BILLING CODE 4163-18-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[60Day-26-0841; Docket No. CDC-2026-
1156]

Proposed Data Collection Submitted for Public Comment and Recommendations

AGENCY: Centers for Disease Control and
Prevention (CDC), Department of Health
and Human Services (HHS).

ACTION: Notice with comment period.

SUMMARY: The Centers for Disease
Control and Prevention (CDC), as part of
its continuing effort to reduce public
burden and maximize the utility of
government information, invites the
general public and other federal
agencies the opportunity to comment on
a continuing information collection, as
required by the Paperwork Reduction
Act of 1995. This notice invites
comment on a proposed information
collection project titled Management
Information System for Comprehensive
Cancer Control Programs. This CDC
project is designed to use annual key
informant interviews and biennial
surveys to monitor program outcomes
and report progress to CDC annually.

DATES: CDC must receive written
comments on or before September 4,
2026.

ADDRESSES: You may submit comments,
identified by Docket No. CDC-2026-
1156 by either of the following methods:

- **Federal eRulemaking Portal:**
www.regulations.gov. Follow the
instructions for submitting comments.
- **Mail:** Jeffrey M. Zirger, Information
Collection Review Office, Centers for
Disease Control and Prevention, 1600
Clifton Road NE, MS H21-8, Atlanta,
Georgia 30329.

Instructions: All submissions received
must include the agency name and
Docket Number. CDC will post, without
change, all relevant comments to
www.regulations.gov.

Please note: Submit all comments
through the Federal eRulemaking portal
(www.regulations.gov) or by U.S. mail to
the address listed above.

FOR FURTHER INFORMATION CONTACT: To
request more information on the

proposed project or to obtain a copy of
the information collection plan and
instruments, contact Jeffrey M. Zirger,
Information Collection Review Office,
Centers for Disease Control and
Prevention, 1600 Clifton Road NE, MS
H21-8, Atlanta, Georgia 30329;
Telephone: 404-639-7570; Email: omb@cdc.gov.

SUPPLEMENTARY INFORMATION: Under the
Paperwork Reduction Act of 1995 (PRA)
(44 U.S.C. 3501-3520), federal agencies
must obtain approval from the Office of
Management and Budget (OMB) for each
collection of information they conduct
or sponsor. In addition, the PRA also
requires federal agencies to provide a
60-day notice in the **Federal Register**
concerning each proposed collection of
information, including each new
proposed collection, each proposed
extension of existing collection of
information, and each reinstatement of
previously approved information
collection before submitting the
collection to the OMB for approval. To
comply with this requirement, we are
publishing this notice of a proposed
data collection as described below.

The OMB is particularly interested in
comments that will help:

1. Evaluate whether the proposed
collection of information is necessary
for the proper performance of the
functions of the agency, including
whether the information will have
practical utility;
2. Evaluate the accuracy of the
agency's estimate of the burden of the
proposed collection of information,
including the validity of the
methodology and assumptions used;
3. Enhance the quality, utility, and
clarity of the information to be
collected;
4. Minimize the burden of the
collection of information on those who
are to respond, including through the
use of appropriate automated,
electronic, mechanical, or other
technological collection techniques or
other forms of information technology,
e.g., permitting electronic submissions
of responses; and
5. Assess information collection costs.

Proposed Project

Management Information System for
Comprehensive Cancer Control
Programs (OMB Control No. 0920-0841,
Exp 09/30/2026)—Revision—National
Center for Chronic Disease Prevention
and Health Promotion (NCCDHP),
Centers for Disease Control and
Prevention (CDC)

Background and Brief Description

CDC requests clearance of a Revision
for the National Comprehensive Cancer

Control Program's (NCCCP)
Management Information System for
Comprehensive Cancer Control
Programs (OMB Control No. 0920-0841,
Exp. 9/30/2026) to continue electronic
data collection of information about the
NCCCP, funded by the Comprehensive
Cancer Control Branch of the Centers for
Disease Control and Prevention (CDC).
OMB approval is requested for three
years. This information collection is
authorized by the Public Health Service
Act, section 301, 241(a).

The Comprehensive Cancer Control
Branch manages the NCCCP, which
provides funding to 66 recipients
representing State Health Departments,
the District of Columbia, U.S. Territories
and Freely Associated States, Federally
Recognized American Indian Tribes,
Tribal Organizations, Alaska Native
Organizations, and Urban Indian
Organization; or their Bona Fide Agents,
to design, implement, and evaluate
comprehensive cancer control plans to
reduce the burden of cancer locally.
Support for these programs is a
cornerstone of CDC efforts to reduce the
burden of cancer throughout the nation.
Awards to individual applicants are
made for a five-year program period.
Continuation awards for subsequent
budget periods are made on the basis of
satisfactory progress in achieving both
national and program-specific goals and
objectives, as well as the availability of
funds.

