hundred (800) MK-84 bombs); two-hundred (200) GBU-56V3 Laser JDAMs (consisting of two-hundred (200) KMU-557 tail kits; two-hundred (200) DSU-42 Laser Sensors, and two-hundred (200) BLU-109 bombs; three-thousand (3,000) FMU-139 fuzes; and associated munitions support items. The total cost of the new MDE articles was \$69 million and did not result in a net increase in the total cost of MDE. The total case value remained \$380 million.

This transmittal notifies the inclusion of the following MDE items: up to two thousand seven hundred fifty (2,750) KMU-572 Joint Direct Attack Munition

(JDAM) tail kits. The following non-MDE items will also be included: cartridges, chaffs, and flares; DSU-38 laser sensors; FMU-139 fuzes; and other related elements of logistics and program support. The estimated total value of the new items and services is \$345 million. The estimated non-MDE value will increase by \$94 million to a revised \$109 million. The estimated MDE value will increase by \$251 million to a revised \$616 million. The estimated total case value will increase by \$345 million to a revised \$725 million.

(iv) *Significance*: This notification is being provided because the additional MDE and non-MDE items represent an increase in capability over what was previously notified. The proposed sale increases the United Arab Emirates' (UAE's) ability to achieve more exact targeting over a wide range of conditions and improves interoperability with the U.S. Air Force.

(v) *Justification*: This proposed sale will support the foreign policy and national security objectives of the United States by helping to improve the security of an important regional partner. The UAE continues to be a vital U.S. partner for political stability and economic progress in the Middle East.

(vi) *Sensitivity of Technology*: The Sensitivity of Technology Statement contained in the original notification applies to items reported here.

The highest level of classification of defense articles, components, and services included in this potential sale is SECRET.

(vii) *Date Report Delivered to Congress*: March 19, 2026.

BILLING CODE 6001-FR-P

DEPARTMENT OF ENERGY

Environmental Management Site-Specific Advisory Board, Idaho Cleanup Project

AGENCY: Office of Environmental Management, Department of Energy.

ACTION: Notice of open meeting.

SUMMARY: This notice announces an in-person/virtual meeting of the Environmental Management Site-Specific Advisory Board (EM SSAB), Idaho Cleanup Project (ICP). The Federal Advisory Committee Act requires that public notice of this meeting be announced in the **Federal Register**.

DATES: Thursday, May 14, 2026; 9 a.m.–4:15 p.m. MDT.

ADDRESSES: Holiday Inn & Suites, 3005 South Fork Boulevard, Idaho Falls, Idaho 83402. This meeting will be open to the public in-person at the Holiday Inn & Suites and virtually via Zoom. To attend virtually, please contact Cecelia Hruska, ICP Citizens Advisory Board (CAB) Administrator, by email at idahoCAB@icp.doe.gov or phone (208) 533-3800, no later than 5 p.m. MDT on Monday, May 11, 2026.

FOR FURTHER INFORMATION CONTACT: Cecelia Hruska, ICP CAB Administrator, by email at [idahoCAB@icp.doe.gov](mailto:icp.doe.gov) or phone (208) 533-3800 or visit the Board's internet homepage at <https://energy.gov/em/icpcab>.

SUPPLEMENTARY INFORMATION:

Purpose of the Board: At the request of the Assistant Secretary or Field Managers, the Board may provide community-based advice and recommendations concerning any EM program activities, such as clean-up activities and environmental restoration; waste management and disposition; excess facilities; future land use and long-term stewardship; communications; and budget priorities. The Board also provides an avenue to fulfill public participation requirements outlined in the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), the Resource Conservation and Recovery Act (RCRA), Federal Facility Agreements, Consent Orders, Consent Decrees and Settlement Agreements.

Tentative Agenda: (agenda topics are subject to change; please contact Cecelia Hruska for the current agenda)

- Recent Public Outreach
- ICP Progress Updates
- Presentations to the Board
- Public Comment Period
- Board Business

Public Participation: The meeting is open to the public and public comment can be given orally or in writing. Fifteen minutes are allocated during the meeting for public comment and those wishing to make oral comment will be given a minimum of two minutes to speak. To sign up for public comment, please contact the ICP CAB Administrator (above) no later than 5 p.m. MDT on Monday, May 11, 2026. Written comments received at least two working days prior to the meeting will be provided to the members and included in the meeting minutes. Written comments received within two working days after the meeting will be included in the minutes. For additional information on public comment and to submit written comment, please contact the ICP CAB Administrator. The EM

SSAB, Idaho Cleanup Project, welcomes the attendance of the public at its meetings and will make every effort to accommodate persons with physical disabilities or special needs. If you require special accommodations due to a disability, please contact the ICP CAB Administrator at least seven days in advance of the meeting.

Meeting conduct: The Designated Federal Officer is empowered to conduct the meeting in a fashion that will facilitate the orderly conduct of business. Questioning of board members or presenters by the public is not permitted.

Minutes: Minutes will be available by writing or calling Cecelia Hruska, ICP Administrator, phone (208) 533-3800 or email [idahoCAB@icp.doe.gov](mailto:icp.doe.gov). Minutes will also be available at the following website: <https://www.energy.gov/em/icpcab/listings/cab-meetings>.

Signing Authority: This document of the Department of Energy was signed on April 9, 2026, by David Borak, Committee Management Officer, pursuant to delegated authority from the Secretary of Energy. That document with the original signature and date is maintained by DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE Federal Register Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect of this document upon publication in the **Federal Register**.

Signed in Washington, DC, on April 10, 2026.

Jennifer Hartzell,

*Alternate Federal Register Liaison Officer,
U.S. Department of Energy.*
