Revisions were made to reduce burden and streamline information collection.

DATES: *Comments due* August 14, 2026.

SUPPLEMENTARY INFORMATION:

Description: The URM Program Application is completed on behalf of unaccompanied minors in the United States who are applying for entry into the URM Program. The application includes biographical data and information on the child’s needs to support placement efforts. The Withdrawal of URM Program Application or Declination of URM Program Placement Forms are completed when a child is no longer interested in entering the URM Program or is not interested in entering the

placement he/she was offered. These forms will be translated into Spanish, French, and other languages as appropriate. ACF acknowledges that English is the official language and authoritative version of all federal information and will note this on the translated material.

Proposed revisions include reducing the number of open-ended text box questions by 67 percent, changing the format of other questions to allow for quicker responses, cutting unnecessary questions, and revising instructions for enhanced clarity.

Respondents: Case managers, attorneys, or other representatives working with unaccompanied minors who may be eligible for the URM Program.

Annual Burden Estimates

The edits described above will result in a reduction in average burden hours per respondent by 33 percent. The estimated total number of respondents over the next 3 years is expected to be fewer than previously estimated. Overall, the estimated total annual burden hours will be reduced by 48 percent once revisions are implemented. Revisions will be implemented after a 12-month implementation timeframe; the following burden estimates are specific to the revised version following the implementation period.
