

Direct Loans received on or after July 1, 2026. Additionally, previous provisions regulated in 34 CFR 685.209 effective July 1, 2024, were invalidated as a result of court actions on March 10, 2026.

Section 493C of the Higher Education Act of 1965, as amended (the HEA), authorizes the Income-Based Repayment (IBR) Plan for borrowers who obtain student loans through the Federal Family Education Loan (FFEL) Program and William D. Ford Federal Direct Loan (Direct Loan) Program. Section 455(e) of the HEA describes income-contingent repayment plans for borrowers who obtain student loans through the Direct Loan Program. Section 455(q) of the HEA describes the Repayment Assistance Plan for borrowers who obtain student loans through the Direct Loan Program. These plans are collectively referred to as income driven repayment (IDR) plans and the regulations that govern them are in 34 CFR 682.215 (for FFEL Program loans) and 685.209 (for Direct Loans). There are three income-contingent repayment plans: the Saving on a Valuable Education (SAVE) Plan (formerly REPAYE), Pay As You Earn (PAYE) Plan, and the Income-Contingent Repayment (ICR) Plan. The court action effective March 10, 2026 invalidates the SAVE Plan and the OBBBA requires the remaining income-contingent plans be sunset by July 1, 2028.

The Department is updating the currently approved IDR Request Form that is used by a borrower to enroll, recertify, or change their IDR plan to support the provisions identified by the OBBBA and court action. Specifically, the form is being updated to add the Repayment Assistance Plan as an option for borrowers to select and revising the questions related to family size to accurately gather the borrower's number of dependents—a component unique to the Repayment Assistance Plan. Additionally, the form explains the terms of the Repayment Assistance Plan and provides notice that the PAYE and ICR plans will be sunset in 2028 (the SAVE Plan was removed in a previous version of the form as a result of a court injunction). Additional updates to improve clarity and the borrower experience as a result of these changes have also been made.

Ross Santy,

Chief Data Officer, Office of Planning, Evaluation and Policy Development.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. AD26–7–000]

PJM Governance and Stakeholder Reforms; Second Supplemental Notice of Commission-Led Technical Conference

As announced in the May 12, 2026 Notice and the June 5, 2026 Supplemental Notice in the above-referenced proceeding, the Federal Energy Regulatory Commission (Commission) will convene a Chairman and Commissioner-led technical conference. The one-day technical conference will take place from 9:00 a.m. to 4:00 p.m. Eastern Time on Thursday, July 23, 2026, in the Kevin J. McIntyre Commission Meeting Room at the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

The purpose of this technical conference is to discuss PJM Interconnection, L.L.C.'s (PJM) governance and stakeholder processes, with a particular focus on identifying and evaluating concrete, actionable reforms to improve PJM's ability to address operational and market needs in a timely and efficient manner. The conference will explore specific governance features and stakeholder processes in PJM that impact timely action on operational and market needs. The conference will also explore

potential reforms to PJM governance structure and stakeholder processes. The preliminary agenda for this conference is attached to this Second Supplemental Notice and provides panelist assignments.

All panelists must submit pre-filed statements outlining their views on the topics of the technical conference, which may address some or all of the questions associated with their panel and may also address related issues. Panelists must submit a pre-filed statement no later than 5:00 p.m. Eastern Time on Tuesday, July 14, 2026. Commission staff will post pre-filed statements submitted by panelists on the FERC technical conference web page prior to the conference and in eLibrary. With the exception of the opening statements of invited speakers, all other panels will proceed immediately to questions from the Chairman and Commissioners.

Prior to the technical conference, all interested persons are also invited to file in the docket captioned above comments on the issues to be discussed at the conference, including on the questions listed in the attached agenda. Commenters need not answer all the questions but are encouraged to organize responses using the numbering and sequencing in the attached agenda.

The Commission will not discuss any specific proceeding pending before the Commission at this technical conference. Consistent with that approach to this technical conference, panelists and commenters should not address specific proceedings pending before the Commission in their respective pre-filed statements and comments.

The technical conference will be open to the public. Advance registration is not required, and there is no fee for attendance. Information will also be posted on the Calendar of Events on the Commission's website, www.ferc.gov, prior to the event. To stay apprised of issuances in this docket, there is an "eSubscription" link on the Commission's website that enables subscribers to receive email notification when a document is added to a subscribed docket.

The technical conference will be transcribed and webcast. Transcripts will be available for a fee from Ace Reporting (202–347–3700). A link to the webcast of this event will be available in the Commission Calendar of Events at www.ferc.gov. The Commission provides technical support for the free webcasts. Please call 202–502–8680 or email customer@ferc.gov if you have any questions.
