

Avenue, Rockville, Maryland 20852. All filings must clearly identify the project name and docket number on the first page: Mill Pond Hydroelectric Project (P-9985-039).

The Commission's Rules of Practice and Procedure require all intervenors filing documents with the Commission to serve a copy of that document on each person on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

k. The application has been accepted for filing but is not ready for environmental analysis at this time.

l. The Mill Pond Project consists of the following existing facilities: (1) a concrete gravity dam approximately 3 to 5 feet high and 130 feet long with a crest elevation of 105 feet mean sea level (msl) topped by 3-foot-high pneumatic flashboards for a spillway crest of 108 feet msl; (2) a 20-foot natural ledge rock fall; (3) a 7.28-acre reservoir with a gross storage capacity of 82 acre-feet at normal water surface elevation of 108 feet msl; (4) an intake structure that includes a trash rack with 1.75-inch clear bar spacing; (5) a 36-inch-diameter concrete trough and conveyance chute adjacent to the intake that passes minimum flows, fish, ice, and debris downstream; (6) an approximately 10-foot-diameter, 147-foot-long steel penstock that bifurcates into two separate, equivalent diameter sections; (7) a powerhouse 30 feet wide and 32 feet long containing two generating units rated at 500 kilowatts (kW) each for a total installed capacity of 1,000 kW; (8) 2.4-kilovolt (kV) generator leads connecting the generating units to a 13.2-kV-ampere step-up transformer located in a small switchyard; (9) a 200-foot-long (mostly underground) transmission line from the step-up transformer to the point of interconnection with the distribution system; and (10) appurtenant facilities.

Rivers Electric proposes to continue operating the project in a run-of-river mode such that outflow from the project approximates inflow to the project reservoir and to release, through the conveyance chute, a minimum flow of 20 cubic feet per second, or inflow, whichever is less, on a year-round basis as required by Article 402 of the current license.

m. A copy of the application can be viewed on the Commission's website at <http://www.ferc.gov>, using the "eLibrary" link. Enter the docket number, excluding the last three digits

in the docket number field, to access the documents (P-9985). For assistance, contact FERC Online Support (see item j above).

You may also register online at <https://ferconline.ferc.gov/FEROnline.aspx> to be notified via email of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

n. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, contact the Office of Public Participation at (202) 502-6595 or OPP@ferc.gov.

o. Anyone may submit a protest or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, 385.211, and 385.214. In determining the appropriate action to take, the Commission will consider all protests filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any protests or motions to intervene must be received on or before the specified deadline date for the particular application.

All filings must (1) bear in all capital letters the title "PROTEST" or "MOTION TO INTERVENE;" (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name of the person protesting or intervening; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. Agencies may obtain copies of the application directly from the applicant. A copy of any protest or motion to intervene must be served upon each representative of the applicant specified in the particular application.

p. *Procedural schedule:* The application will be processed according to the following schedule. Revisions to the schedule will be made as appropriate.

BILLING CODE 6717-01-P

FEDERAL COMMUNICATIONS COMMISSION

[FR ID: 348888]

Privacy Act of 1974; Matching Program

AGENCY: Federal Communications Commission.

ACTION: Notice of a new matching program.

SUMMARY: In accordance with the Privacy Act of 1974, as amended ("Privacy Act"), this document announces a new computer matching program the Federal Communications Commission (FCC or Commission or Agency) and the Universal Service Administrative Company (USAC) will conduct with the New Mexico Health Care Authority. The purpose of this matching program is to verify the eligibility of applicants to and subscribers of Lifeline, and the Affordable Connectivity Program (ACP), both of which are administered by USAC under the direction of the FCC. More information about these programs is provided in the **SUPPLEMENTARY INFORMATION** section below.

DATES: Written comments are due on or before July 1, 2026. This computer matching program will commence on July 1, 2026, and will conclude after 18 months.

ADDRESSES: Send comments to Shana Yates, FCC, 45 L Street NE, Washington, DC 20554, or to Privacy@fcc.gov.

FOR FURTHER INFORMATION CONTACT: Shana Yates at (202) 418-0683 or Privacy@fcc.gov.

