

their self-certification submissions to the DOC and in their privacy policies. Organizations that only wish to self-certify their compliance pursuant to the EU–U.S. DPF and/or the Swiss–U.S. DPF may do so; however, organizations that wish to participate in the UK Extension to the EU–U.S. DPF must participate in the EU–U.S. DPF. The DOC will update the Data Privacy Framework List on the basis of annual re-certification submissions made by participating organizations and by removing organizations when they voluntarily withdraw, fail to complete the annual re-certification in accordance with the DOC’s procedures, or are found to persistently fail to comply. The DOC will also maintain and make available to the public an authoritative record of U.S. organizations that have been removed from the Data Privacy Framework List and will identify the reason each organization was removed. The aforementioned authoritative list and record will remain available to the public on the DOC’s Data Privacy Framework program website. An organization’s failure to comply with the Principles after its self-certification is enforceable by the FTC under Section 5 of the Federal Trade Commission (FTC) Act prohibiting unfair or deceptive acts in or affecting commerce (15 U.S.C. 45); by the DOT under 49 U.S.C. 41712 prohibiting a carrier or ticket agent from engaging in an unfair or deceptive practice in air transportation or the sale of air transportation; or under other laws or regulations prohibiting such acts.

To initially self-certify or subsequently re-certify for the EU–U.S. DPF and, as applicable, UK Extension to the EU–U.S. DPF, and/or the Swiss–U.S. DPF, an organization must on each occasion provide to the DOC a submission that contains the relevant information specified in the Principles. The submission must be made via the DOC’s Data Privacy Framework program website by an individual within the organization who is authorized to make representations on behalf of the organization and any of its covered U.S. entities regarding its adherence to the Principles. Such an organization must respond promptly to inquiries and other requests for information from the DOC relating to the organization’s adherence to the Principles.

ITA has committed to follow up with organizations that have been or wish to be removed from the Data Privacy Framework List. ITA will direct organizations that allow their self-certifications to lapse to verify whether they intend to re-certify or instead intend to withdraw. An organization

that intends to re-certify will be required to further verify to the DOC that during the lapse of its certification status it applied the Principles to relevant personal data received in reliance on its participation in the Data Privacy Framework program and clarify what steps it will take to address the outstanding issues that have delayed its re-certification. An organization that intends to withdraw will be required to further verify to the DOC what it will do and/or has done (as applicable) with the relevant personal data that it received in reliance on its participation in the Data Privacy Framework program and who within the organization will serve as an ongoing point of contact for Principles-related questions. Organizations will be required to provide such verification to the DOC by completing and submitting appropriate questionnaires to the DOC.

ITA has also committed to conduct compliance reviews on an ongoing basis, including, as appropriate, through sending detailed questionnaires to participating organizations. The DOC will require that a participating organization complete and submit to the DOC such a questionnaire when: (a) the DOC has received any specific, non-frivolous complaints about the organization’s compliance with the Principles; (b) the organization does not respond satisfactorily to inquiries by the DOC for information relating to the organization’s adherence to the Principles; or (c) there is credible evidence that the organization does not comply with its commitments under the EU–U.S. DPF and, as applicable, the UK Extension to the EU–U.S. DPF, and/or the Swiss–U.S. DPF.

*Affected Public:* Primarily businesses or other for-profit organizations.

*Frequency:* Annual and periodic.

*Respondent’s Obligation:* Voluntary.

*Legal Authority:* The DOC’s statutory authority to foster, promote, and develop the foreign and domestic commerce of the United States (15 U.S.C. 1512).

**Filing Information**

As a courtesy, we are making information related to sunset proceedings, including copies of the pertinent statute and Commerce's regulations, Commerce's schedule for Sunset Reviews, a listing of past revocations and continuations, and current service lists, available to the public on Commerce's website at the following address: <https://enforcement.trade.gov/sunset/>. All submissions in these Sunset Reviews must be filed in accordance with Commerce's regulations regarding format, translation, and service of documents. These rules, including electronic filing requirements via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS), can be found at 19 CFR 351.303.

In accordance with section 782(b) of the Act, any party submitting factual information in an AD/CVD proceeding must certify to the accuracy and completeness of that information. Parties must use the certification formats provided in 19 CFR 351.303(g). Commerce intends to reject factual submissions if the submitting party does not comply with applicable revised certification requirements.

**Letters of Appearance and Administrative Protective Orders**

Pursuant to 19 CFR 351.103(d), Commerce will maintain and make available a public service list for these proceedings. Parties wishing to participate in any of these five-year reviews must file letters of appearance as discussed at 19 CFR 351.103(d). To facilitate the timely preparation of the public service list, it is requested that those seeking recognition as interested parties to a proceeding submit an entry of appearance within 10 days of the publication of the Notice of Initiation. Because deadlines in Sunset Reviews can be very short, we urge interested parties who want access to proprietary information under administrative protective order (APO) to file an APO application immediately following publication in the **Federal Register** of this notice of initiation. Commerce's regulations on submission of proprietary information and eligibility to receive access to business proprietary information under APO can be found at 19 CFR 351.304-306. Note that Commerce has temporarily modified certain of its requirements for serving documents containing business proprietary information, until further notice.<sup>1</sup>

<sup>1</sup> See *Temporary Rule Modifying AD/CVD Service Requirements Due to COVID-19*, 85 FR 41363 (July 10, 2020).

**Information Required From Interested Parties**

Domestic interested parties, as defined in sections 771(9)(C), (D), (E), (F), and (G) of the Act and 19 CFR 351.102(b), wishing to participate in a Sunset Review must respond not later than 15 days after the date of publication in the **Federal Register** of this notice of initiation by filing a notice of intent to participate. The required contents of the notice of intent to participate are set forth at 19 CFR 351.218(d)(1)(ii). In accordance with Commerce's regulations, if we do not receive a notice of intent to participate from at least one domestic interested party by the 15-day deadline, Commerce will automatically revoke the order without further review.<sup>2</sup>

If we receive an order-specific notice of intent to participate from a domestic interested party, Commerce's regulations provide that *all parties* wishing to participate in a Sunset Review must file complete substantive responses not later than 30 days after the date of publication in the **Federal Register** of this notice of initiation. The required contents of a substantive response, on an order-specific basis, are set forth at 19 CFR 351.218(d)(3). Note that certain information requirements differ for respondent and domestic

<sup>2</sup> See 19 CFR 351.218(d)(1)(iii).

parties. Also, note that Commerce’s information requirements are distinct from the ITC’s information requirements. Consult Commerce’s regulations for information regarding Commerce’s conduct of Sunset Reviews. Consult Commerce’s regulations at 19 CFR part 351 for definitions of terms and for other general information concerning antidumping and countervailing duty proceedings at Commerce. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).<sup>3</sup> An electronically filed document must be received successfully in its entirety by ACCESS by 5:00 p.m. Eastern Time on the day on which it is due.

In prior proceedings we have encouraged interested parties to provide an executive summary of their comments, including footnotes. In these sunset reviews, we request that interested parties provide at the beginning of their comments, an executive summary for each issue raised in their comments. Further, we request that interested parties limit their public executive summary of each issue to no more than 450 words, not including citations. We intend to use the public executive summaries as the basis of the

comment summaries included in the decision memorandum that will accompany the notice to be published in the **Federal Register**. Finally, we request that interested parties include footnotes for relevant citations in the public executive summary of each issue.

**Notification to Interested Parties**

This notice of initiation is being published in accordance with section 751(c) of the Act and 19 CFR 351.218(c).

Dated: May 27, 2026.
