Title: FERC–912, PURPA Section 210(m) Notification Requirements Applicable to Cogeneration and Small Power Production Facilities.

OMB Control No.: 1902–0237.

Type of Request: Three-year extension of the FERC–912 information collection requirements with no changes to the current reporting requirements.

Abstract: On August 8, 2005, the Energy Policy Act of 2005 (EPAct

2005)¹ was signed into law. Section 1253(a) of EPAct 2005 amends Section 210 of the Public Utility Regulatory Policies Act of 1978 (PURPA) by adding subsection “(m),” which provides, based on a specified showing, for the termination and subsequent reinstatement of an electric utility's obligation to purchase from, and sell energy and capacity to, qualifying facilities (QFs). In 2019, the Commission revised its regulations in 18 CFR 292.309–292.313 in Docket No. RM19–15–000 to account for industry changes. These industry changes include: the decrease in reliance on oil and natural gas, the increase of natural gas supply due to access of shale reserves, and the decreasing costs of renewable energy sources. Due to the modifications in the rulemaking, the Commission revised its information collection requirements. The Commission now collects the following information on FERC Form 912:

- *§ 292.310:* an electric utility's application for the *termination of its obligation* to purchase energy from a QF,

- *§ 292.311:* an affected entity or person's application to the Commission for an order *reinstating the electric utility's obligation* to purchase energy from a QF,

- *§ 292.312:* an electric utility's application for the *termination of its obligation* to sell energy and capacity to QFs, and

- *§ 292.313:* an affected entity or person's application to the Commission for an order *reinstating the electric utility's obligation* to sell energy and capacity to QFs.²

Type of Respondents: Electric utilities.

Estimate of Annual Burden:³ The Commission estimates the total Public Reporting Burden and cost for this information collection as follows:

¹ Public Law 109–58, 119 Stat. 594 (2005).

² 18 CFR 292.311 and 292.313.

³ Burden as the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. For further explanation of what is included in the information collection burden, refer to 5 CFR 1320.3.