SUPPLEMENTARY INFORMATION: The Lifeline program provides support for discounted broadband and voice services to low-income consumers. Lifeline is administered by the Universal Service Administrative Company (USAC) under FCC direction. Consumers qualify for Lifeline through proof of income or participation in a qualifying program, such as Medicaid, the Supplemental Nutritional Assistance Program (SNAP), Federal Public Housing Assistance, Supplemental Security Income (SSI), Veterans and Survivors Pension Benefit, or various Tribal-specific federal assistance programs.

In the Consolidated Appropriations Act, 2021, Public Law 116-260, 134 Stat. 1182, 2129-36 (2020), Congress created the Emergency Broadband Benefit Program, and directed use of the National Verifier to determine eligibility based on various criteria, including the qualifications for Lifeline (Medicaid, SNAP, etc.). EBBP provided \$3.2 billion in monthly consumer discounts for broadband service and one-time provider reimbursement for a connected device (laptop, desktop computer or tablet). In the Infrastructure Investment and Jobs Act, Public Law 117-58, 135 Stat. 429, 1238-44 (2021) (codified at 47 U.S.C. 1751-52), Congress modified and extended EBBP, provided an additional \$14.2 billion, and renamed it the Affordable Connectivity Program (ACP). A household may qualify for the ACP benefit under various criteria, including an individual qualifying for the FCC's Lifeline program.

In a Report and Order adopted on March 31, 2016, (81 FR 33026, May 24, 2016) (*2016 Lifeline Modernization Order*), the Commission ordered USAC to create a National Lifeline Eligibility Verifier ("National Verifier"), including the National Lifeline Eligibility Database (LED), that would match data about Lifeline applicants and subscribers with other data sources to verify the eligibility of an applicant or subscriber. The Commission found that the National Verifier would reduce compliance costs for Lifeline service providers, improve service for Lifeline subscribers, and reduce waste, fraud, and abuse in the program.

The Consolidated Appropriations Act of 2021 directs the FCC to leverage the National Verifier to verify applicants' eligibility for ACP. The purpose of this matching program is to verify the eligibility of Lifeline and ACP applicants and subscribers by

determining whether they receive SNAP and Medicaid benefits administered by the New Mexico Health Care Authority.

PARTICIPATING AGENCIES:

New Mexico Health Care Authority (source agency); Federal Communications Commission (recipient agency) and Universal Service Administrative Company.

AUTHORITY FOR CONDUCTING THE MATCHING PROGRAM:

The authority to conduct the matching program for the FCC's ACP is 47 U.S.C. 1752(a) through (b). The authority to conduct the matching program for the FCC's Lifeline program is 47 U.S.C. 254(a) through (c), and (j).

PURPOSE(S):

The purpose of this new matching agreement is to verify the eligibility of applicants and subscribers to Lifeline, as well as to ACP and other Federal programs that use qualification for Lifeline as an eligibility criterion. This new agreement will permit eligibility verification for the Lifeline program and ACP by checking an applicant's/ subscriber's participation in SNAP and Medicaid in New Mexico Health Care Authority. Under FCC rules, consumers receiving these benefits qualify for Lifeline discounts and also for ACP benefits.

CATEGORIES OF INDIVIDUALS:

The categories of individuals whose information is involved in the matching program include, but are not limited to, those individuals who have applied for Lifeline and/or ACP benefits; are currently receiving Lifeline and/or ACP benefits; are individuals who enable another individual in their household to qualify for Lifeline and/or ACP benefits; are minors whose status qualifies a parent or guardian for Lifeline and/or ACP benefits; or are individuals who have received Lifeline and/or ACP benefits.

CATEGORIES OF RECORDS:

The categories of records involved in the matching program include the last four digits of the applicant's Social Security Number, date of birth, first and last name. The National Verifier will transfer these data elements to the New Mexico Health Care Authority which will respond either "yes" or "no" that the individual is enrolled in a qualifying assistance program: SNAP and Medicaid administered by the New Mexico Health Care Authority.

SYSTEM(S) OF RECORDS:

The records shared as part of this matching program reside in the Lifeline
