Abstract: The collection of this information is authorized by Title 38 United States Code (U.S.C.) Section 7403, which provides that appointments of Title 38 positions will be made only after qualifications have been satisfactorily verified in accordance with regulations prescribed by the Secretary. Occupations listed in 38 U.S.C. 7401(1) and 7401(3) are appointed at a grade and step rate or an assignment based on careful evaluation of the trainee's education and experience. Title 38 U.S.C. 7302 requires VA to assist in the training of health professionals for the agency's own needs and for those of the nation. All health position trainee applicants must provide information concerning their background, training, and education, as well as previously held licenses/registrations, to determine if they meet requirements.

VA Form 10–2850d is used to collect appropriate information to support the qualifications for each trainee participating in accredited educational programs with VA. Trainee applicants participating in accredited educational programs must complete and submit the 10–2850d form.

VA Form 10–2850e is the pre-employment reference form used to elicit information concerning the prior education and/or performance of the Title 38 trainee applicant. The information provided is used to determine if the applicant meets the requirements for employment. VA sends the 10–2850e form to the educational institutions, organizations, and individuals indicated by the applicant on the employment application form.

The forms have been updated with required PRA language. There is a decrease in the total estimated number of responses and burden hours for this

collection based upon program data since the last PRA clearance, including the discontinuance and removal of three forms. This information collection is only for VA health position trainee applicants.
