SUPPLEMENTARY INFORMATION:

Background

In compliance with the FedRAMP Authorization Act, GSA established the FSCAC, a statutory advisory committee in accordance with the provisions of FACA, as amended (5 U.S.C. Ch. 10). The Federal Risk and Authorization Management Program (FedRAMP) within GSA is responsible for providing a standardized, reusable approach to security assessment and authorization for cloud computing products and services that process unclassified information used by agencies.

The FSCAC provides advice and recommendations to the GSA Administrator, or the Administrator's designee, the FedRAMP Board, and agencies on technical, financial, programmatic, and operational matters regarding the secure adoption of cloud computing products and services. The FSCAC helps ensure effective and ongoing coordination of agency adoption, use, authorization, monitoring, acquisition, and security of cloud computing products and services to enable agency mission and administrative priorities. The purposes of the Committee are:

- Examine the operations of FedRAMP and determine ways that authorization processes can continuously be improved, including the following:
 - Measures to increase agency reuse of FedRAMP authorizations.
 - Proposed actions that can be adopted to reduce the burden, confusion, and cost associated with FedRAMP authorizations for cloud service providers (CSPs).
 - Measures to increase the number of FedRAMP authorizations for cloud computing products and services offered by small businesses concerns (as defined by section 3(a) of the Small Business Act (15 U.S.C. 632(a)).
 - Proposed actions that can be adopted to reduce the burden and cost of FedRAMP authorizations for agencies.
- Collect information and feedback on agency compliance with, and implementation of, FedRAMP requirements.
- Serve as a forum that facilitates communication and collaboration among the FedRAMP stakeholder community.

The FSCAC will meet no fewer than three (3) times each calendar year. Meetings shall occur as frequently as needed, called, and approved by the DFO. Meetings may be held virtually or in person. Members serve without compensation and may be allowed travel expenses, including per diem, in accordance with 5 U.S.C. 5703.

Membership

The Committee shall be comprised of not more than 15 members who are qualified representatives from the public and private sectors, appointed by the Administrator, in consultation with the Director of OMB, as follows:

- i. The GSA Administrator or the GSA Administrator's designee, who shall be the Chair of the Committee.
- ii. At least one representative each from the Cybersecurity and Infrastructure Security Agency and the National Institute of Standards and Technology.
- iii. At least two officials who serve as the Chief Information Security Officer within an agency, who shall be required to maintain such a position throughout the duration of their service on the Committee.

- vii. At least two other representatives from the Federal Government as the Administrator determines to be necessary to provide sufficient balance, insights, or expertise to the Committee.

Each member shall be appointed for a term of three (3) years, except the initial terms, which were staggered into one (1), two (2) or three (3) year terms to establish a rotation in which one third of the members are selected. No member shall be appointed for more than two (2) consecutive terms nor shall any member serve for more than six (6) consecutive years. GSA encourages applications from individuals with a broad range of professional backgrounds, experiences, and viewpoints relevant to the committee's work.

Members will be designated as Regular Government Employees (RGEs)

or Representative members as appropriate and consistent with Section 3616(d) of the FedRAMP Authorization Act of 2022. GSA's Office of General Counsel will assist the Designated Federal Officer (DFO) to determine the advisory committee member designations. Representatives are members selected to represent a specific point of view held by a particular group, organization, or association. Members who are full time or permanent part-time Federal civilian officers or employees shall be appointed to serve as Regular Government Employee (RGE) members. In accordance with OMB Final Guidance published in the **Federal Register** on October 5, 2011 and revised on August 13, 2014, federally registered lobbyists may not serve on the Committee in an individual capacity to provide their own individual best judgment and expertise, such as RGEs members. U.S. Department of Health and Human Services Centers for Disease Control and Prevention (CDC)

Order Under Sections 362 & 365 of the Public Health Service Act

(42 U.S.C. 265, 268) and 42 CFR 71.40

Order Suspending the Right To Introduce Certain Persons From Countries Where a Quarantinable Communicable Disease Exists

I. Executive Summary

The Centers for Disease Control and Prevention (CDC), a component of the U.S. Department of Health and Human Services (HHS), issues this Order pursuant to Sections 362 and 365 of the Public Health Service (PHS) Act, 42 U.S.C. 265, 268, and their

implementing regulations. This Order suspends the right to introduce “covered aliens,” as defined herein, into the United States for a period of thirty days, subject to the outcome of an ongoing comprehensive public health risk assessment. This Order is necessary to protect the health of the United States from the serious risk posed by the introduction of Ebola disease into the United States by covered aliens based on the emergent outbreak of Ebola disease caused by the Bundibugyo virus strain confirmed present in Democratic Republic of the Congo (DRC) and Uganda.

This suspension Order applies to covered aliens who have departed from, or were otherwise present within, DRC, Uganda, or South Sudan during the last 21 days (regardless of their country of origin). This Order is based on an assessment of the most recently available data and current conditions regarding the Ebola disease outbreak.

This order is time-limited and shall be in effect for 30 days from the date of issuance. This Order is intended to address the serious risk of introduction of Ebola disease into the United States, while allowing the U.S. Government the time necessary to conduct a full assessment of the unique public health risks posed by Ebola disease, assist with implementing surveillance, diagnostic capabilities and contact tracing, and develop a comprehensive mitigation and containment strategy in consultation with other stakeholders.

II. Authority, Scope, and Purpose

I issue this Order pursuant to Sections 362 and 365 of the Public Health Service (PHS) Act, 42 U.S.C. 265, 268, and their implementing regulations under 42 CFR part 71,¹ which authorize the CDC Director to suspend the right to introduce² persons into the United States when the Director determines that the existence of a quarantinable communicable disease in a foreign country or place creates a serious danger of the introduction of such disease into the United States and the danger is so increased by the introduction of persons from the foreign country or place that a temporary suspension of the right of such introduction is necessary to protect public health.

This Order applies to persons who have departed from, or were otherwise present within, Democratic Republic of Congo, Uganda, and South Sudan during the last 21 days (regardless of their country of origin), subject to the exceptions detailed below. For purposes of this Order, I refer to persons covered by the Order as “covered aliens.”

This Order does *not* apply to the following:

¹ Control of Communicable Diseases; Foreign Quarantine: Suspension of the Right to Introduce and Prohibition of Introduction of Persons into United States from Designated Foreign Countries or Places for Public Health Purposes, 85 FR 56424 (Sept. 11, 2020); 42 CFR 71.40.

² *Suspension of the right to introduce* means to cause the temporary cessation of the effect of any law, rule, decree, order, or settlement agreement pursuant to which a person might otherwise have the right to be introduced or seek introduction into the United States. 42 CFR 71.40(b)(5).
