This regulation prohibits persons and vessels from entering the regulated area unless specifically authorized by the Captain of the Port Delaware Bay or their designated representative.

**DATES:** This rule is effective from 10 a.m. on June 27, 2026 until 6 p.m. on June 28, 2026. It will only be subject to enforcement, however, between the hours of 10 a.m. and 6 p.m. on each of those two days.

 § Section  
 SLR Special Local Regulation  
 U.S.C. United States Code

**II. Background and Authority**

On March 2, 2026, Race World Offshore submitted an application to the Coast Guard under 33 CFR 100.15 for a marine event permit. The application requests permission to host an offshore powerboat grand prix on a 4-mile long course on June 27, 2026, from 10 a.m. to 6 p.m., and during those same hours on June 28, 2026. The event will be held in the Atlantic Ocean, off Atlantic City, NJ and will include approximately 50 participants.

The COTP has determined that the offshore boat race could pose a risk to participants or waterway users if normal vessel traffic were allowed to interfere with the event. Possible hazards include risks of participant injury or death from near or actual collisions with spectators, and non-participant vessels transiting the area where the event will take place. Having approved the application for a marine event permit, the Captain of the Port, Delaware Bay (COTP) is issuing this Special Local Regulation (SLR) under authority in 46 U.S.C. 70041 and 33 CFR 100.35(a). The purpose of this rulemaking is to protect event participants, spectators, and transiting vessels before, during, and after the scheduled event.

The Coast Guard is issuing this rule without prior notice and comment. As is authorized by 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it is impracticable. The Coast Guard was notified of this event on March 2, 2026, but we must establish this SLR by June 27, 2026, to protect personnel, vessels, and the marine environment. Therefore, we have do not have enough time to solicit and respond to comments.

For the same reasons, the Coast Guard finds that under 5 U.S.C. 553(d)(3), good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**.

**III. Discussion of the Rule**

This rule establishes a temporary SLR from 10 a.m. on June 27, 2026 until 6 p.m. on June 28, 2026. The regulated area will cover all navigable waters of

the Atlantic Ocean near Atlantic City, NJ, within a polygon bounded by the following: originating on the shore line at approximate position latitude 39°21'51" N longitude 074°24'26" W; thence southeast to approximate position 39°20'43" N longitude 074°24'04" W thence southwest to approximate position to latitude 39°20'03" N, longitude 074°26'29" W; thence northwest to the shoreline at approximate position latitude 39°20'49" N, longitude 074°27'05" W; thence northeast along the shoreline to the point of origin.

Inside of the regulated area detailed above, there is a spectator area reserved for non-participant vessels to watch the event. The spectator area is within a polygon bounded by the following: beginning at approximate position latitude 39°20'45" N, longitude 074°25'33" W; thence northeast to approximate position latitude 39°21'00" N, longitude 074°24'44" W; thence southeast to approximate position latitude 39°20'50" N, longitude 074°24'39" W; thence southwest to approximate position latitude 39°20'35" N, longitude 074°25'28" W; thence northwest to the point of origin. No vessel or person will be permitted to enter the regulated area without obtaining permission from the COTP or their designated representative.

#### IV. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders.

##### A. Impact on Small Entities

The regulatory flexibility analysis provisions of the Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, do not apply to rules that are not subject to notice and comment. Because the Coast Guard has, for good cause, waived the notice and comment requirement that would otherwise apply to this rulemaking, the Regulatory Flexibility Act's flexibility analysis provisions do not apply here.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), if this rule will affect your small business, organization, or governmental jurisdiction and you have questions, contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section. Small businesses may send comments to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards by calling 1–

888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

##### B. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

##### C. Federalism and Indian Tribal Governments

We have analyzed this rule under Executive Order 13132, Federalism, and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in that Order.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

##### D. Unfunded Mandates Reform Act

As required by The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538), the Coast Guard certifies that this rule will not result in an annual expenditure of \$100,000,000 or more (adjusted for inflation) by a State, local, or tribal government, in the aggregate, or by the private sector.

##### E. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment.

This rule is a special local regulation. It is categorically excluded from further review under paragraph L61 of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1. A Record of Environmental Consideration supporting this determination is available in the docket.

#### List of Subjects in 33 CFR part 100

#### Safety Zone; Lake Champlain, Essex, NY

**ACTION:** Temporary final rule.

**SUMMARY:** The Coast Guard is establishing a temporary safety zone for certain navigable waters of the Lake Champlain. The safety zone is needed to protect personnel, vessels, and the marine environment from potential hazards created by a fireworks display. Entry of vessels or persons into this

#### II. Background and Authority

On April 1, 2026, an organization notified the Coast Guard that they planned to launch fireworks from a barge on Lake Champlain near Essex, NY on July 3, 2026. Hazards from fireworks displays include accidental discharge of fireworks, dangerous projectiles, and falling hot embers or other debris. The Captain of the Port Sector Northern New England (COTP) has determined that potential hazards associated with fireworks are a safety concern for anyone within 200 yards of the fireworks display. The COTP is issuing this rule under the authority in 46 U.S.C. 70034, which is needed to protect personnel, vessels, and the marine environment in the navigable waters within the safety zone.

The Coast Guard is issuing this rule without prior notice and comment. As is authorized by 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it is impracticable to do so within the short time period between April 1 and July 3, 2026.

For the same reasons, the Coast Guard finds that under 5 U.S.C. 553(d)(3), good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**.
