New Proposed Change

CBP is announcing a voluntary test for a new electronic informal entry process for mail in ACE through the development of new informal entry type 13—Informal Mail Entry. The new informal entry type 13 is applicable for shipments valued at \$2,500 or less and are sent to the United States via mail. The Entry Type 13 Test provides an

alternative to the new interim process for informal mail entries, as set forth in 19 CFR 145.12(b) by allowing filers to transmit informal entry for qualified mail shipments electronically. This test also creates an informal entry pathway for low-value mail shipments subject to Partner Government Agency (PGA) data requirements or duties other than those set forth in Chapters 1–97 of the Harmonized Tariff Schedule of the United States (HTSUS), which are ineligible for the interim process for informal mail entries, as set forth in 19 CFR part 145.

The test is open to owners and purchasers of merchandise being mailed to the United States and licensed customs brokers properly appointed by the owner, purchaser, or consignee of the merchandise being mailed to the United States, who will act as the importer of record (IOR) for the entry. The test is also open to carriers transporting mail to the United States, to transmit the postal tracking number as part of their manifest filing. CBP encourages all eligible parties to participate in this test to assess the functionality of this new entry type and to seize the opportunity to adapt to an automated informal mail entry process.

An entry type 13 requires the IOR to electronically transmit the following data elements to CBP:

- (1) Filer code;
- (2) IOR number;
- (3) Description of merchandise;
- (4) Country of origin;
- (5) All applicable 10-digit Harmonized Tariff Schedule of the United States (HTSUS) classification(s);
- (6) Quantity and weight, if using specific duty rates;
- (7) Duty rate;
- (8) Value;
- (9) Total duty owed;
- (10) Carrier name;
- (11) Tracking number generated by the foreign post operator; and
- (12) Arrival port.
