[Docket No. FR–7106–N–30]

AGENCY: Office of Public and Indian Housing (PIH), HUD.

ACTION: Notice of a Rescindment of a System of Records.

HUD has determined that OSCS is duplicative and that its functions are fully covered under the Customer Relationship Management (CRM) system of records (SOR). Records previously maintained in OSCS were consolidated into CRM as of October 30, 2024, which provides comprehensive coverage for customer service interactions across HUD programs.

DATES: This action is effective immediately upon publication. July 6, 2026.

SUPPLEMENTARY INFORMATION: HUD has consolidated the functions previously performed by OSCS into the CRM SOR (Docket No. FR–7092–N–39, 89 FR 86352, October 30, 2024). CRM documents the collection, maintenance, and use of information within HUD’s customer relationship platforms, including Microsoft Dynamics and HUD Central, to manage, track, route, and respond to customer service inquiries and interactions across HUD programs. As a result of this consolidation, records formerly maintained in OSCS (Under GRS Authority: DAA–GRS–2017–0003–0002; Temporary. Destroy upon verification of successful creation of the final document or file, or when no longer needed for business use, or whichever is later.) are now managed

under CRM, and OSCS is no longer necessary as a separate SOR.

[Docket No. FR–6607–N–01]

Section 8 Housing Assistance Payments Program—Fiscal Year (FY) 2026 Inflation Factors for Public Housing Agency (PHA) Renewal Funding

AGENCY: Office of the Assistant Secretary for Policy Development and Research, HUD.

ACTION: Notice.

SUMMARY: This notice establishes Renewal Funding Inflation Factors (RFIFs) to adjust Fiscal Year (FY) 2026 renewal funding for the Housing Choice Voucher (HCV) Program of each public housing agency (PHA), as required by the Transportation, Housing and Urban Development, and Related Agencies Appropriations Act, 2026, enacted as part of the Consolidated Appropriations Act, 2026. The notice apportions the expected percent change in national Per Unit Cost (PUC) for the HCV program, 2.337 percent, to each PHA based on the change in Fair Market Rent (FMR) for their operating area(s) to produce the FY 2026 RFIFs. HUD continues to use the methodology refined in FY 2025 to produce the national PUC forecast. This approach adjusts the gross rent component by empirically weighting projected recent-mover rents, as measured by the FMR, with an independent forecast of all-mover rents, as measured by the Consumer Price Index (CPI). In addition, HUD is seeking comment on potential RFIF methodological changes it is considering for FY 2027 which would
