For help accessing EDIS, please email [EDIS3Help@usitc.gov](mailto:EDIS3Help@usitc.gov).

General information concerning the Commission may also be obtained by accessing its internet server at United States International Trade Commission (USITC) at <https://www.usitc.gov>. The public record for this investigation may be viewed on the Commission's Electronic Document Information System (EDIS) at <https://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205-1810.

**SUPPLEMENTARY INFORMATION:** The Commission has received a complaint and a submission pursuant to § 210.8(b) of the Commission's Rules of Practice and Procedure filed on behalf of Xockets, Inc. on May 8, 2026. The complaint alleges violations of section 337 of the Tariff Act of 1930 (19 U.S.C. 1337) in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain GPU computing systems, data processing Unit (DPU) technologies, and associated components thereof, and products containing the same. The complaint names as respondents: NVIDIA Corporation of Santa Clara, CA; Microsoft Corporation of Redmond, WA; Amazon.com, Inc. of Seattle, WA; Amazon Web Services, Inc. of Seattle, WA; and Annapurna Labs (U.S.), Inc. of Austin, TX. The complainant requests that the Commission issue a limited exclusion order, cease and desist orders, and impose a bond upon respondents' alleged infringing articles during the 60-day Presidential review period pursuant to 19 U.S.C. 1337(j).

Proposed respondents, other interested parties, members of the public, and interested government agencies are invited to file comments on any public interest issues raised by the complaint or § 210.8(b) filing.

Comments should address whether issuance of the relief specifically requested by the complainant in this investigation would affect the public health and welfare in the United States, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, or United States consumers.

In particular, the Commission is interested in comments that:

(i) explain how the articles potentially subject to the requested remedial orders are used in the United States;

(ii) identify any public health, safety, or welfare concerns in the United States relating to the requested remedial orders;

(iii) identify like or directly competitive articles that complainant, its licensees, or third parties make in the United States which could replace the subject articles if they were to be excluded;

(iv) indicate whether complainant, complainant's licensees, and/or third party suppliers have the capacity to replace the volume of articles potentially subject to the requested exclusion order and/or a cease and desist order within a commercially reasonable time; and

(v) explain how the requested remedial orders would impact United States consumers.

Written submissions on the public interest must be filed no later than by close of business, eight calendar days after the date of publication of this notice in the **Federal Register**. There will be further opportunities for comment on the public interest after the issuance of any final initial determination in this investigation. Any written submissions on other issues must also be filed by no later than the close of business, eight calendar days after publication of this notice in the **Federal Register**. Complainant may file replies to any written submissions no later than three calendar days after the date on which any initial submissions were due, notwithstanding § 201.14(a) of the Commission's Rules of Practice and Procedure. No other submissions will be accepted, unless requested by the Commission. Any submissions and replies filed in response to this Notice are limited to five (5) pages in length, inclusive of attachments.

Persons filing written submissions must file the original document electronically on or before the deadlines stated above. Submissions should refer to the docket number ("Docket No. 3907") in a prominent place on the cover page and/or the first page. (See Handbook for Electronic Filing Procedures, Electronic Filing Procedures<sup>1</sup>). Please note the Secretary's Office will accept only electronic filings during this time. Filings must be made through the Commission's Electronic Document

Information System (EDIS, <https://edis.usitc.gov>.) No in-person paper-based filings or paper copies of any electronic filings will be accepted until further notice. Persons with questions regarding filing should contact the Secretary at [EDIS3Help@usitc.gov](mailto:EDIS3Help@usitc.gov).

Any person desiring to submit a document to the Commission in confidence must request confidential treatment. All such requests should be directed to the Secretary to the Commission and must include a full statement of the reasons why the Commission should grant such treatment. See 19 CFR 201.6. Documents for which confidential treatment by the Commission is properly sought will be treated accordingly. All information, including confidential business information and documents for which confidential treatment is properly sought, submitted to the Commission for purposes of this Investigation may be disclosed to and used: (i) by the Commission, its employees and Offices, and contract personnel (a) for developing or maintaining the records of this or a related proceeding, or (b) in internal investigations, audits, reviews, and evaluations relating to the programs, personnel, and operations of the Commission including under 5 U.S.C. Appendix 3; or (ii) by U.S. government employees and contract personnel,<sup>2</sup> solely for cybersecurity purposes. All nonconfidential written submissions will be available for public inspection at the Office of the Secretary and on EDIS.<sup>3</sup>

This action is taken under the authority of section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and of §§ 201.10 and 210.8(c) of the Commission's Rules of Practice and Procedure (19 CFR 201.10, 210.8(c)).

By order of the Commission.

Issued: May 11, 2026.

