DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 4113-067]

Oswego Hydro Partners, LP; Notice of Waiver of Water Quality Certification

On February 27, 2024, Oswego Hydro Partners, LP filed an application for a license for the Phoenix Hydroelectric Project (project) in the above captioned docket. On June 6, 2025, the New York State Department of Environmental Conservation (New York DEC) received a request for a Clean Water Act section 401(a)(1) water quality certification from Oswego Hydro Partners, LP, in conjunction with the above captioned project.

On June 23, 2025, Commission staff provided New York DEC with written notice that the applicable reasonable period of time for it to act on the certification request was one (1) year from the date of receipt of the request, after which the certification requirement would be waived if the certifying authority failed to act by June 6, 2026. Because New York DEC did not act by June 6, 2026, we are notifying you pursuant to section 401(a)(1) of the Clean Water Act, 33 U.S.C. 1341(a)(1),

that waiver of the certification requirement has occurred.

(Authority: 18 CFR 2.1)

Dated: July 8, 2026.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP26-545-000]

Steel Reef Pipelines US LLC; Notice of Application and Establishing Intervention Deadline

Take notice that on June 17, 2026, Steel Reef Pipelines US LLC (Steel Reef Pipelines), 8131 Highway 2, Stanley, North Dakota 58784, filed an application under section 3 of the Natural Gas Act (NGA) and Part 153 of the Commission's regulations requesting authorization for its Border Crossing Facilities Project (Project) which consists of a 0.65-mile-long 10-inch-diameter segment of the Flat Lake Access Pipeline gathering system to be constructed by Steel Reef Pipelines¹ and a Presidential Permit for such facilities. The Flat Lake Access Pipeline is designed to export up to 80 million cubic feet per day (MMcf/d) of sour natural gas from an existing Compressor Station near Fortuna, North Dakota, to the Flat Lake Gas Plant in Saskatchewan, Canada, and to import approximately 6 MMcf/d of fuel gas to supply the Compressor Station (via a collocated 6-inch-diameter pipeline), all as more fully set forth in the application

¹ The Flat Lake Access Pipeline will be an approximately 8-mile-long gathering system to be constructed by Steel Reef Pipelines to export unprocessed sour natural gas from an existing compressor station near Fortuna, North Dakota across the international border to the existing Flat Lake Gas Plant, located approximately 3 miles north of the international border in Saskatchewan, Canada. The 0.65-mile-long jurisdictional portion of the Flat Lake Access Pipeline run from milepost (MP) 0 at the Canada/United States border, to MP 0.65 in North Dakota.

which is on file with the Commission and open for public inspection.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<http://www.ferc.gov>). From the Commission's Home Page on the internet, this information is available on eLibrary. The full text of this document is available on eLibrary in PDF and Microsoft Word format for viewing, printing, and/or downloading. To access this document in eLibrary, type the docket number excluding the last three digits of this document in the docket number field.

User assistance is available for eLibrary and the Commission's website during normal business hours from FERC Online Support at (202) 502-6652 (toll free at 1-866-208-3676) or email at ferconlinesupport@ferc.gov, or the Public Reference Room at (202) 502-8371, TTY (202) 502-8659. Email the Public Reference Room at public.referenceroom@ferc.gov.

Any questions regarding the proposed project should be directed to Jodi Wilson, Vice President and General Counsel, 1600, 333 7th Avenue SW, Calgary, AB Canada T2P 2Z1, by phone at (403) 263-8333, or by email at jodi.wilson@steelreef.ca.

Pursuant to section 157.9 of the Commission's Rules of Practice and Procedure,² within 90 days of this Notice the Commission staff will either: complete its environmental review and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or environmental assessment (EA) for this proposal. The filing of an EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state

² 18 CFR 157.9.

agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

Public Participation

There are three ways to become involved in the Commission's review of this project: you can file comments on the project, you can protest the filing, and you can file a motion to intervene in the proceeding. There is no fee or cost for filing comments or intervening. The deadline for filing a motion to intervene is 5:00 p.m. Eastern Time on July 21, 2026. How to file protests, motions to intervene, and comments is explained below.

For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, contact the Office of Public Participation (OPP) at (202) 502-6595 or OPP@ferc.gov.

Comments

Any person wishing to comment on the project may do so. Comments may include statements of support or objections, to the project as a whole or specific aspects of the project. The more specific your comments, the more useful they will be.

