It is DOE's policy that all comments may be included in the public docket, without change and as received, including any personal information provided in the comments (except information deemed to be exempt from public disclosure).

DOE considers public participation to be a very important part of the process for developing energy conservation standards. DOE actively encourages the participation and interaction of the public during the comment period in this process. Interactions with and between members of the public provide a balanced discussion of the issues and assist DOE.

VII. Approval of the Office of the Secretary

The Secretary of Energy has approved publication of this request for information and request for comment.

Minor New Source Review Program Air Permitting Public Participation Requirements for State Implementation Plans

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The U.S. Environmental Protection Agency (EPA) is proposing to revise the public participation regulatory requirements for sources subject to Clean Air Act (CAA) New Source Review (NSR) programs approved into State Implementation Plans (SIPs). Specifically, the EPA is proposing to recognize in regulation that State and local air quality regulatory authorities (“air agencies”) determine, pursuant to the CAA, whether, when, and to what extent public participation in minor NSR programs is necessary to assure the National Ambient Air Quality Standards (NAAQS) are achieved. If finalized, the changes effected by this rulemaking would provide State and local air agencies with greater discretion to identify the requisite level of public participation that is appropriate in their minor NSR programs, which regulate individual authorizations to construct minor stationary sources and minor modifications to existing stationary sources.

DATES: *Comments.* Comments must be received on or before August 21, 2026.

Public hearing: If anyone contacts us requesting a public hearing on or before July 12, 2026, the EPA will hold a virtual public hearing on July 22, 2026. See **SUPPLEMENTARY INFORMATION** for information on requesting and registering for a public hearing.
