

successful programs, and/or possible startup programs?

- Should EPA specifically focus the contest on a particular crop or region of the country where desiccation is particularly high? Or should EPA ask entrants to explain why their idea/submission will have a substantial effect on the amount of conventional pesticide chemical desiccants being used for plant desiccation?

- If an applicant presents EPA with an existing or new technology as a proposed alternative to conventional pesticide chemical desiccation, what metrics should be used to evaluate it?

3. *Phasing and award structure.* EPA is requesting information on program implementation.

- How should EPA distribute the \$30 million total prize? For example, should EPA issue the prize to a single winner; should it be divided among multiple prizes?

- Should the challenge use a phased approach (e.g., Phase 1 ideation; Phase 2 proof-of-concept; Phase 3 pilot/demonstration)? Recommend phase timing, deliverables, and funding levels.

4. *Overall approach.* EPA recognizes the importance of transparency and stakeholder input as we continue to develop this program. Other feedback is welcome in the form of questions, comments or additional information for consideration as we move forward.

- Share any studies, case examples, or data sets that could inform challenge design, evaluation criteria, or regional pilot selection.

- Identify any priority crops/regions for early demonstrations and any partnerships that may be ready to participate.

B. What is the request for information?

EPA encourages all potentially interested parties, including growers and producer organizations, agricultural equipment manufacturers, agricultural research and extension services, food and feed processors, State, Local, Territorial, and Tribal Governments, and NGOs to comment on the Innovation Challenge. To the extent possible, the Agency asks commenters to please provide contact information, organization type, relevant experience, and any links to supporting materials *i.e.* please cite any public data related to or that supports responses, and to the extent permissible, describe any supporting data that is not publicly available.

Authority: 15 U.S.C. 3719.

Dated: June 30, 2026.

Douglas M. Troutman

Assistant Administrator, Office of Chemical Safety and Pollution Prevention.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-13493-01-OA]

Public Meeting of the Clean Air Scientific Advisory Committee (CASAC)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) Science Advisory Board (SAB) Branch is announcing a public meeting of the Clean Air Scientific Advisory Committee (CASAC). The purpose of the meeting is to receive a briefing from EPA on the National Ambient Air Quality Standards (NAAQS) review process and upcoming review documents for ongoing NAAQS reviews.

DATES: The CASAC will meet on July 22, 2026, from 1:00 p.m. to 5:00 p.m. Eastern Time.

ADDRESSES: The meeting will be conducted virtually. Registration will be required to participate in the meeting. To register, please visit the CASAC website: <https://casac.epa.gov> and click on the July 22, 2026, meeting or visit: https://usepa.zoomgov.com/webinar/register/WN_JiUoRamoQ9yiBoyyx24X4w.

FOR FURTHER INFORMATION CONTACT: For further information concerning this Notice, please contact Aaron Yeow, Designated Federal Officer (DFO), via telephone at (202) 564-2050, or email at yeow.aaron@epa.gov. General information about the CASAC, as well as any updates concerning the meeting announced in this document, can be found on the CASAC website at <https://casac.epa.gov>.

SUPPLEMENTARY INFORMATION:

Background: The CASAC was established pursuant to the Clean Air Act (CAA) Amendments of 1977, codified at 42 U.S.C. 7409(d)(2), to review air quality criteria and NAAQS and recommend to the EPA Administrator any new NAAQS and revisions of existing criteria and NAAQS as may be appropriate. The CASAC shall also: advise the EPA Administrator of areas in which additional knowledge is required to appraise the adequacy and basis of existing, new, or revised NAAQS; describe the research efforts necessary to provide the required information; advise the EPA Administrator on the relative contribution to air pollution concentrations of natural as well as anthropogenic activity; and advise the EPA Administrator of any adverse public health, welfare, social, economic, or energy effects which may result from various strategies for attainment and maintenance of such NAAQS. As amended, 5 U.S.C., App. Section 109(d)(1) of the Clean Air Act (CAA) requires that EPA carry out a periodic review and revision, as appropriate, of the air quality criteria and the NAAQS for the six "criteria" air pollutants.

The CASAC is a Federal Advisory Committee chartered under the Federal Advisory Committee Act (FACA), 5 U.S.C., App. 2, and conducts business in accordance with FACA and related regulations. The CASAC will comply with the provisions of FACA and all appropriate SAB Branch procedural policies. Pursuant to FACA and EPA policy, notice is hereby given that the CASAC will hold a public meeting to receive a briefing from EPA on the National Ambient Air Quality Standards (NAAQS) process and upcoming review documents for ongoing NAAQS reviews.

