

(F) *Subsection (e)(4)(G) and (H)*. These subsections are inapplicable to the extent exemption is claimed from subsections (d)(1) and (2).

(G) *Subsection (e)(4)(I)*. To the extent that this provision is construed to require more detailed disclosure about record sources than the broad, generic information currently published in the system notice, an exemption from this provision is necessary to protect the confidentiality of sources of information and to protect privacy and physical safety of witnesses and informants. Accordingly, application of exemption (j)(2) may be necessary.

(H) *Subsection (e)(5)*. It is often impossible to determine in advance if investigatory records contained in this system are accurate, relevant, timely and complete, but, in the interests of effective law enforcement, it is necessary to retain this information to maintain an accurate record of the investigatory activity to preserve the integrity of the investigation and satisfy various Constitutional and evidentiary requirements, such as mandatory disclosure of potentially exculpatory information in the investigative file to a defendant. It is also necessary to retain this information to aid in establishing patterns of activity and provide investigative leads. With the passage of time, seemingly irrelevant or untimely information may acquire new significance as further investigation brings new details to light and the accuracy of such information can only be determined through judicial processes. Accordingly, application of exemption (j)(2) may be necessary.

(I) *Subsection (e)(8)*. To serve notice could give persons sufficient warning to evade investigative efforts. Accordingly, application of exemption (j)(2) may be necessary.

(J) *Subsection (f)*. To the extent that portions of the system are exempt from the provisions of the Privacy Act concerning individual access and amendment of records, DoD is not required to establish rules concerning procedures and requirements relating to such provisions. Accordingly, application of exemptions (j)(2) may be necessary.

(K) *Subsection (g)*. This subsection is inapplicable to the extent that the system is exempt from other specific subsections of the Privacy Act to which the civil remedies provisions pertain.

(iv) *Exempt records from other systems*. In the course of carrying out the overall purpose for this system, exempt records from other systems of records may in turn become part of the records maintained in this system. To the extent that copies of exempt records

from those other systems of records are maintained in this system, the DoD claims the same exemptions for the records from those other systems that are entered into this system, as claimed for the prior system(s) of which they are a part, provided the reason for the exemption remains valid and necessary.
