

The types of collections that this generic clearance covers include, but are not limited to:

- Customer satisfaction surveys/feedback surveys
- Customer comment cards/complaint forms
- Self-Assessment questionnaire
- Small panel/discussion groups of customers, potential customers, or other stakeholders

The Agency has established a manager/managing entity to serve for this generic clearance and will conduct an independent review of each information collection to ensure compliance with the terms of this clearance prior to submitting each collection to OMB. If appropriate, agencies will collect information electronically and/or use online collaboration tools to reduce burden. Small business or other small entities may be involved in these efforts, but the Agency will minimize the burden on them of information collections approved under this clearance by sampling, asking for readily available information, and using short, easy-to-complete information collection instruments. Without these types of feedback, the Agency will not have timely information to adjust its services to meet customer needs. If a confidentiality pledge is deemed useful and feasible, the Agency will only include a pledge of confidentiality that is supported by authority and agency policy, that is and that does not unnecessarily impede sharing of data with other agencies for compatible confidential use. There are no program changes since the previous OMB approval.

This is a new information collection request.

The Office of Management and Budget is particularly interested in comments which:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected;
4. Minimize the burden of the collection of information on those who are to respond, including through utilization of appropriate automated, electronic, mechanical, or other

technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

### Transportation Security Administration

#### Revision of Agency Information Collection Activity Under OMB Review: TSA PreCheck® Application Program

**AGENCY:** Transportation Security Administration, Department of Homeland Security (DHS).

**ACTION:** 30-Day notice.

**SUMMARY:** This notice announces that the Transportation Security Administration (TSA) has forwarded the Information Collection Request (ICR), Office of Management and Budget (OMB) control number 1652-0059, abstracted below to OMB for review and approval of a revision of the currently approved collection under the Paperwork Reduction Act (PRA). The ICR describes the nature of the information collection and its expected burden. The collection involves the submission of biographic and biometric information by TSA PreCheck® Application Program or U.S. Customs and Border Protection (CBP) Trusted Traveler Program individuals enrolling in MyTSA PreCheck ID™, TSA's

Customer Service Portal, and Seamless Identity Automation.

**DATES:** Send your comments by July 6, 2026. A comment to OMB is most effective if OMB receives it within 30 days of publication.

**ADDRESSES:** Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find this particular information collection by selecting "Currently under Review—Open for Public Comments" and by using the find function.

**FOR FURTHER INFORMATION CONTACT:** Christina A. Walsh, TSA PRA Officer, Information Technology, TSA-11, Transportation Security Administration, 6595 Springfield Center Drive, VA 22150; telephone (571) 227-2062; email [TSAAPRA@tsa.dhs.gov](mailto:TSAAPRA@tsa.dhs.gov).

**SUPPLEMENTARY INFORMATION:** TSA published a **Federal Register** notice, with a 60-day comment period soliciting comments, of the following collection of information on January 15, 2026, 91 FR 1799. TSA received five public comments as discussed in the accompanying Supporting Statement.

#### Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation will be available at <https://www.reginfo.gov> upon its submission to OMB. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to:

- (1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- (2) Evaluate the accuracy of the agency's estimate of the burden;
- (3) Enhance the quality, utility, and clarity of the information to be collected; and
- (4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

#### Information Collection Requirement

*Title:* TSA PreCheck Application Program, 49 U.S.C. 114.

*Type of Request:* Revision of a previously approved collection.

*OMB Control Number:* 1652-0059.  
*Forms(s):* N/A.

*Affected Public:* Individuals.

*Abstract:* Pursuant to the statutory authorities explained below, TSA has implemented a voluntary enrollment program for individuals to apply for the TSA PreCheck Application Program. Section 109(a)(3) of the Aviation and Transportation Security Act, Public Law 107-71 (115 Stat. 597, 613, Nov. 19, 2001, codified at 49 U.S.C. 114 note) provides TSA with the authority to "establish requirements to implement trusted programs and use available technologies to expedite security screening of passengers who participate in such programs, thereby allowing security screening personnel to focus on those passengers who should be subject to more extensive screening." In addition, TSA has express, statutory authority to establish and collect a fee for any registered traveler program by publication of a notice in the **Federal Register**, as outlined in the Department of Homeland Security Appropriations Act, 2006, Public Law 109-90 (119 Stat. 2064, 2088-89, Oct. 18, 2005).

Although participation in the TSA PreCheck Application Program is voluntary, individuals must submit biographic and biometric<sup>1</sup> information directly to TSA, which TSA uses to conduct identity verification and a Security Threat Assessment (STA) of criminal, immigration, intelligence, and regulatory violation databases. There is no proposed change to the TSA PreCheck Application Program. Interested applicants must provide certain minimum required data elements, including, but not limited to, name, date of birth, sex, address, contact information, country of birth, images of identity documents, proof of citizenship or immigration status, and biometrics via a secure interface.

TSA uses this information to verify identity at enrollment, conduct an STA, make a final eligibility determination for the TSA PreCheck Application Program (including a review of criminal, immigration, intelligence, and regulatory violation databases), and verify the identities of TSA PreCheck-enrolled and approved individuals when they are traveling. For example, as part of this process, TSA sends the applicants' fingerprints and associated information to the Federal Bureau of Investigation (FBI) for the purpose of comparing their fingerprints to other fingerprints in the FBI's Next

<sup>1</sup> Unless otherwise specified, for the purpose of this document, "biometrics" refers to fingerprints and/or facial imagery.
