

requirement, the CFTC is publishing notice of the proposed extension of the currently approved collection of information listed below. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

**Title:** Process for Review of Swaps for Mandatory Clearing (OMB Control No. 3038–0097). This is a request for an extension of a currently approved information collection.

**Abstract:** The Commodity Exchange Act and Commission regulations require a derivatives clearing organization (“DCO”) that wishes to accept a swap for clearing to be eligible to clear the swap and to submit the swap to the Commission for a determination as to whether the swap is required to be cleared. Commission regulation 39.5 sets forth the process for these submissions. The Commission will use the information in this collection to determine whether a DCO that wishes to accept a swap for clearing is eligible to clear the swap and whether the swap should be required to be cleared.

With respect to the collection of information, the CFTC invites comments on:

- Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have a practical use;
- The accuracy of the Commission’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Ways to enhance the quality, usefulness, and clarity of the information to be collected; and
- Ways to minimize the burden of collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology; *e.g.*, permitting electronic submission of responses.

**Burden Statement:** The respondent burden for this collection is estimated to be as follows:

**Respondents/Affected Entities:**

Derivatives clearing organizations.

**Estimated Number of Respondents:** 24.

**Estimated Average Burden Hours per Respondent:** 40 hours.

**Estimated Total Annual Burden Hours:** 960 hours.

**Frequency of Collection:** On occasion; a DCO is only required to make a one-time submission before it first accepts a swap for clearing.

There are no capital costs or operating and maintenance costs associated with this collection.