## DEPARTMENT OF JUSTICE

[CPCLO Order No. 005-2026]

### Privacy Act of 1974; Systems of Records

**AGENCY:** Federal Bureau of Investigation, United States Department of Justice.

<sup>2</sup> All contract personnel will sign appropriate nondisclosure agreements.

<sup>3</sup> Electronic Document Information System (EDIS): <https://edis.usitc.gov>.

<sup>1</sup> Handbook for Electronic Filing Procedures: [https://www.usitc.gov/documents/handbook\\_on\\_filing\\_procedures.pdf](https://www.usitc.gov/documents/handbook_on_filing_procedures.pdf).

**ACTION:** Notice of a modified system of records.

**SUMMARY:** Pursuant to the Privacy Act of 1974 and Office of Management and Budget (OMB) Circular No. A-108, notice is hereby given that the Federal Bureau of Investigation (FBI), a component within the United States Department of Justice (DOJ or Department), proposes to modify a system of records notice titled National Crime Information Center (NCIC), JUSTICE/FBI-001, 84 FR 47533 (Sep. 10, 2019). The NCIC serves as a central information repository to assist criminal justice professionals in apprehending fugitives, locating missing persons, recovering stolen property, and identifying known or suspected terrorists. Law enforcement officers also use the information within the NCIC to help protect the general public and themselves when carrying out their official duties. This system of records notice is being updated to better inform the public about the types of information within the NCIC and the uses of this information to further criminal justice purposes.

**DATES:** In accordance with 5 U.S.C. 552a(e)(4) and (11), this notice is effective upon publication, subject to a 30-day period in which to comment on the routine uses, described below. Therefore, please submit any comments by June 12, 2026.

**ADDRESSES:** The public, OMB, and Congress are invited to submit any comments: by mail to the United States Department of Justice, Office of Privacy and Civil Liberties, ATTN: Privacy Analyst, National Place Building, 1331 Pennsylvania Avenue NW, Suite 1000, Washington, DC 20530; by facsimile at 202-307-0693; or by email at [privacy.compliance@usdoj.gov](mailto:privacy.compliance@usdoj.gov). To ensure proper handling, please reference the above CPCLD Order No. on your correspondence.

**FOR FURTHER INFORMATION CONTACT:** Katherine M. Bond, Assistant General Counsel, Privacy and Civil Liberties Unit, Office of the General Counsel, FBI, 935 Pennsylvania Avenue NW, Washington, DC 20535-0001; telephone 202-324-3000.

**SUPPLEMENTARY INFORMATION:** The FBI has revised this system of records notice to update information about this system. Established in 1967, the NCIC is a national criminal justice information system linking criminal (and authorized non-criminal) justice agencies located in the 50 states, the District of Columbia, U.S. territories and possessions, as well as selected foreign countries to facilitate the cooperative sharing of criminal

justice information. See 28 CFR Sections 20.3(b) & (g) for definitions of “administration of criminal justice” and “criminal justice agency.” The NCIC provides a system to receive and maintain information contributed by participating agencies relating to criminal justice and national security missions. Information maintained in the NCIC is readily accessible for authorized purposes by authorized users via text-based queries (*i.e.*, using names and other descriptive data). The purposes of maintaining records in the NCIC include combatting acts of terrorism; apprehending fugitives; solving crimes; locating missing persons; locating and returning stolen property; protecting individuals during declared emergency situations; protecting victims of domestic violence; monitoring registered sex offenders; conducting firearms, licensee, and explosive background checks; and enhancing the safety of law enforcement officers.

This Notice modifies the previous publication of the NCIC System of Records Notice to (1) include new categories of records and individuals, (2) update routine uses, and (3) update the system location and the policies and practice for storage of records.

Since the September 10, 2019, publication of notice of this System of Records, 84 FR 47533, criminal justice agencies have requested that additional information be included in the NCIC to meet their needs. In recent years, mass shootings and other types of gun violence have prompted states to enact legislation attempting to prevent gun tragedies before they occur. Many states have passed “red flag” laws which permit law enforcement or family members to petition state courts to order the temporary removal of firearms from a person based on the belief they may present a danger to themselves or others. Many states have identified these orders as Extreme Risk Protection Orders. At the request of the law enforcement community, the FBI established the Extreme Risk Protection Order File within the NCIC to facilitate the nationwide sharing of such orders for officer and public safety purposes. The FBI is updating the category of individuals and category of records sections in this System of Records Notice to provide greater transparency that, in addition to individuals named in traditional protection orders, the NCIC also contains information about individuals named in extreme risk protection and similar type orders.

