SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-105257; File No. SR-NasdaqTX-2026-015]

Self-Regulatory Organizations; Nasdaq Texas, LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend Equity 4, Rule 4759 (Data Feeds Utilized) To Establish a Primary and Secondary Source of Quotation Data of a New Market Center

April 16, 2026.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on April 6, 2026, Nasdaq Texas, LLC (“Nasdaq Texas” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Equity 4, Rule 4759 (Data Feeds Utilized) to establish a primary and secondary source of quotation data of a new market center in the list of proprietary and network processor feeds that the Exchange utilizes for the handling, routing, and execution of orders, as well as regulatory compliance processes related to those functions.

The text of the proposed rule change is available on the Exchange’s website at <https://listingcenter.nasdaq.com/rulebook/nasdaqtx/rulefilings>, and at the principal office of the Exchange.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to update and amend the data feeds table in Equity 4, Rule 4759, which sets forth on a market-by-market basis the specific proprietary and network processor feeds that the Exchange utilizes for the handling, routing, and execution of orders, and for performing the regulatory compliance processes related to each of those functions. Specifically, the table would be amended to reflect that the Exchange will receive a direct feed from the new Texas Stock Exchange (“TXSE”) as its primary quotation data source for TXSE, and the Exchange will use CQS/UQDF as the secondary data source for TXSE. Additionally, the table will be updated to reflect the current name of an exchange that was recently renamed (*i.e.*: NYSE Texas).

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,³ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁴ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest.

The Exchange believes that the proposed rule change removes impediments to and perfects the mechanism of a free and open market because updating its data feeds table to

add a new market center for which the exchange will consume quotation data through direct and secondary feeds will provide clarity to market participants. Additionally, it is necessary and consistent with the public interest and the protection of investors to update the Exchange’s table of market centers in Equity 4, Rule 4759 in order to provide transparency with respect to all the direct proprietary and network processor feeds from which the Exchange obtains market data. Finally, it will promote just and equitable principles of trade and protect investors and the public interest to update the table in Equity 4, Rule 4759, to reflect the current name of a recently-renamed exchange.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is not designed to address any competitive issue; instead, its purpose is to enhance transparency with respect to the operation of the Exchange and its use of market data feeds.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act⁵ and subparagraph (f)(6) of Rule 19b-4 thereunder.⁶

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such

In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

SECURITIES AND EXCHANGE COMMISSION

[OMB Control No. 3235-0578]

Agency Information Collection Activities; Proposed Collection; Comment Request; Extension: Form N-Q

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) ("Paperwork Reduction Act"), the Securities and Exchange Commission (the "Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval. The title for the collection of information is "Form N-Q—Quarterly Schedule of Portfolio Holdings of Registered Management Investment Company."

The Commission is seeking to reinstate the Paperwork Reduction Act ("PRA") information request for Form N-Q (17 CFR 249.332 and 274.130) under the Investment Company Act of 1940 (15 U.S.C. 80a-1 *et seq.*) ("Investment Company Act") and the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*) ("Exchange Act") pursuant to OMB control number 3235-0578 for the purpose of discontinuing this information collection. The last Commission request for OMB approval under this control number was submitted in November 2018. Form N-Q was a form used by registered management investment companies, other than small business investment companies registered on Form N-5 ("SBICs"), under section 30(b) of the Investment Company Act and Sections 13(b) or 15(d) of the Exchange Act, to file reports at the end of the first and third quarters each fiscal year of portfolio holdings pursuant to rule 30b1-5 under the Investment Company Act (17 CFR 270.30b1-5). Effective August 1, 2019, the Commission rescinded Form N-Q and rescinded and reserved rule 30b1-5.¹

As detailed in the Reporting Modernization Release, the Commission rescinded Form N-Q because the portfolio information contained in

¹ See Investment Company Reporting Modernization, Investment Company Act Release No. 32314 (Oct. 13, 2016) [81 FR 81870 (Nov. 18, 2016)] ("Reporting Modernization Release").

reports on Form N-Q is also included in a different form, Form N-PORT. As a result, Form N-PORT rendered reports on Form N-Q unnecessarily duplicative. Form N-PORT is a form used by registered management investment companies, other than money market funds and SBICs, under section 30(b) of the Investment Company Act and sections 13(a) or 15(d) of the Exchange Act to file monthly reports of portfolio holdings pursuant to rule 30b1-9 of the Investment Company Act (17 CFR 270.30b1-9). Specifically, rule 30b1-9 requires a registered management investment company or exchange traded fund organized as a unit investment trust, other than registered open-end management investment company that is regulated as money market fund or a SBIC to file a report of portfolio holdings on Form N-PORT, current as of the last business day, or last calendar day, of the month. The burden associated with the information request outlined within rule 30b1-9 is contained within the information request for Form N-PORT under OMB control number 3235-0730. Thus, there has been no lapse in reporting the burden associated with the rescinded and reserved rule 30b1-5 and rescinded Form N-Q. Since the burden is being reported under an alternative information collection request ("ICR"), the Commission is seeking to reinstate the Form N-Q ICR under control number 3235-0578 to have it properly discontinued as the regulation that required the Form N-Q ICR has changed by the Commission's rescinding Form N-Q and related rule 30b1-5 under the Investment Company Act.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number.

Written comments are invited on: (a) whether this proposed collection of information is necessary for the proper performance of the functions of the SEC, including whether the information will have practical utility; (b) the accuracy of the SEC's estimate of the burden imposed by the proposed collection of information, including the validity of the methodology and the assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated, electronic collection techniques or other forms of information technology.

Please direct your written comments on this 60-Day Collection Notice to Austin Gerig, Director/Chief Data
