therefore, be subject to the NMVTIS reporting requirements.

An individual or entity meeting the junk yard or salvage yard definition is subject to the NMVTIS reporting requirements if that individual or entity handles 5 or more junk or salvage motor vehicles per year and is engaged in the business of acquiring or owning a junk automobile or a salvage automobile for—''(1) Resale in their entirety or as spare parts; or (2) Rebuilding, restoration, or crushing.'' Reporting entities can determine whether a vehicle is junk or salvage by referring to the definitions provided in the NMVTIS regulations at 28 CFR 25.52. An NMVTIS Reporting Entity is required to report specific information to NMVTIS within one month of receiving such a vehicle, and failure to report may result in assessment of a civil penalty of $1,000 per violation.

5. *Obligation to Respond:* An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond: There are 50,383 in JSI (meaning entities issued a reporting ID number), of which 21,612 have submitted at least one report. The estimate for the average amount of time for each business to report varies: 30–60 minutes (estimated). The states and insurance companies already are capturing most of the data needed to be reported, and the reporting consists of electronic, batch uploaded information. So, for those automated companies the reporting time is negligible. For smaller junk and salvage yard operators who would enter the data manually, it is estimated that it will take respondents an average of 30–60 minutes per month to respond.

6. *Total Estimated Number of Respondents:* 50,383.

7. *Estimated Time per Respondent:* 30—60 minutes.

8. *Frequency:* Once.

9. *Total Estimated Annual Time Burden:* 259,00 hours.

10. *Total Estimated Annual Other Costs Burden:* 21,612 × 30 minutes per month (12 times per year) = 648,360. 21,612 × 60 minutes per month (12 times per year) = 1,296,720.

I. Abstract

This collection of information supports the National Aeronautics and Space Act of 1958, as amended, to create opportunities to improve processes associated with the evaluation and selection of individuals to participate in the NASA Astronaut Candidate Selection Program. The NASA Astronaut Selection Office (ASO) located at the Lyndon B. Johnson Space Center (JSC) in Houston, Texas, is responsible for selecting astronauts for the various United States Space Exploration programs. In evaluating an applicant for the Astronaut Candidate Program, it is important that the ASO has the benefit of qualitative and quantitative information and recommendations from persons who have been directly associated with the applicant over the course of their career. This information will be used by NASA ASO and Human Resources personnel, during the candidate selection process, to gain insight into the candidates' work ethic and professionalism as demonstrated in previous related employment activities. Respondents may include the astronaut candidate's previous employer(s)/direct-reporting manager, as well as co-workers and other references provided by the candidate.

NASA is committed to effectively performing the Agency's communication function in accordance with Section 203(a)(3) of the National Aeronautics and Space Act of 1958 (as amended) dictates that NASA ''provide for the widest practicable and appropriate dissemination of information concerning its activities and the results thereof'', and to enhance public understanding of, and participation in, the nation's aeronautical and space program.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–105776; File No. SR–MEMX–2026–17]

Self-Regulatory Organizations; MEMX LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Rule 22.3, Market Maker Class Appointments

June 25, 2026.

Pursuant to Section 19(b)(1) [1] of the Securities Exchange Act of 1934 (''Act'') [2] and Rule 19b–4 thereunder,[3] notice is hereby given that, on June 18, 2026, MEMX LLC (''MEMX'' or ''Exchange'') filed with the Securities and Exchange Commission (''Commission'') the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is filing with the Commission a proposal to amend Rule 22.3, Market Maker Class Appointments, to clarify the cutoff time by which an Options Market Maker [4] must enter an appointment request to one or more classes of option contracts traded on the Exchange. The text of the proposed rule change is provided in Exhibit 5 and is available on the Exchange's website at *https://info.memxtrading.com/regulation/rules-and-filings/.*

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Rule 22.3, Market Maker Class Appointments, to amend the cutoff time by which Options Market Makers may enter an appointment request for one or more options contracts traded on the Exchange. As discussed more fully below, the Exchange notes that other options exchanges have similar rules and cutoff times for entering Market Maker Class Appointments, and as such, the Exchange does not believe this proposal presents any novel issues not previously considered by the Commission.

Rule 22.3(b) currently states that an Options Market Maker may enter an appointment request via an Exchange approved electronic interface with the Exchange's systems by 9:00 a.m. Eastern Time, which appointment becomes effective on the day the Market Maker enters the appointment request. In practice, however, Market Makers utilize the Exchange's User Portal to upload Market Maker Class Appointments, and those uploads are automatically incorporated into the Exchange's systems for that trading day if uploaded prior to 6:00 a.m. Eastern Time. The Exchange has allowed Members to manually reach out via email or telephone in order to make any
