SUPPLEMENTARY INFORMATION:

Background

On April 12, 2021, the U.S. Department of Commerce (Commerce) published the *Order* on wire mesh from Mexico.¹ On March 2, 2026, Commerce published the notice of initiation of the first sunset review of the *Order*, pursuant to section 751(c) of the Tariff Act of 1930 (the Act) and 19 CFR 351.218(c).²

On March 16, 2026, Commerce received a notice of intent to participate in this review from the domestic interested parties,³ within the deadline specified in 19 CFR 351.218(d)(1)(i).⁴ The domestic interested parties claim it has interested party status within the meaning of section 771(9)(C) of the Act and 19 CFR 351.102(b)(29)(v) as U.S. producers of the domestic like product.⁵

On March 31, 2026, Commerce received an adequate substantive response from the domestic interested parties, within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i).⁶ Commerce did not receive a substantive response from either the Government of Mexico or a respondent interested party to this proceeding. On April 29, 2026,

Commerce notified the U.S. International Trade Commission (ITC) that it did not receive an adequate substantive response from respondent interested parties.⁷ As a result, Commerce conducted an expedited (120-day) sunset review of the *Order*, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(B)(2) and (C)(2).

Scope of the Order

The product covered by this *Order* is wire mesh from Mexico. For the full description of the scope of the *Order*, see the Issues and Decisions Memorandum.⁸

Analysis of Comments Received

A complete discussion of all issues raised in this sunset review, including the likelihood of continuation or recurrence of subsidization and the countervailable subsidy rates likely to prevail if the *Order* were to be revoked, is contained in the accompanying Issues and Decision Memorandum.⁹ A list of the topics discussed in the Issues and Decision Memorandum is attached as an appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS), which is available to registered users at <https://access.trade.gov>. In addition, complete versions of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/frnotices>.

Final Results of Sunset Review

Pursuant to sections 751(c) and 752(b) of the Act, Commerce determines that revocation of the *Order(s)* would be likely to lead to continuation or recurrence of countervailable subsidies at the following net countervailable subsidy rates:

Producers/exporters	Net countervailable subsidy rate (percent <i>ad valorem</i>)
Aceromex S.A. De C.V. (Aceromex)	1.03
Deacero S.A.P.I. de C.V.	102.10
