Needs and Uses: The United States, the European Union (EU), the United Kingdom (UK), and Switzerland share a commitment to enhancing privacy protection, the rule of law, and a recognition of the importance of transatlantic data flows to our respective citizens, economies, and societies, but take different approaches to doing so. Given those differences, the Department of Commerce (DOC) developed the EU-U.S. Data Privacy Framework (EU-U.S. DPF), the UK Extension to the EU-U.S. Data Privacy Framework (UK Extension to the EU-U.S. DPF), and the Swiss-U.S. Data Privacy Framework (Swiss-U.S. DPF) in consultation with the European Commission, the UK Government, the Swiss Federal Administration, industry, and other stakeholders. These arrangements were respectively developed to provide U.S. organizations reliable mechanisms for personal data transfers to the United States from the European Union/European Economic

Area, the United Kingdom (and, as applicable, Gibraltar), and Switzerland while ensuring data protection that is consistent with EU, UK, and Swiss law.

The DOC issued the EU-U.S. DPF Principles and the Swiss-U.S. DPF Principles, including the respective sets of Supplemental Principles (collectively the Principles) and Annex I of the Principles, as well as the UK Extension to the EU-U.S. DPF under its statutory authority to foster, promote, and develop international commerce (15 U.S.C. 1512). The International Trade Administration (ITA) administers and supervises the Data Privacy Framework program, including by maintaining and making publicly available the Data Privacy Framework List, an authoritative list of U.S. organizations that have self-certified to the DOC and declared their commitment to adhere to the Principles pursuant to the EU-U.S. DPF and, as applicable, the UK Extension to the EU-U.S. DPF, and/or the Swiss-U.S. DPF. On the basis of the Principles, Executive Order 14086, 28 CFR part 201, and accompanying letters and materials, including ITA's commitments regarding the administration and supervision of the Data Privacy Framework program, the European Commission, the UK Government, and the Swiss Federal Administration have respectively recognized the adequacy of the protection provided by the EU-U.S. DPF, the UK Extension to the EU-U.S. DPF, and the Swiss-U.S. DPF thereby enabling personal data transfers from each respective jurisdiction to U.S. organizations participating in the relevant part of the Data Privacy Framework program.

In order to participate in the EU-U.S. DPF and, as applicable, the UK Extension to the EU-U.S. DPF, and/or the Swiss-U.S. DPF an organization must (a) be subject to the investigatory and enforcement powers of the Federal Trade Commission (FTC), the Department of Transportation (DOT), or another statutory body that will effectively ensure compliance with the Principles; (b) publicly declare its commitment to comply with the Principles; (c) publicly disclose its privacy policies in line with the Principles; and (d) fully implement them.

To rely on the EU-U.S. DPF and, as applicable, the UK Extension to the EU-U.S. DPF, and/or the Swiss-U.S. DPF an organization must self-certify its adherence to the Principles to the DOC, and both be placed and remain on the Data Privacy Framework List. Such organizations' commitment to comply with the Principles must be reflected in
