Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: Pursuant to the PRA, 44 U.S.C. 3501 *et seq.*, and 5 CFR 1320.5, all information collections, as defined in 5 CFR 1320.3, require approval by OMB. ONRR may not conduct or sponsor, and you are not required to respond to, a collection of information unless it displays a currently valid OMB control number.

As part of ONRR’s continuing effort to reduce paperwork and respondent burdens, ONRR is inviting the public and other Federal agencies to comment on new, proposed, revised, and continuing collections of information in accordance with the PRA and 5 CFR 1320.8(d)(1). This helps ONRR to assess the impact of its information collection requirements and minimize the public’s reporting burden. It also helps the public understand ONRR’s information collection requirements and provide the requested data in the desired format.

ONRR is especially interested in public comments addressing the following:

- (1) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility.

- (2) The accuracy of ONRR’s estimate of the burden for this collection of information, including the validity of the methodology and assumptions used.

- (3) Ways to enhance the quality, utility, and clarity of the information to be collected.

- (4) How might the agency minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

As required in 5 CFR 1320.8(d), ONRR published a 60-day notice, for review and comment, in the **Federal Register** on March 3, 2026 (91 FR 10413). ONRR reached out to five contacts for input and received no comments.

Comments that you submit in response to this notice are a matter of

public record. ONRR will include or summarize each comment in its request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask ONRR in your comment to withhold your personal identifying information from public review, ONRR cannot guarantee that it will be able to do so.

(a) General Information

ONRR reviews and audits the reporting and payment of royalties and other amounts due to the United States under Federal oil and gas leases. See U.S. Department of the Interior Departmental Manual, 112 DM 34.1 (Dec. 9, 2020). ONRR’s responsibilities include valuing oil and gas for royalty purposes, evaluating claimed transportation and processing allowances, and granting royalty prepayment, accounting, and other relief for marginal properties in appropriate circumstances. ONRR collects the information covered by this ICR for these purposes. ONRR shares information with the Bureau of Land Management, Bureau of Indian Affairs, Bureau of Safety and Environmental Enforcement, Bureau of Ocean Energy Management, and State governments for their land and lease management responsibilities.

(b) Federal Oil and Gas Royalties and Valuation

Title 30 CFR part 1202—Royalties, subparts B and C, and 30 CFR part 1206—Product Valuation, subparts C and D, require a lessee to provide certain information necessary to calculate royalties due to the United States. Information collected under these subparts is used for valuing oil and gas, calculating and allocating transportation and processing allowances, determining location and quality differentials, and allocating residue gas and gas plant products to leases. See §§ 1206.102, 1206.108, 1206.110, 1206.113, 1206.141, 1206.142, 1206.148, 1206.150, 1206.152 to 1206.154, 1206.160, and 1206.161.

Some information collected under parts 1202 and 1206 is submitted on Form ONRR-2014 (Report of Sales and Royalty Remittance). This ICR does not include burden hours for submitting information on form ONRR-2014 because those burden hours are addressed in ONRR’s ICR 1012-0004 (Royalty and Production Reporting). See

Agency Information Collection Activities; Royalty and Production Reporting, 90 FR 36068 (July 31, 2025).

(c) Accounting and Auditing Relief for Marginal Properties

ONRR's regulations, at 30 CFR part 1204, allow ONRR or a State that receives a statutorily prescribed portion of the royalties from a Federal lease to grant certain relief for marginal properties. This relief includes allowing a lessee to make a lump-sum advance payment of royalties instead of monthly royalty payments and various accounting and auditing relief options. See 30 CFR 1204.3. Lessees must submit information to ONRR for this relief. See §§ 1204.202, 1204.203, 1204.205, 1204.206, and 1204.209 through 1204.211.

(d) Requests To Exceed Allowance Limits

Title 30 CFR part 1206—Product Valuation, subparts C and D, prior to their amendment effective January 1, 2017, permitted a Federal oil and gas lessee to request to exceed certain caps that ONRR's regulations placed on transportation and processing allowances by filing form ONRR-4393 (Request to Exceed Regulatory Allowance Limitation), with supporting documentation. See §§ 1206.109(c)(2), 1206.153(c)(3), and 1206.158(c)(3). Subject to the statute of limitations, a lessee may file this form to request to exceed the caps for oil and gas produced prior to January 1, 2017. ONRR revised the form's general instructions to align with current regulations and to update the mailstop number.

This ICR does not include burden hours for submitting information on Form ONRR-4393 for Indian leases because those burden hours are addressed in ONRR's ICR 1012-0002 (Indian Oil and Gas Valuation).