Protests

Pursuant to sections 157.10(a)(4)³ and 385.211⁴ of the Commission's regulations under the NGA, any person⁵ may file a protest to the application. Protests must comply with the requirements specified in section 385.2001⁶ of the Commission's regulations. A protest may also serve as a motion to intervene so long as the protestor states it also seeks to be an intervenor.

To ensure that your comments or protests are timely and properly recorded, please submit your comments on or before 5:00 p.m. Eastern Time on July 21, 2026.

There are three methods you can use to submit your comments or protests to the Commission. In all instances, please reference the Project docket number CP26-545-000 in your submission.

(1) You may file your comments electronically by using the eComment feature, which is located on the Commission's website at www.ferc.gov under the link to Documents and

Filings. Using eComment is an easy method for interested persons to submit brief, text-only comments on a project;

(2) You may file your comments or protests electronically by using the eFiling feature, which is located on the Commission's website (www.ferc.gov) under the link to Documents and Filings. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on "eRegister." You will be asked to select the type of filing you are making; first select "General" and then select "Comment on a Filing"; or

(3) You can file a paper copy of your comments or protests by mailing them to the following address below. Your written comments must reference the Project docket number (CP26-545-000).

To file via USPS: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

To file via any other courier: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852.

The Commission encourages electronic filing of comments (options 1 and 2 above) and has eFiling staff available to assist you at (202) 502-8258 or FercOnlineSupport@ferc.gov.

Persons who comment on the environmental review of this project will be placed on the Commission's environmental mailing list, and will receive notification when the environmental documents (EA or EIS) are issued for this project and will be notified of meetings associated with the Commission's environmental review process.

The Commission considers all comments received about the project in determining the appropriate action to be taken. However, the filing of a comment alone will not serve to make the filer a party to the proceeding. To become a party, you must intervene in the proceeding. For instructions on how to intervene, see below.

Interventions

Any person, which includes individuals, organizations, businesses, municipalities, and other entities,⁷ has the option to file a motion to intervene in this proceeding. Only intervenors have the right to request rehearing of Commission orders issued in this proceeding and to subsequently

challenge the Commission's orders in the U.S. Circuit Courts of Appeal.

To intervene, you must submit a motion to intervene to the Commission in accordance with Rule 214 of the Commission's Rules of Practice and Procedure⁸ and the regulations under the NGA⁹ by the intervention deadline for the project, which is 5:00 p.m. Eastern Time on July 21, 2026. As described further in Rule 214, your motion to intervene must state, to the extent known, your position regarding the proceeding, as well as your interest in the proceeding. For an individual, this could include your status as a landowner, ratepayer, resident of an impacted community, or recreationist. You do not need to have property directly impacted by the project in order to intervene. For more information about motions to intervene, refer to the FERC website at <https://www.ferc.gov/resources/guides/how-to/intervene.asp>.

There are two ways to submit your motion to intervene. In both instances, please reference the Project docket number CP26-545-000 in your submission.

(1) You may file your motion to intervene by using the Commission's eFiling feature, which is located on the Commission's website (www.ferc.gov) under the link to Documents and Filings. New eFiling users must first create an account by clicking on "eRegister." You will be asked to select the type of filing you are making; first select "General" and then select "Intervention." The eFiling feature includes a document-less intervention option; for more information, visit <https://www.ferc.gov/docs-filing/efiling/document-less-intervention.pdf>; or

(2) You can file a paper copy of your motion to intervene, along with three copies, by mailing the documents to the address below. Your motion to intervene must reference the Project docket number CP26-545-000.

To file via USPS: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

To file via any other courier: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852.

The Commission encourages electronic filing of motions to intervene (option 1 above) and has eFiling staff available to assist you at (202) 502-8258 or FercOnlineSupport@ferc.gov.

Protests and motions to intervene must be served on the applicant either

³ 18 CFR 157.10(a)(4).

⁴ 18 CFR 385.211.

⁵ Persons include individuals, organizations, businesses, municipalities, and other entities. 18 CFR 385.102(d).

⁶ 18 CFR 385.2001.

⁷ 18 CFR 385.102(d).

⁸ 18 CFR 385.214.

⁹ 18 CFR 157.10.

by mail at: Jodi Wilson, Vice President and General Counsel, 1600, 333 7th Avenue SW, Calgary, AB Canada T2P 2Z1, or by email (with a link to the document) at jodi.wilson@steelreef.ca. Any subsequent submissions by an intervenor must be served on the applicant and all other parties to the proceeding. Contact information for parties can be downloaded from the service list at the eService link on FERC Online. Service can be via email with a link to the document.

