Notice of Inventory Completion: University of Tennessee, Department of Anthropology, Knoxville, TN

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the University of Tennessee, Knoxville, Department of Anthropology (UTK) has completed an inventory of human remains and associated funerary objects and has determined that there is a cultural affiliation between the human remains and associated funerary objects and Indian Tribes or Native Hawaiian organizations in this notice.

DATES: Repatriation of the human remains and associated funerary objects in this notice may occur on or after August 14, 2026.

ADDRESSES: Send written requests for repatriation of the human remains and associated funerary objects in this notice to Dr. Ellen Lofaro, University of Tennessee, Office of Repatriation, 5723 Middlebrook Pike, Knoxville, TN 37996, email nagpra@utk.edu.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of UTK, and additional information on the determinations in this notice, including the results of consultation, can be found in its inventory or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

Human remains representing, at least, 12 individuals have been identified. The

two associated funerary objects are two lots of uncatalogued cultural materials. These individuals were removed from two locations in Cedar County, NE.

Human remains representing, at least, four individuals have been identified. The one associated funerary object is one lot of uncatalogued cultural materials. These individuals were removed from a location in Dixon County, NE.

UTK has no record of these human remains or objects being treated with potentially hazardous substances.

Cultural Affiliation

Based on the information available and the results of consultation, cultural affiliation is clearly identified by the information available about the human remains and associated funerary objects described in this notice.

Determinations

UTK has determined that:

- The human remains described in this notice represent the physical remains of 16 individuals of Native American ancestry.
- The three objects described in this notice are reasonably believed to have been placed intentionally with or near individual human remains at the time of death or later as part of the death rite or ceremony.
- There is a connection between the human remains and associated funerary objects described in this notice and the Pawnee Nation of Oklahoma and the Ponca Tribe of Nebraska.

Requests for Repatriation

Written requests for repatriation of the human remains and associated funerary objects in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.
2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or an Indian Tribe or Native Hawaiian organization with cultural affiliation.

Repatriation of the human remains and associated funerary objects described in this notice to a requestor may occur on or after August 14, 2026. If competing requests for repatriation are received, UTK must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains and associated funerary objects are considered a single request and not

competing requests. UTK is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice and any other consulting parties.

Authority: Native American Graves Protection and Repatriation Act, 25 U.S.C. 3003, and the implementing regulations, 43 CFR 10.10.

Notice of Inventory Completion: University of Wisconsin Oshkosh, Oshkosh, WI

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the University of Wisconsin Oshkosh (UWO) has completed an inventory of human remains and associated funerary objects and has determined that there is a cultural affiliation between the human remains and associated funerary objects and Indian Tribes or Native Hawaiian organizations in this notice.

DATES: Repatriation of the human remains and associated funerary objects in this notice may occur on or after August 14, 2026.

ADDRESSES: Send written requests for repatriation of the human remains and associated funerary objects in this notice to Adrienne Frie, University of Wisconsin Oshkosh, 800 Algoma Blvd., Oshkosh, WI 54901, email *friea@uwosh.edu*.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of UWO, and additional information on the determinations in this notice, including the results of consultation, can be found in the inventory or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

Based on the information available, human remains representing, at least, 34 individuals have been reasonably identified and were removed from the Furman Site (47-WN-0216), Winnebago County, WI. The site was investigated by Richard Peske in 1965 and 1966. Peske was an Anthropology graduate student at the University of Wisconsin-Madison and an Instructor of Anthropology at Wisconsin State College-Oshkosh (now University of Wisconsin Oshkosh [UWO]) from 1965 to 1966. Additionally, the late Richard (Dick) and Carol Mason, acting as avocational archaeologists, had a private collection from this site that was donated to UWO in 2018. The 114

associated funerary objects are two lots of bird bones; 10 lots of bivalve shells; two lots of bone artifacts; one lot bone awl; three lots of lithic debitage; one lot elk antler; eight lots of faunal remains; three lots of fish bones; one lot of floral remains; one missing lithic knife; two lots of large mammal antlers; one lot of large mammal bones and teeth; nine lots of lithics; two lots of soil matrix; one lot of medium mammal bones; four lots of medium/large mammal bones; one post-contact button; three lots of post-contact ceramics; one lot of post-contact metal; 11 lots of pre-contact ceramics; two lots of pre-contact metal; one lithic preform; five lots of projectile points; one lot missing of projectile points; one reconstructed shell-tempered pot; one lot of missing shell beads; 19 lots of shell-tempered pot sherds; one lot of missing shell-tempered pot sherds; one lot of small canid bones; three lots of small mammal bones; one lot of small mammal teeth; two lots of snail shells; one lot of textiles; one lot of unidentified groundstone objects; six lots of unidentified mammal bones; and one lot of unidentified mammal teeth. No known individuals were identified. UWO has no knowledge or record of any potentially hazardous substances used to treat the human remains or associated funerary objects.

Cultural Affiliation

Based on the information available and the results of consultation, cultural affiliation is reasonably identified by the geographical location of the human remains and associated funerary objects described in this notice.

Determinations

UWO has determined that:

- The human remains described in this notice represent the physical remains of 34 individuals of Native American ancestry.
- The 114 objects described in this notice are reasonably believed to have been placed intentionally with or near individual human remains at the time of death or later as part of the death rite or ceremony.

- There is a reasonable connection between the human remains and associated funerary objects described in this notice and the Assiniboine and Sioux Tribes of the Fort Peck Indian Reservation, Montana; Bad River Band of the Lake Superior Tribe of Chippewa Indians of the Bad River Reservation, Wisconsin; Bay Mills Indian Community, Michigan; Cheyenne River Sioux Tribe of the Cheyenne River Reservation, South Dakota; Chippewa Cree Indians of the Rocky Boy's Reservation, Montana; Citizen
