Abstract of Information Available

A total of four cultural items have been requested for repatriation. The four unassociated funerary objects are one gorget, one lot ochre, one lot bone, and one copper pendant.

The gorget was recovered from Old Linus Barber Farm on Fish Creek in the Town and County of Saratoga, New York. It was collected by avocational archaeologist Louis Follett (1901–1991) who donated most of his collection to Skidmore College in 1978.

The lots of ochre and bone come from the Stewart Site in the Town of Easton, Washington County, New York. The site was collected by William (Bill) Butz and subsequently investigated by Skidmore College from 1991–1993.

The copper pendant was collected by William (Bill) Butz in the Town of Easton, Washington County, New York, and donated to Skidmore College around 1992.

- There is a connection between the cultural items described in this notice and the Stockbridge Munsee Community, Wisconsin.
