

Museum of Anthropological Archaeology for analysis. Dating for the site is to the Mississippian 1000 AD–1450 AD, based on diagnostic artifacts.

The University of Michigan has no record of, nor do its officials have any knowledge of, any treatment of the associated funerary object with pesticides, preservatives, or other substances that represent a potential hazard to the collection or to persons handling the collection.

Cultural Affiliation

Based on the information available and the results of consultation, cultural affiliation is reasonably identified by the geographical location or acquisition history of the associated funerary object described in this notice.

Determinations

The University of Michigan has determined that:

- The one object described in this notice is reasonably believed to have been placed intentionally with or near individual Ancestral remains at the time of death or later as part of the death rite or ceremony.
- There is a connection between the associated funerary object described in this notice and the Caddo Nation of Oklahoma and the Wichita and Affiliated Tribes (Wichita, Keechi, Waco, & Tawakonie), Oklahoma.

Requests for Repatriation

Written requests for repatriation of the associated funerary object in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.
2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or an Indian Tribe or Native Hawaiian organization with cultural affiliation.

Repatriation of the associated funerary object described in this notice to a requestor may occur on or after September 2, 2026. If competing requests for repatriation are received, the University of Michigan must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the associated funerary object are considered a single request and not competing requests. The University of Michigan is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian

organizations identified in this notice and any other consulting parties.

Notice of Inventory Completion: Archaeological Survey of Idaho Western Repository, Idaho State Historical Society, Boise, ID

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the Archaeological Survey of Idaho Western Repository (ASI–WR) has completed an inventory of human remains and associated funerary objects and has determined that there is a cultural affiliation between the human remains and associated funerary objects and Indian Tribes or Native Hawaiian organizations in this notice.

DATES: Repatriation of the human remains and associated funerary objects in this notice may occur on or after September 2, 2026.

ADDRESSES: Send written requests for repatriation of the human remains and associated funerary objects in this notice to Shannon M. Vihlene, Deputy State Historic Preservation Officer, Archaeological Survey of Idaho, Idaho State Historic Preservation Office, 210 Main Street, Boise, ID 83702, email Shannon.vihlene@shpo.idaho.gov.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the ASI–WR, and additional information on the determinations in this notice, including the results of consultation, can be found in its inventory or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

Human remains representing at least, two individuals have been identified.

No associated funerary objects were definitively identified, but 368 items were collected in close proximity to the remains, including glass, stone, wood, metal, fabric, and ceramics. The individuals were identified in 2019 and exhumed by the Coeur d'Alene Police Department. The remains were then transferred to the ASI–WR.

Human remains representing, at least, one individual has been identified. No associated funerary objects were identified. The individual was identified during construction activities in 2019 in Coeur d'Alene, Kootenai County, Idaho. The remains were exhumed by the Coeur d'Alene Police Department and transferred to the ASI–WR.

Human remains representing, at least, one individual has been identified. No associated funerary objects are present. The remains were acquired by the ASI–WR in 2020 from St. Maries High School in Benewah County, Idaho. No information was available concerning how the high school originally obtained the remains. The school is within the exterior boundaries of the Coeur d'Alene Reservation.

Cultural Affiliation

Based on the information available and the results of consultation, cultural affiliation is reasonably identified by the geographical location or acquisition history of the human remains and associated funerary objects described in this notice.

Determinations

The ASI–WR has determined that:

- The human remains described in this notice represent the physical remains of four individuals of Native American ancestry.
- The 368 objects described in this notice are reasonably believed to have been placed intentionally with or near individual human remains at the time of death or later as part of the death rite or ceremony.
- There is a connection between the human remains and associated funerary objects described in this notice and the Coeur D'Alene Tribe.

Requests for Repatriation

Written requests for repatriation of the human remains and associated funerary objects in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.
2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization

not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or an Indian Tribe or Native Hawaiian organization with cultural affiliation.

Repatriation of the human remains and associated funerary objects described in this notice to a requestor may occur on or after September 2, 2026. If competing requests for repatriation are received, the ASI-WR must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains and associated funerary objects are considered a single request and not competing requests. The ASI-WR is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice.

Notice of Intended Repatriation: Stanford University, Stanford, CA

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), Stanford University intends to repatriate certain cultural items that meet the definition of unassociated funerary objects and that have a cultural affiliation with the Indian Tribes or Native Hawaiian organizations in this notice.

DATES: Repatriation of the cultural items in this notice may occur on or after September 2, 2026.

ADDRESSES: Send additional, written requests for repatriation of the cultural items in this notice to Laura Jones, Stanford University, 477 Oak Road, Stanford, CA 94305, email repatriation@stanford.edu.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the

sole responsibility of Stanford University, and additional information on the determinations in this notice, including the results of consultation, can be found in the summary or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

A total of 14 lots of objects have been requested for repatriation. The 14 lots of unassociated funerary objects are: four lithics from Richardson Bay; one lithic from Nicasio; one mortar from San Rafael; six lots of beads from site MRN-20/Strawberry Point; and two lots of bone implements (22), pendants (four), lithics (13), and flaked obsidian (21) from site MRN-20/Strawberry Point.

Strawberry Point in Marin County was excavated in 1950-51 by D.J. McGeein (Douglas McGeein) and W.C. Mueller, the objects were mailed to Professor Bert Gerow at Stanford at an unknown date. An article published in 1955 in *American Antiquity* noted the removal of several burials; Stanford does not hold the ancestral remains, it is currently unknown where the Ancestors were removed to. Stanford has no record of any material being treated with hazardous substances.

Determinations

Stanford University has determined that:

- The 14 lots of unassociated funerary objects described in this notice are reasonably believed to have been placed intentionally with or near human remains, and are connected, either at the time of death or later as part of the death rite or ceremony of a Native American culture according to the Native American traditional knowledge of a lineal descendant, Indian Tribe, or Native Hawaiian organization. The unassociated funerary objects have been identified by a preponderance of the evidence as related to human remains, specific individuals, or families, or removed from a specific burial site or burial area of an individual or individuals with cultural affiliation to an Indian Tribe or Native Hawaiian organization.

- There is a connection between the cultural items described in this notice and the Federated Indians of Graton Rancheria, California

Requests for Repatriation

Additional, written requests for repatriation of the cultural items in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by any

lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the cultural items in this notice to a requestor may occur on or after September 2, 2026. If competing requests for repatriation are received, Stanford University must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the cultural items are considered a single request and not competing requests. Stanford University is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice and to any other consulting parties.