Availability of meeting materials: All meeting materials, including the agenda, will be available on the CASAC web page at <https://casac.epa.gov>.

Procedures for providing public input: Public comment for consideration by EPA's federal advisory committees and panels has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a federal advisory committee is different from the process used to submit comments to an EPA program office. Federal advisory committees and panels, including scientific advisory committees, provide independent advice to the EPA. Members of the public can submit relevant comments pertaining to the committee's charge or meeting materials. Input from the public to the CASAC will have the most impact if it provides specific scientific or technical information or analysis for the CASAC to consider or if it relates to the clarity or accuracy of the technical information. Members of the public wishing to provide comments should follow the instructions below to submit comments.

Oral statements: In general, individuals or groups requesting an oral presentation virtually will be limited to three minutes. Each person making an oral statement should consider providing written comments as well as their oral statement so that the points presented orally can be expanded upon in writing. Persons interested in providing oral statements should

contact the DFO listed in the **FOR FURTHER INFORMATION CONTACT** section; preferably via email, by July 15, 2026, to be placed on the list of registered speakers.

Written statements: Written statements will be accepted throughout the advisory process; however, for timely consideration by CASAC members, statements should be submitted to the DFO by July 15, 2026. Written statements should be supplied by email to the DFO listed in the **FOR FURTHER INFORMATION CONTACT** section. Submitters are requested to provide an unsigned version of each document because the SAB Branch does not publish documents with signatures on its websites. Members of the public should be aware that their personal contact information, if included in any written comments, may be posted to the CASAC website. Copyrighted material will not be posted without the explicit permission of the copyright holder.

Accessibility: For information on access or services for individuals with disabilities, please contact the DFO listed in the **FOR FURTHER INFORMATION CONTACT** section; at least ten business days before the meetings, to give the EPA as much time as possible to process your request.

V. Khanna Johnston,
Chief, Science Advisory Board Branch.

BILLING CODE 6560–50–P

FEDERAL DEPOSIT INSURANCE CORPORATION

[OMB No. 3064–0176;–0140]

Agency Information Collection Activities: Proposed Collection Renewal; Comment Request

AGENCY: Federal Deposit Insurance Corporation (FDIC).

ACTION: Notice and request for comment.

SUMMARY: The FDIC, as part of its obligations under the Paperwork

Reduction Act of 1995 (PRA), invites the general public and other Federal agencies to take this opportunity to comment on the renewal of the existing information collections described below (OMB Control No. 3064–0176 and –0140).

DATES: Comments must be submitted on or before August 31, 2026.

ADDRESSES: Interested parties are invited to submit written comments to the FDIC by any of the following methods:

- **Agency website:** <https://www.fdic.gov/resources/regulations/federal-register-publications/>.
- **Email:** comments@fdic.gov. Include the name and number of the collection in the subject line of the message.

- **Mail:** Robert Meiers, Regulatory Counsel, MB–3013, Federal Deposit Insurance Corporation, 550 17th Street NW, Washington, DC 20429.

- **Hand Delivery:** Comments may be hand-delivered to the guard station at the rear of the 17th Street NW building (located on F Street NW), on business days between 7 a.m. and 5 p.m.

All comments should refer to the relevant OMB control number. A copy of the comments may also be submitted to the OMB desk officer for the FDIC: Office of Information and Regulatory Affairs, Office of Management and Budget, New Executive Office Building, Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT: Robert Meiers, Regulatory Attorney, Romeiers@fdic.gov, MB–3013, Federal Deposit Insurance Corporation, 550 17th Street NW, Washington, DC 20429.

SUPPLEMENTARY INFORMATION:

Proposal To Renew the Following Currently Approved Collection of Information

1. **Title:** Reverse Mortgage Products.

OMB Number: 3064–0176.

Form Number: None.

Affected Public: Insured state nonmember banks and state savings associations making reverse mortgage.

Burden Estimate:

SUMMARY OF ESTIMATED ANNUAL BURDEN

[OMB No. 3064–0176]

Information collection (IC) (obligation to respond)	Type of burden (frequency of response)	Number of respondents	Number of responses per respondent	Average time per response (HH:MM)	Annual burden (hours)
1. Reverse Mortgage Products—Implementation, 12 CFR 365 (Mandatory).	Recordkeeping (Annual)	5	1	40:00	200
2. Reverse Mortgage Products—On-going, 12 CFR 365 (Mandatory).	Recordkeeping (Annual)	18	1	08:00	144
