Food Safety and Inspection Service

Title: Procedures for the Notification of New Technology.

OMB Control Number: 0583–0127.

Summary of Collection: The Food Safety and Inspection Service (FSIS) has been delegated the authority to exercise

the functions of the Secretary (7 CFR 2.18 and 2.53), as specified in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, *et seq.*), the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451, *et seq.*), and the Egg Products Inspection Act (EPIA) (21 U.S.C. 1031, *et seq.*). These statutes mandate that FSIS protect the public by verifying that meat, poultry, and egg products are safe, wholesome, and properly labeled.

FSIS established flexible procedures to actively encourage the development and use of new technologies in meat and poultry establishments and egg products plants. These procedures facilitate notification to the Agency of any new technology that is intended for use in meat and poultry establishments and egg products plants so that the Agency can decide whether the new technology requires a pre-use review. A pre-use review often includes an in-plant trial.

Need and Use of the Information: FSIS will collect information to determine if a pre-use review is needed. If an in-plant trial is necessary, FSIS will request that the firm submit a protocol that is designed to collect relevant data to support the use of the new technology. To not collect this information would reduce the effectiveness of the meat, poultry, and egg products inspection program.

Description of Respondents: Business or other for-profit.

Number of Respondents: 210.

Frequency of Responses:

Recordkeeping; Reporting: on occasion.

Total Burden Hours: 12,800.

FSIS requires nutrition labeling of the major cuts of single-ingredients, raw meat and poultry products, unless an exemption applies. FSIS also requires nutrition labels on all ground or chopped meat and poultry products, with or without added seasonings, unless an exemption applies. Further, the nutrition labeling requirements for all ground or chopped
