**SUPPLEMENTARY INFORMATION:**

*Description:* Currently under title IV-B, subparts 1 and 2 of the Social Security Act (the Act), states, territories, and tribes are required to submit a CFSP. The CFSP lays the groundwork for a system of coordinated and integrated family services for the subsequent 5 years (45 CFR 1357.15(a)(1)). The CFSP outlines

activities the state, tribe, or territory will carry out in administering programs and services to promote the safety, permanency, and well-being of children and families, including, as applicable, those activities conducted under the John H. Chafee Foster Care Program for Successful Transition to Adulthood (section 477 of the Act) and the state grant authorized by the Child Abuse Prevention and Treatment Act. By June 30 of each year, states, territories, and tribes are also required to submit an APSR and a financial report called the CFS-101. The APSR is a yearly report that discusses progress made by a state, territory, or tribe in accomplishing the goals and objectives cited in its CFSP (45 CFR 1357.16(a)). The APSR contains updated information about service needs and organizational capacities throughout the 5-year plan period and includes information on the use of other grant programs where annual reporting is required. The CFS-101 has three

parts. Part I is an annual budget request for the upcoming fiscal year (FY). Part II includes a summary of planned expenditures by program area for the upcoming FY, the estimated number of individuals or families to be served, and the geographical service area. Part III includes actual expenditures by program area, numbers of families and individuals served by program area, and the geographic areas served for the last complete FY.

The Supporting America's Children and Families Act, Public Law 118-258, was signed into law on January 4, 2025. This law reauthorizes and amends title IV-B programs. New requirements under title IV-B, subpart 3 require that CB reduce administrative burden on the title IV-B program to eliminate duplication and streamline reporting requirements to reduce the number of hours required for compliance by at least 15 percent in coordination with activities required under PRA. CB has already begun these activities to gather

input and to streamline reporting and reduce burden.

**Respondents:** Currently, states, territories, and tribes must complete the CFSP, APSR, and CFS-101. There are approximately 180 tribal entities that currently receive IV-B funding. There are 53 states (including the Commonwealth of Puerto Rico, the District of Columbia, and the Virgin Islands) that must complete the CFSP, APSR, and CFS-101.

**Annual Burden Estimates**

Burden estimates have been adjusted to reflect the updates to the APSR and the CFSP and the elimination of the caseworker visit data. The average burden per response for the APSR has been reduced from 82 hours to 50 hours and for the CFSP it has been reduced from 123 hours to 90 hours. Overall, this is a 48 percent reduction in burden associated with this information collection.

Instrument	Total number of respondents	Total number of responses per respondent	Average burden hours per response	Total burden hours	Annual burden hours
APSR .....	233	3	50	34,950	11,650
CFSP .....	47	1	90	4,230	1,410
CFS-101, Part I, Part II, and III .....	233	3	5	3,495	1,165
Estimated Total Annual Burden Hours .....					14,225
