

by mail at: Jodi Wilson, Vice President and General Counsel, 1600, 333 7th Avenue SW, Calgary, AB Canada T2P 2Z1, or by email (with a link to the document) at jodi.wilson@steelreef.ca. Any subsequent submissions by an intervenor must be served on the applicant and all other parties to the proceeding. Contact information for parties can be downloaded from the service list at the eService link on FERC Online. Service can be via email with a link to the document.

All timely, unopposed¹⁰ motions to intervene are automatically granted by operation of Rule 214(c)(1).¹¹ Motions to intervene that are filed after the intervention deadline are untimely, and may be denied. Any late-filed motion to intervene must show good cause for being late and must explain why the time limitation should be waived and provide justification by reference to factors set forth in Rule 214(d) of the Commission's Rules and Regulations.¹² A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies (paper or electronic) of all documents filed by the applicant and by all other parties.

Tracking the Proceeding

Throughout the proceeding, additional information about the project will be available from OPP at (202) 502-6595 or on the FERC website at www.ferc.gov using the "eLibrary" link as described above. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. For more information and to register, go to www.ferc.gov/docs-filing/esubscription.asp.

[Docket No. CP25-502-001]

Transcontinental Gas Pipe Line Company, LLC; Notice; Notice of Request of Extension of Time

Take notice that on June 25, 2026, Transcontinental Gas Pipe Line

Company, LLC (Transco) requested that the Commission grant an extension of time, until December 31, 2027, to complete the abandonment of certain offshore platforms, gathering and transmission laterals, and appurtenant facilities (South East Louisiana Area Abandonment Project or Project) located in federal waters offshore Louisiana as authorized in the Order Approving Abandonment (Order).¹ The Order required Transco to complete abandonment of the Project facilities within one year of the date of the Order, or by July 30, 2026.

Currently, Transco has completed the flushing and disconnection of pipeline segments 4757, 4759, 4760, 4761, 5099, 13446, and 15859. Additionally, Transco states pipeline segments 5784 and 5787 have been successfully pigged and isolated. However, Transco requires additional favorable seasonal windows to safely execute the cut at the Eugene Island Block 136 platform, as well as final subsea tube turn removals at the Eugene Island Block 158 platform in order to complete the physical abandonment of these facilities. Thus, Transco requests an extension of time to complete abandonment of the Project facilities until December 31, 2027.

This notice establishes a 15-calendar day intervention and comment period deadline. Any person wishing to comment on Transco's request for an extension of time may do so. No reply comments or answers will be considered. If you wish to obtain legal status by becoming a party to the proceedings for this request, you should, on or before the comment date stated below, file a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (NGA) (18 CFR 157.10).

As a matter of practice, the Commission itself generally acts on requests for extensions of time to complete construction for NGA facilities when such requests are contested before order issuance. For those extension requests that are contested,² the Commission will aim to issue an order acting on the request within 45 days.³ The Commission will address all arguments relating to whether the applicant has demonstrated there is

good cause to grant the extension.⁴ The Commission will not consider arguments that re-litigate the issuance of the certificate order, including whether the Commission properly found the project to be in the public convenience and necessity and whether the Commission's environmental analysis for the certificate complied with the National Environmental Policy Act (NEPA).⁵ At the time a pipeline requests an extension of time, orders on certificates of public convenience and necessity are final and the Commission will not re-litigate their issuance.⁶ The Director of the Office of Energy Projects, or his or her designee, will act on all of those extension requests that are uncontested.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<http://www.ferc.gov>).