All timely, unopposed¹⁰ motions to intervene are automatically granted by operation of Rule 214(c)(1).¹¹ Motions to intervene that are filed after the intervention deadline are untimely, and may be denied. Any late-filed motion to intervene must show good cause for being late and must explain why the time limitation should be waived and provide justification by reference to factors set forth in Rule 214(d) of the Commission's Rules and Regulations.¹² A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies (paper or electronic) of all documents filed by the applicant and by all other parties.

Tracking the Proceeding

Throughout the proceeding, additional information about the project will be available from OPP at (202) 502-6595 or on the FERC website at www.ferc.gov using the "eLibrary" link as described above. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. For more information and to register, go to www.ferc.gov/docs-filing/esubscription.asp.

Intervention Deadline: 5:00 p.m. Eastern Time on July 21, 2026.

(Authority: 18 CFR 2.1)

Combined Notice of Filings

Take notice that the Commission has received the following Natural Gas Pipeline Rate and Refund Report filings:

Filings Instituting Proceedings

Docket Numbers: RP26-974-000.

Applicants: Texas Eastern

Transmission, LP.

Description: § 4(d) Rate Filing: Update To Tariff Contact to be effective 8/7/2026.

Filed Date: 7/7/26.

Accession Number: 20260707-5113.

Comment Date: 5 p.m. ET 7/20/26.

Any person desiring to intervene, to protest, or to answer a complaint in any of the above proceedings must file in accordance with Rules 211, 214, or 206 of the Commission's Regulations (18 CFR 385.211, 385.214, or 385.206) on or before 5:00 p.m. Eastern time on the specified comment date. Protests may be considered, but intervention is necessary to become a party to the proceeding.

The filings are accessible in the Commission's eLibrary system (<https://elibrary.ferc.gov/idmws/search/fercgensearch.asp>) by querying the docket number.

eFiling is encouraged. More detailed information relating to filing requirements, interventions, protests, service, and qualifying facilities filings can be found at: <http://www.ferc.gov/docs-filing/efiling/filing-req.pdf>. For other information, call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, contact the Office of Public Participation at (202) 502-6595 or OPP@ferc.gov.

Dated: July 8, 2026.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP25-502-001]

Transcontinental Gas Pipe Line Company, LLC; Notice; Notice of Request of Extension of Time

Take notice that on June 25, 2026, Transcontinental Gas Pipe Line

Company, LLC (Transco) requested that the Commission grant an extension of time, until December 31, 2027, to complete the abandonment of certain offshore platforms, gathering and transmission laterals, and appurtenant facilities (South East Louisiana Area Abandonment Project or Project) located in federal waters offshore Louisiana as authorized in the Order Approving Abandonment (Order).¹ The Order required Transco to complete abandonment of the Project facilities within one year of the date of the Order, or by July 30, 2026.

Currently, Transco has completed the flushing and disconnection of pipeline segments 4757, 4759, 4760, 4761, 5099, 13446, and 15859. Additionally, Transco states pipeline segments 5784 and 5787 have been successfully pigged and isolated. However, Transco requires additional favorable seasonal windows to safely execute the cut at the Eugene Island Block 136 platform, as well as final subsea tube turn removals at the Eugene Island Block 158 platform in order to complete the physical abandonment of these facilities. Thus, Transco requests an extension of time to complete abandonment of the Project facilities until December 31, 2027.

This notice establishes a 15-calendar day intervention and comment period deadline. Any person wishing to comment on Transco's request for an extension of time may do so. No reply comments or answers will be considered. If you wish to obtain legal status by becoming a party to the proceedings for this request, you should, on or before the comment date stated below, file a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (NGA) (18 CFR 157.10).

As a matter of practice, the Commission itself generally acts on requests for extensions of time to complete construction for NGA facilities when such requests are contested before order issuance. For those extension requests that are contested,² the Commission will aim to issue an order acting on the request within 45 days.³ The Commission will address all arguments relating to whether the applicant has demonstrated there is

¹ *Transcontinental Gas Pipe Line Company, LLC*, 192 FERC ¶ 62,058 (2025).

² Contested proceedings are those where an intervenor disputes any material issue of the filing, 18 CFR 385.2201(c)(1).

³ *Algonquin Gas Transmission, LLC*, 170 FERC ¶ 61,144, at P 40 (2020).