In addition, the FBI is updating the description of individuals in category of individuals “A(3)” to expand the category of Temporary Wants to include

individuals subject to temporary wants for misdemeanor crimes of violence. The NCIC Wanted Person File was established in 1967 as part of the original NCIC. As initially implemented, the NCIC included the ability to enter temporary felony want records in the Wanted Person File. The FBI has updated the policy regarding the types of records that may be entered into the Wanted Person File many times throughout the years. However, when the FBI modified NCIC policy to allow the entry of all misdemeanor warrants into the Wanted Person File, the corresponding policy restricting temporary wants to felony crimes was not modified to include misdemeanor crimes of violence. Therefore, current policy restricts temporary wants to felony crimes. The law enforcement community has expressed concerns that the absence of temporary want records for misdemeanor crimes of violence in the NCIC creates a gap which could ultimately endanger lives. Consequently, at the request of the law enforcement community, the FBI has modified the policy for the NCIC Wanted Person File to include the entry of temporary wants for misdemeanor crimes of violence.

The FBI is also modifying the description of individuals in category of individuals “P” to clarify that any individual for whom the National Instant Criminal Background Check System (NICS) records a “denied” response may be included in the NICS Denied Transaction File within the NCIC.

The FBI is revising the description of the individuals in category of individuals “R” to remove “FBI.” Criminal justice agencies at all levels of government (*e.g.*, federal, state, local, tribal, territorial) use the NCIC to assist with their investigative efforts. Consequently, to support criminal justice agencies’ investigative efforts, the FBI is expanding the language of category of individuals “R” to provide clarity that NCIC may contain information about any individual named in active investigations by authorized NCIC users.

This System of Records Notice also updates the routine uses for the information contained within the NCIC. Specifically, the FBI is updating the routine uses to reflect the change to 28 U.S.C. 534 that permits individuals licensed as an importer, manufacturer, or dealer of firearms to receive NCIC information when necessary to verify whether a firearm offered for sale to such licensee has been stolen. This routine use applies only to information from the NCIC Gun File.

In addition, the FBI is adding a routine use to account for providing missing and unidentified person information to the National Institute of Justice and the National Missing and Unidentified Persons System (NamUs), as required by Public Law 117-327, for the purposes of case validation and data reconciliation with the NamUs system, which serves as a national information clearinghouse and resource center for missing, unidentified, and unclaimed person cases across the United States.

Finally, this modified System of Record Notice updates the system location and policies and practice for storage of records sections to reflect the transition of the NCIC to a FedRAMP approved cloud environment, updates the language in categories of records "Q" to reflect a name change to the Known or Suspected Terrorist File, and updates the language of categories of records "AA" to provide more precise notice about the NCIC transaction log.

In accordance with 5 U.S.C. 552a(r), the Department has provided a report to OMB and Congress on this notice of a modified system of records.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

\* \* \* \* \*

[Delete existing paragraph A(3) and replace with the following:]

Individuals for whom a "Temporary Want" has been entered. Temporary want records allow a law enforcement agency to take prompt action to apprehend a person suspected of committing a felony or violent misdemeanor when circumstances prevent the agency from immediately obtaining a warrant. Procedural safeguards for these Temporary Wants include that they may only be entered in NCIC for the apprehension of a person who has committed, or the officer has reasonable grounds to believe has committed, a felony or violent misdemeanor; the person may seek refuge by fleeing across jurisdictional boundaries; and (as noted) circumstances preclude the immediate procurement of an arrest warrant. A Temporary Want shall be specifically identified as such and automatically expires 48 hours after entry.

[Delete existing paragraph "Q" and replace with the following:]

Threat Screening Center File: Described in "Categories of Individuals Covered by the System: I, J, and K."

\* \* \* \* \*

[Delete existing paragraph "AA" and replace with the following:]

Transaction Log: All transactions that enter, update, query, access, clear, or cancel the records described above; rejected transactions; and system administrative messages. The Transaction Log now maintains the transaction history for the life of the system; however, the transaction history prior to 1990 was maintained for 10 years. Transaction logs may contain information regarding all "Categories of Individuals." Search criteria from queries initiated by the National Instant Criminal Background Check System (NICS), JUSTICE/FBI-018 for background checks, are not logged.

[Add the following paragraph]

BB. Extreme Risk Protection Order File: Described in "Categories of Individuals Covered by the System: Y."

\* \* \* \* \*

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSE OF SUCH USES:

\* \* \* \* \*

[Add the following paragraphs]

SS. To the National Institute of Justice (or any successor agency) or its designee administering the National Missing and Unidentified Persons (NamUs) program for the purpose of reviewing missing and unidentified person records in NCIC for case validation and NamUs data reconciliation, and to the NamUs system (or any successor system) for the purpose of, among other uses, serving as a national information clearinghouse and resource center for missing, unidentified, and unclaimed person cases across the United States. This routine use applies only to records in the Missing Persons File and the Unidentified Persons File.

TT. To a person licensed as an importer, manufacturer, or dealer of firearms when necessary to verify whether a firearm offered for sale to such licensee has been stolen. This routine use applies only to information in the NCIC Gun File.

