Postponement of Preliminary Determination

Section 733(b)(1)(A) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in a LTFV investigation within 140 days after the date on which Commerce initiated the investigation. investigation if: (A) the petitioners² make a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless it finds compelling reasons to deny the request.

On July 1, 2026, the petitioners submitted a timely request that Commerce postpone the preliminary determination in the LTFV investigation of large electrodes from India.³ The petitioners stated that they request postponement to allow Commerce sufficient time to collect questionnaire responses, fully analyze them, and issue supplemental questionnaires as may be necessary.⁴

For the reasons stated above and because there are no compelling reasons to deny the request, Commerce, in accordance with section 733(c)(1)(A) of the Act, is postponing the deadline for the preliminary determination by 50 days (*i.e.*, 190 days after the date on which this investigation was initiated). As a result, Commerce will issue its preliminary determination no later than September 22, 2026. In accordance with section 735(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determination of this investigation will continue to be 75 days after the date of the preliminary determination, unless postponed at a later date.

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Certain Aluminum Foil From the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review; 2024–2025

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that producers/exporters made sales of subject merchandise at less than normal value during the period of review (POR), April 1, 2024, through March 31, 2025. Interested parties are invited to comment on these preliminary results of review.

DATES: Applicable July 13, 2026.

FOR FURTHER INFORMATION CONTACT: Jacob Waddell, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-1369.

SUPPLEMENTARY INFORMATION:

Background

On May 20, 2025, based on timely requests for review, in accordance with 19 CFR 351.221(c)(1)(i), we initiated an administrative review of the antidumping duty order on certain aluminum foil (aluminum foil) from the People's Republic of China (China).¹ On July 28, 2025, Commerce selected Dingheng New Materials Co., Ltd. and Jiangsu Dingsheng New Materials Joint-Stock Co., Ltd. (collectively, Dingsheng) as the mandatory respondent in this review.²

Due to the lapse in appropriations and Federal Government shutdown, on November 14, 2025, Commerce tolled all deadlines in administrative proceedings by 47 days.³ Additionally, due to a backlog of documents that were electronically filed via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS)

during the Federal Government shutdown, on November 24, 2025, Commerce tolled all deadlines in administrative proceedings by an additional 21 days.⁴ Between February and June 2026, we extended the preliminary results of this review to no later than July 7, 2026.⁵

For a complete description of the events that followed the initiation of this review, *see* the Preliminary Decision Memorandum.⁶ A list of the topics discussed in the Preliminary Decision Memorandum is attached as an appendix to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via ACCESS, which is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/frnotices>.

Scope of the Order

The merchandise covered by the scope of this *Order* is aluminum foil from China. For a complete description of the scope of the *Order*, *see* the Preliminary Decision Memorandum.

Methodology

Commerce is conducting this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act). Because China is a non-market economy country within the meaning of section 771(18) of the Act, we calculated normal value in accordance with section 773(c) of the Act. For a full description of the methodology underlying our preliminary results, *see* the Preliminary Decision Memorandum.

Separate Rates

We preliminarily determine that, in addition to Dingsheng, one company not individually examined, Xiamen Xiashun Aluminium Co., Ltd. (Xiamen Xiashun), is eligible for a separate rate in this administrative review.

The Act does not address the establishment of a rate to apply to companies not selected for individual