In 2022, 66 recipients were selected
for funding for DP22-2202 ("Cancer
Prevention and Control Programs for
State, Territorial, and Tribal
Organizations") to implement a program
to support cancer coalition efforts that
leverage resources to plan and
implement evidence-based strategies to
promote the primary prevention of
cancer; support cancer early detection
efforts, address the needs of cancer
survivors; and promote health for all.
Consistent with programmatic changes,
the proposed data collection plan for
DP22-2202 has been redesigned to
increase efficiency by updating existing
and adding new data collection
instruments, which were previously
approved under the current OMB
package, and associated Generic
Clearance package (OMB Control No.
0920-0879). This revised data collection
will allow CDC to continue providing
routine feedback to recipients based on
their data submissions, tailor technical
assistance as needed, support program
planning, and assess program outcomes.

In this Revision, CDC seeks OMB
approval to continue using an interview
and web-based survey to collect, store,
retrieve, share, and report accurate and
timely information to monitor and

evaluate recipient performance. Questions have been refined to better support comprehensive assessment of the program recipients and their partners, and CDC has strengthened the alignment of all data collection instruments used for the assessment of the cooperative agreement DP22–2202.

The instruments were reviewed for consistency, streamlined where possible to remove duplicative questions, and updated to improve clarity and usability for respondents. Key revisions included updates to evidence-based intervention questions to ensure consistent and aligned terminology. In addition,

instructions for these questions were streamlined to emphasize identification of primary interventions. CDC requests OMB approval for a total estimated annualized burden of 183 hours. There are no costs to respondents other than their time.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondents	Form name	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Total burden (in hours)
Program Director for State-, Tribal-, or Territorial-based Cancer Prevention and Control Program.	NCCCP Program Director Survey.	44	1	90/60	66
Partner for State-, Tribal-, or Territorial-based Cancer Prevention and Control Program.	NCCCP Partner Survey	44	1	60/60	44
Program Director for State-, Tribal-, or Territorial-based Cancer Prevention and Control Program.	NCCCP Key Informant Interview Guide—Program Director.	18	1	75/60	23
Program Implementer for State-, Tribal-, or Territorial-based Cancer Prevention and Control Program.	NCCCP Key Informant Interview Guide—Program Implementer.	18	1	75/60	23
Partner for State-, Tribal-, or Territorial-based Cancer Prevention and Control Program.	NCCCP Key Informant Interview Guide—Partner.	18	1	60/60	18
Program Director for State-, Tribal-, or Territorial-based Cancer Prevention and Control Program.	NCCCP Interview Pre-Planning Worksheet.	18	1	30/60	9
Total					183

BILLING CODE 4163–18–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[60Day-26–1423; Docket No. CDC–2026–1190]

Proposed Data Collection Submitted for Public Comment and Recommendations

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice with comment period.

SUMMARY: The Centers for Disease Control and Prevention (CDC), as part of its continuing effort to reduce public burden and maximize the utility of government information, invites the general public and other Federal agencies the opportunity to comment on a continuing information collection, as required by the Paperwork Reduction Act of 1995. This notice invites

comment on a proposed information collection project titled Expanding PrEP in Communities of Color (EPICC). This project is designed to facilitate preexposure prophylaxis (PrEP) shared decision making, train providers on the use of Evidence Based Tools (EBT), and evaluate the impact within a longitudinal cohort.

DATES: CDC must receive written comments on or before September 4, 2026.

ADDRESSES: You may submit comments, identified by Docket No. CDC–2026–1190 by either of the following methods:

- **Federal eRulemaking Portal:** www.regulations.gov. Follow the instructions for submitting comments.
- **Mail:** Jeffrey M. Zirger, Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, MS H21–8, Atlanta, Georgia 30329.

Instructions: All submissions received must include the agency name and Docket Number. CDC will post, without change, all relevant comments to www.regulations.gov.

Please note: Submit all comments through the Federal eRulemaking portal (www.regulations.gov) or by U.S. mail to the address listed above.

FOR FURTHER INFORMATION CONTACT: To request more information on the

proposed project or to obtain a copy of the information collection plan and instruments, contact Jeffrey M. Zirger, Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road NE MS H21–8, Atlanta, Georgia 30329; Telephone: 404–639–7118; Email: omb@cdc.gov.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501–3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. In addition, the PRA also requires federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each new proposed collection, each proposed extension of existing collection of information, and each reinstatement of previously approved information collection before submitting the collection to the OMB for approval. To comply with this requirement, we are publishing this notice of a proposed data collection as described below.

The OMB is particularly interested in comments that will help:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including