**POLICIES AND PRACTICES FOR STORAGE OF RECORDS:**

*[Delete existing paragraph and replace with the following:]*

Computerized records are stored electronically in a government approved cloud computing infrastructure (e.g., FedRAMP approved) offered by a cloud service provider (e.g., Amazon Web Services), on hard disk, removable storage devices, or other digital media. Some information may be retained in hard copy format and stored in individual file folders and file cabinets with controlled access, and/or other appropriate GSA-approved security containers.

**DEPARTMENT OF JUSTICE**

[CPCLO Order No. 004-2026]

**Privacy Act of 1974; System of Records**

**AGENCY:** United States Department of Justice.

**ACTION:** Notice of modified systems of records.

**SUMMARY:** Pursuant to the Privacy Act of 1974 and Office of Management and Budget (OMB) Circular No. A-108, notice is hereby given that the United States Department of Justice (Department or DOJ) proposes to modify the DOJ System of Records Notices for the DOJ systems of records listed below.

**DATES:** In accordance with 5 U.S.C. 552a(e)(4) and (11), this notice is subject to a 30-day notice and comment period. Please submit any comments by June 12, 2026.

**ADDRESSES:** The public, OMB, and Congress are invited to submit any comments to the U.S. Department of Justice, Office of Privacy and Civil Liberties, ATTN: Privacy Analyst, Two Constitution Square, 145 N St. NE, Suite 8W-300, Washington, DC 20530; by facsimile at 202-307- 0693; or by email at *privacy.compliance@usdoj.gov*. To ensure proper handling, please

reference the above CPCLO Order No. on your correspondence.

**FOR FURTHER INFORMATION CONTACT:** Kameron Cox, Counsel, Office of Privacy and Civil Liberties, Two Constitution Square, 145 N St. NE, Suite 8W-300, Washington, DC 20530; by facsimile at 202-307-0693; or by email at *privacy.compliance@usdoj.gov*. To ensure proper handling, please reference the above CPCLO Order No. on your correspondence.

**SUPPLEMENTARY INFORMATION:** On March 25, 2025, the President issued Executive Order (E.O.) 14249, *Protecting America’s Bank Account Against Fraud, Waste, and Abuse* (90 FR 14011), to promote the financial integrity and operational efficiency of the Federal Government. Therein the President mandated all Federal Departments and agencies include a routine use in relevant systems of records notices to allow for the disclosure of records to the Department of Treasury for the purposes of identifying, preventing, or recouping fraud and improper payments. On August 20, 2025, OMB issued Memorandum M-25-32, *Preventing Improper Payments and Protecting Privacy Through Do Not Pay*, to the heads of all executive departments and agencies. In its memorandum, OMB provided guidance to Departments and agencies regarding the requirements of both E.O. 14249 and The Payment Integrity Information Act of 2019 (31 U.S.C. 3551). M-25-32 contained proposed language for agencies to use for their new or modified routine uses, while clarifying that the new requirements applied to any agency’s system of records that “maintains information about applicants for, or recipients of, Federal funds that agencies use to make eligibility determinations for payments to beneficiaries, award and loan recipients, vendors, contractors, and other payees.”

DOJ as an agency has participated in Treasury’s “Do Not Pay” program since 2017 through disclosures to Treasury from DOJ-001, Accounting Systems for the Department of Justice, 69 FR 31406 (June 3, 2004, and updates), utilizing current applicable routine uses for this purpose. Some DOJ Components have also vetted their payments to payees through Treasury prior to award or disbursement to ensure that payments were only made to eligible individuals

or entities; or they conducted post-payment checks to facilitate any necessary recoupment, which were authorized by appropriate routine uses in the Components’ SORNs. The proposed modification of DOJ Component SORNs reflects a standardized implementation of the verification requirements across all DOJ Components as required by the E.O.. The proposed modification will provide notice to the public of DOJ’s sharing of information with Treasury through source systems and programs that might not route through DOJ-001; and thus to allow for the eventual vetting of applicant eligibility earlier in a program’s lifecycle.

To satisfy the routine use requirements in OMB Memorandum M-25-32, DOJ is issuing a notice in the **Federal Register** to modify the routine uses in all potentially relevant Department System of Records Notices. For those DOJ systems of records currently participating in “Do Not Pay” through existing routine uses, this notice modifies their current routine use with the language required by OMB Memorandum M-25-32. For those systems of records determined applicable in OMB Memorandum M-25-32 that do not yet contain routine uses to facilitate Do Not Pay Program sharing, this notice adds the routine use language required by M-25-32. As system of records notices are updated during the normal course of Department operations, the routine use allowing for full participation in “Do Not Pay” will be fully incorporated without need to reference this notice.

In accordance with 5 U.S.C. 552a(r), the Department has provided a report to OMB and to Congress on this notice of modified systems of records.
