[Release No. 34–105883; File No. SR–NasdaqTX–2026–025]

Self-Regulatory Organizations; Nasdaq Texas, LLC; Notice of Filing of Amendment No. 1 and Order Granting Accelerated Approval of a Proposed Rule Change, as modified by Amendment No. 1, To Establish a Package of Complimentary Services

July 10, 2026.

I. Introduction

On May 14, 2026, Nasdaq Texas, LLC (the ''Exchange'') filed with the Securities and Exchange Commission (''Commission''), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (''Act'') [1] and Rule 19b–4 thereunder,[2] a proposed rule change to establish a package of complimentary products and services that will be offered to certain listings. The proposed rule change was published for comment in the **Federal Register** on May 29, 2026.[3] On June 30, 2026, the Exchange filed Amendment No. 1 to the proposed rule change, which replaced and superseded the original filing in its entirety.[4] The Commission has received no comment letters on the proposal. The Commission is publishing this notice and order to solicit comments on Amendment No. 1 from interested persons and to approve the proposed rule change, as modified by Amendment No. 1, on an accelerated basis.

II. Description of Proposed Rule Change, As Modified by Amendment No. 1

The Exchange recently became a venue for dually listing companies.[5] The Exchange now proposes adopting Rule 5950 to offer certain complimentary services from Nasdaq Corporate Solutions, LLC, an affiliate of the Exchange, to certain dually listed companies. Specifically, the Exchange proposes to offer all companies listed on the Exchange as of the date of approval of the proposed rule change and all companies that list on the Exchange on or before March 31, 2027, the ability to receive a new complimentary service for a one-year period.[6] Such eligible companies would receive a choice of one of the three following products or services.

The first offering is Monthly Stock Surveillance, which is a stock surveillance package, under which a dedicated analyst will, on a monthly basis, utilize a mosaic of public, subscription, and issuer-based data sources to monitor the daily movement and settlement activity of the company's stock to identify institutional buying and selling of the company's shares. This service has an approximate retail value of $33,500 per year.[7]

The second offered service is Select Global Targeting, which utilizes investor targeting specialists to help focus the company's investor relations efforts on appropriate investors, tailor messaging to their interests, and measure the company's impact on their holdings.[8] Additionally, an analyst team will develop a detailed plan aligning the targeting efforts with the company's long-term ownership strategy, including addressable risks and opportunities by
